Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Scoping comments may be filed electronically via the Internet in lieu of

paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site, <http://www.ferc.gov>, under the "e-Filing" link.

The applicant estimates that the total average annual generation would be 7,886 megawatt-hours. All generated power is sold to Allegheny Power for use in the existing electric grid system serving West Virginia and Maryland. The project dam and reservoir are owned by the United States and operated by the National Park Service.

m. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. A copy is also available for inspection and reproduction at the address in item h above.

n. *Scoping Process:* The Commission staff intends to prepare a Multiple Project Environmental Assessment (MPEA) for the Dam No. 4 Hydro Station Project (FERC No. 2561-026) and the Dam No. 5 Hydro Station Project (FERC No. 2517-012) in accordance with the National Environmental Policy Act. The MPEA will consider both site-specific and cumulative environmental impacts and reasonable alternatives to the proposed action. The staff believes that combining both the projects into one environmental document would provide the best approach for analyzing potential cumulative environmental effects associated with both projects located relatively close to one another on the Potomac River.

Commission staff does not propose to conduct any on-site scoping meetings at this time. Instead, we will solicit comments, recommendations, information, and alternatives by issuing a Scoping Document (SD).

Copies of the SD outlining the subject areas to be addressed in the MPEA were distributed to the parties on the Commission's mailing list. Copies of the

SD may be viewed on the web at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call 1-866-208-3676 or for TTY, (202) 502-8659.

Secretary.
