

provide an MMAP authorization for all fishers who participate in an integrated Category I or II fishery, provided that the fisher holds a valid Federal fishing permit or license for the affected regulated fishery.

A fisher who participates in state and/or Federal fisheries not yet integrated with the MMAP registration system must continue to send in the registration form to NMFS.

Dated: December 16, 2002.

Rebecca Lent,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

DEPARTMENT OF ENERGY

National Nuclear Security Administration

Record of Decision for the Final Environmental Impact Statement for the Relocation of Technical Area 18 Capabilities and Materials at the Los Alamos National Laboratory

AGENCY: Department of Energy, National Nuclear Security Administration.

ACTION: Record of Decision.

SUMMARY: The Department of Energy's (DOE) National Nuclear Security Administration (NNSA) is issuing this Record of Decision on the proposed relocation of Technical Area 18 (TA-18) capabilities and materials at the Los Alamos National Laboratory in the State of New Mexico. This Record of Decision is based on the information and analysis contained in the TA-18 Relocation

Environmental Impact Statement (DOE/EIS-319), and other factors, such as programmatic and technical risk, construction requirements, and cost. NNSA has decided to implement the Preferred Alternative, which would relocate Security Category I/II missions and related materials to the Device Assembly Facility at the Nevada Test Site. This alternative includes facility modification and transportation of special nuclear materials and equipment required to support Security Category I/II missions. Regarding Security Category III/IV alternatives, NNSA has determined that additional studies are required and thus is not making a decision on this set of missions.

FOR FURTHER INFORMATION CONTACT: For further information on the TA-18 Relocation EIS or Record of Decision, or to receive a copy of the TA-18 Relocation EIS, contact: James J. Rose, Document Manager, National Nuclear Security Administration (NA-53), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585, (202) 586-5484. For information on the DOE National Environmental Policy Act (NEPA) process, contact: Carol M. Borgstrom, Director, Office of NEPA Policy and Compliance (EH-42), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585, (205) 586-4600, or leave a message at (800) 472-2756.

SUPPLEMENTARY INFORMATION:

Background

The DOE's NNSA prepared this Record of Decision pursuant to the regulations of the Council on Environmental Quality for implementing NEPA (40 CFR parts 1500-1508) and DOE's NEPA Implementing Procedures (10 CFR part 1021). This Record of Decision is based, in part, on DOE's TA-18 Relocation EIS (DOE/EIS-319).

NNSA is responsible for providing the Nation with nuclear weapons, ensuring the safety and reliability of those nuclear weapons, and supporting programs that reduce global proliferation. These missions are accomplished with a core team of highly trained nuclear experts. One of the major training facilities for those personnel is located at Technical Area 18 (TA-18) within the Los Alamos National Laboratory (LANL), Los Alamos, New Mexico. The operations at TA-18 enable DOE and other government personnel to gain knowledge and expertise in advanced nuclear technologies that support the following: (1) Nuclear materials
