

interviews, that measure both victimization from and perpetration of intimate partner violence (IPV). The scales will be administered to a random sample of women ages 18–50, from five racial/ethnic backgrounds: African-American, American Indian, Asian, Caucasian and Hispanic.

The four scales are: the Sexual Experiences Survey (SES), the Conflict

Tactics Scale 2 (CTS2), the Index of Spouse Abuse (ISA) and the Women’s Experience with Battering (WEB) scale. The survey instrument will contain each of these scales and introductory and transitional text developed specifically for this study.

The overall benefit of this project is to increase knowledge about the reliability and validity of these scales, which have

been used in previous studies. Ultimately, this knowledge will assist the CDC in establishing an on-going data collection system for monitoring IPV. The National Center for Injury Prevention and Control (NCIPC) intends to contract with an agency to conduct the survey. The estimated annualized burden is 2,035 hours.

Data collection instrument	Number of respondents	Number of responses/respondent	Average burden/respondent (in hours)
Pilot Test	50	1	42/60
Screening Interviews	12,000	1	3/60
IPV Measurement Scales	2,000	1	42/60

Dated: February 25, 2003.

Thomas Bartenfeld,

Acting Associate Director for Policy, Planning and Evaluation, Centers for Disease Control and Prevention.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance

Officer at (404) 498–1210. Send written comments to CDC, Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Project: Reader Evaluation of ATSDR Agency Profile and Annual Report—New—The Agency for Toxic Substances and Disease Registry (ATSDR) publishes an agency profile and annual report every fiscal year to highlight the agency’s major activities and findings. The report provides a record of the agency’s significant accomplishments in meeting its mandates under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, and other federal statutes. The annual report gives a snapshot of the agency’s activities for the fiscal year. It is distributed to our partners in state, Federal, and other agencies; to researchers; schools of public health; and other interested

groups. It is also available on the ATSDR Internet Web site and by request.

ATSDR staff has developed a reader survey to get readers’ opinions and suggestions about the agency annual report. The survey will be inserted and mailed with each annual report. An online version of the reader survey will be available on the ATSDR Web site. The survey will collect information on the readability and effectiveness of the report, the affiliation of the readers, and any suggestions on improving readability or content.

It is anticipated that the reader survey will provide important feedback that will enable ATSDR staff to better tailor future reports to the needs of its readers. Gathering reader feedback will ensure that appropriate information is included in the document to provide a good overview of the agency’s activities. The information will be used to improve customer satisfaction related to the annual report. The annualized estimated burden is 41 hours.

Respondents	Number of respondents	Number of responses/respondent	Avg. burden/response (in hours)
Academia	100	1	5/60
State and Local Government Staff	100	1	5/60
General Public	300	1	5/60

Dated: February 25, 2003.

comments should be received within 30 days of this notice.

Proposed Project: National Vital Statistics Report Forms (OMB No. 0920-0213)—Extension—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

Background

The National Vital Statistics Report Forms (0920-0213) is an approved collection of the compilation of national vital statistics. This collection dates back to the beginning of the 20th century and has been conducted since 1960 by the Division of Vital Statistics of the National Center for Health

Statistics, CDC. The collection of the data is authorized by 42 U.S.C. 242k. The National Vital Statistics Report forms provide counts of monthly occurrences of births, deaths, infant deaths, marriages, and divorces. Similar data have been published since 1937 and are the sole source of these data at the national level. The data are used by the Department of Health and Human Services and by other government, academic, and private research and commercial organizations in tracking changes in trends of vital events.

Respondents for the Monthly Vital Statistics Report Form (CDC 64.146) are

registration officials in each State and Territory, the District of Columbia, and New York City. In addition, 60 local (county) officials in New Mexico who record marriages occurring and divorces and annulments granted in each county of New Mexico will use this Form. The data are routinely available in each reporting office as a by-product of ongoing activities. This form is designed to collect counts of monthly occurrences of births, deaths, infant deaths, marriages, and divorces immediately following the month of occurrence. There are no costs to respondents.

Respondents to the form: Monthly Vital Statistics Report (CDC 64.146)	Number of respondents	Number of responses/respondent	Avg. burden/response (in hours)
State and Territory registration officials	57	12	12/60
New Mexico County officials	60	12	6/60

The Annual Marriage and Divorce Statistical Report Form (CDC 64.147) collects final annual counts of marriages and divorces by month for the United States and for each State. The statistical counts requested on this form differ from provisional estimates obtained on the Monthly Vital Statistics Report Form in that they represent complete and final counts of marriages, divorces, and annulments occurring during the months of the prior year. These final counts are usually available from State

or county officials about eight months after the end of the data year. The data are widely used by government, academic, private research, and commercial organizations in tracking changes in trends of family formation and dissolution.

Respondents for the Annual Marriage and Divorce Statistical Report Form are registration officials in each State, the District of Columbia, New York City, Guam, Puerto Rico, Virgin Islands, Northern Marianas, and American Samoa. In addition, counts of marriages

will be collected from individual counties in New Mexico, and counts of divorces will be collected from individual counties in California, Colorado, Indiana, Louisiana, New Mexico, and the boroughs of New York City due to a lack of centralized complete collections in these registration areas. The data are routinely available in each reporting office as a by-product of ongoing activities. The total estimated annualized burden for this data collection is 410 hours.

Respondents	Number of respondents	Number of responses/respondent	Avg. burden/response (in hours)
State/Territory/City registration officials	56	1	30/60
County/Borough officials	348	1	30/60

Food and Drug Administration

[Docket No. 02D-0303]

Agency Information Collection Activities; Announcement of OMB Approval; Guidance for Industry on Formal Dispute Resolutions; Appeals Above the Division Level

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that a collection of information entitled "Guidance for Industry on Formal Dispute Resolutions; Appeals Above the

Division Level" has been approved by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995.

FOR FURTHER INFORMATION CONTACT: Karen L. Nelson, Office of Information Resources Management (HFA-250), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-1482.

SUPPLEMENTARY INFORMATION: In the **Federal Register** of October 16, 2002 (67 FR 63929), the agency announced that the proposed information collection had been submitted to OMB for review and clearance under 44 U.S.C. 3507. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control
