

engulfments and other hazards. A 1998 explosion which resulted in a number of deaths was contributed to by various violations of the Standard.

Many public commenters viewed the Grain Handling Facilities Standard as both needed and effective; no commenter indicated that the Standard should be rescinded. Both the National Grain and Feed Association (NGFA) representing grain elevator and mill owners, and the Food and Allied Services Trades Union (FAST), representing workers in those facilities, supported the retention of the Standard and cited the reduction of deaths and injuries as a reason for its retention.

There were a few comments recommending minor amendments to the Grain Handling Facilities Standard. OSHA responds to those comments in chapter V of the Regulatory Review document. In some cases, the comments reflect a misunderstanding which the Regulatory Review clarifies. In other cases, OSHA believes the existing provision is more protective based on the existing evidence. Several minor updates were suggested which OSHA believes may make the Standard clearer or simplify compliance. OSHA will add to the Standard a cross reference to the Marine Terminal Settlement and consider in the Standards Improvement Project III whether the Grain Handling Facilities Standard confined space provisions should replace generic confined space requirements that now apply in certain operations. As part of a project to update standards based on National Consensus Standards, OSHA will consider whether several fire protection provisions of the Grain Handling Facilities Standard need to be updated.

Signed in Washington, DC this 6th day of March, 2003.

John L. Henshaw,

Assistant Secretary of Labor.

BILLING CODE 4510-26-P

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

Benefits Payable in Terminated Single-Employer Plans; Allocation of Assets in Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: The Pension Benefit Guaranty Corporation's regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans prescribe interest assumptions for valuing and paying benefits under terminating single-employer plans. This final rule amends the regulations to adopt interest assumptions for plans with valuation dates in April 2003. Interest assumptions are also published on the PBGC's Web site (<http://www.pbgc.gov>).

EFFECTIVE DATE: April 1, 2003.

FOR FURTHER INFORMATION CONTACT:

Harold J. Ashner, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: The PBGC's regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Three sets of interest assumptions are prescribed: (1) a set for the valuation of benefits for allocation purposes under section 4044 (found in Appendix B to part 4044), (2) a set for the PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by the PBGC (found in Appendix B to part 4022), and (3) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC's historical methodology (found in Appendix C to part 4022).

Accordingly, this amendment (1) adds to Appendix B to part 4044 the interest assumptions for valuing benefits for allocation purposes in plans with valuation dates during April 2003, (2) adds to Appendix B to part 4022 the interest assumptions for the PBGC to use for its own lump-sum payments in plans with valuation dates during April 2003, and (3) adds to Appendix C to part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC's historical methodology for valuation dates during April 2003.

For valuation of benefits for allocation purposes, the interest assumptions that the PBGC will use (set forth in

Appendix B to part 4044) will be 4.90 percent for the first 20 years following the valuation date and 5.25 percent thereafter. These interest assumptions represent a decrease of 0.20 percent (from those in effect for March 2003) for the first 20 years following the valuation date and are otherwise unchanged.

The interest assumptions that the PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 3.50 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. These interest assumptions represent a decrease (from those in effect for March 2003) of 0.25 percent for the period during which a benefit is in pay status and are otherwise unchanged.

For private-sector payments, the interest assumptions (set forth in Appendix C to part 4022) will be the same as those used by the PBGC for determining and paying lump sums (set forth in Appendix B to part 4022).

The PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect, as accurately as possible, current market conditions.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during April 2003, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. *See* 5 U.S.C. 601(2).

List of Subjects

29 CFR Part 4022

Employee benefit plans, Pension insurance, Pensions, Reporting and recordkeeping requirements.

29 CFR Part 4044

Employee benefit plans, Pension insurance, Pensions.

In consideration of the foregoing, 29 CFR parts 4022 and 4044 are amended as follows:

PART 4022—BENEFITS PAYABLE IN TERMINATED SINGLE-EMPLOYER PLANS

Authority: 29 U.S.C. 1302, 1322, 1322b, 1341(c)(3)(D), and 1344.

table. (The introductory text of the table is omitted.)

1. The authority citation for part 4022 continues to read as follows:

2. In appendix B to part 4022, Rate Set 114, as set forth below, is added to the

Appendix B to Part 4022—Lump Sum Interest Rates For PBGC Payments

* * * * *

| Rate set | For plans with a valuation date | | Immediate annuity rate (percent) | Deferred annuities (percent) | | | | |

BILLING CODE 7708-01-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD01-01-187]

RIN 2115-AA00, AA11

Regulated Navigation Area, Safety and Security Zones; Long Island Sound Marine Inspection and Captain of the Port Zone

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule; change in effective period.

SUMMARY: The Coast Guard is extending the effective period of a regulated navigation area (RNA) and certain safety and security zones published January 4, 2002. This change will extend the effective period of the temporary final rule through August 15, 2003, allowing adequate time for informal rulemaking to develop a permanent rule. This rule will continue to regulate the conditions under which certain vessels may enter, transit or operate within the regulated navigation area and will exclude all vessels from operating within 700 yards of the Millstone Nuclear Power Plant or 100 yards of anchored Coast Guard vessels.
