

interviews, that measure both victimization from and perpetration of intimate partner violence (IPV). The scales will be administered to a random sample of women ages 18–50, from five racial/ethnic backgrounds: African-American, American Indian, Asian, Caucasian and Hispanic.

The four scales are: the Sexual Experiences Survey (SES), the Conflict

Tactics Scale 2 (CTS2), the Index of Spouse Abuse (ISA) and the Women’s Experience with Battering (WEB) scale. The survey instrument will contain each of these scales and introductory and transitional text developed specifically for this study.

The overall benefit of this project is to increase knowledge about the reliability and validity of these scales, which have

been used in previous studies. Ultimately, this knowledge will assist the CDC in establishing an on-going data collection system for monitoring IPV. The National Center for Injury Prevention and Control (NCIPC) intends to contract with an agency to conduct the survey. The estimated annualized burden is 2,035 hours.

Data collection instrument	Number of respondents	Number of responses/respondent	Average burden/respondent (in hours)
Pilot Test	50	1	42/60
Screening Interviews	12,000	1	3/60
IPV Measurement Scales	2,000	1	42/60

Dated: February 25, 2003.

Thomas Bartenfeld,

Acting Associate Director for Policy, Planning and Evaluation, Centers for Disease Control and Prevention.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance

Officer at (404) 498–1210. Send written comments to CDC, Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Project: Reader Evaluation of ATSDR Agency Profile and Annual Report—New—The Agency for Toxic Substances and Disease Registry (ATSDR) publishes an agency profile and annual report every fiscal year to highlight the agency’s major activities and findings. The report provides a record of the agency’s significant accomplishments in meeting its mandates under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, and other federal statutes. The annual report gives a snapshot of the agency’s activities for the fiscal year. It is distributed to our partners in state, Federal, and other agencies; to researchers; schools of public health; and other interested

groups. It is also available on the ATSDR Internet Web site and by request.

ATSDR staff has developed a reader survey to get readers’ opinions and suggestions about the agency annual report. The survey will be inserted and mailed with each annual report. An online version of the reader survey will be available on the ATSDR Web site. The survey will collect information on the readability and effectiveness of the report, the affiliation of the readers, and any suggestions on improving readability or content.

It is anticipated that the reader survey will provide important feedback that will enable ATSDR staff to better tailor future reports to the needs of its readers. Gathering reader feedback will ensure that appropriate information is included in the document to provide a good overview of the agency’s activities. The information will be used to improve customer satisfaction related to the annual report. The annualized estimated burden is 41 hours.

Respondents	Number of respondents	Number of responses/respondent	Avg. burden/response (in hours)
Academia	100	1	5/60
State and Local Government Staff	100	1	5/60
General Public	300	1	5/60

Dated: February 25, 2003.
