SUPPLEMENTARY INFORMATION:

Title: Rural Housing Loans.

OMB Number: 0575-0078.

Expiration Date of Approval: September 30, 2003.

Type of Request: Extension of a currently approved information collection.

Abstract: The Rural Housing Service (RHS) is authorized under Section 517 (d) of Title V of the Housing Act of 1949, as amended, to issue loan guarantees for the acquisition of new or existing dwellings and related facilities to provide decent, safe, and sanitary living conditions and other structures in rural areas by eligible recipients.

The Act also authorizes the Secretary to pay the holder of a guaranteed loan the difference between the rate of interest paid by the borrower and the market rate of interest.

The purpose of the program is to assist low and moderate income individuals and families acquire or construct a single family residence in a rural area with loans made by private lenders. Eligibility for this program includes low and moderate income families or persons whose income does not exceed 115 percent of the median income for the area, as determined by the Secretary.

The Guaranteed Rural Housing (GRH) program was authorized under the Cranston-Gonzalez National Affordable Housing Act, and the Agency issued a final rule implementing the GRH program on April 17, 1991, before departmental reorganization. The program began as a pilot program in 20 States on May 17, 1991. In 1992, the GRH program was offered on a nationwide basis. During the implementation process, the Agency looked for ways to improve the program and make it more user friendly.

The Agency recognized the need to make its program even more compatible with the existing structure of the mortgage lending community. On May 22, 1995, the Agency published a final rule incorporating the needed changes to encourage greater participation by lenders and the secondary market for mortgage loans.

The information requested by the Agency includes borrower financial

information such as household income, assets and liabilities, and monthly expenses. All information collected is vital for the Agency to determine if borrowers qualify for and assure they receive all assistance for which they are eligible. Information requested on lenders is required to ensure lenders are eligible to participate in the GRH program. Lender requirements are in compliance with OMB Circular A-129.

Foreign-Trade Zones Board

[Docket 17-2003]

Foreign-Trade Zone 193—Pinellas County, FL, Expansion of Manufacturing Authority-Subzone 193A, Cardinal Health 409, Inc. (Gelatin Capsules/Pharmaceutical Products); Pinellas County, FL

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Pinellas County Board of County Commissioners, grantee of FTZ 193, requesting to expand the scope of manufacturing authority under zone procedures within Subzone 193A, at the Cardinal Health 409, Inc. (formerly R.P. Scherer Corporation) facilities in the St. Petersburg/Clearwater area (Pinellas County), Florida. It was formally filed on March 27, 2003.

Subzone 193A was approved by the Board in 2000 at 4 sites (42.1 acres) in the St. Petersburg/Clearwater area (Pinellas County), with authority granted for the manufacture of soft gelatin capsules and certain pharmaceutical products (Board Order 1117, 65 FR 54196, 9/7/2000).

Subzone 193A (754 employees) is currently requesting to expand the scope of authority for manufacturing activity conducted under FTZ procedures to include the manufacture of a new anti-AIDS drug, using foreign and domestic ingredients. The foreign ingredient is classified under HTSUS 2935.00.4800 and has a 7.4% duty rate. The finished product is classified under HTSUS 3004.70.9010 and is duty-free. Cardinal will be finishing and

encapsulating the finished drug under contract for a pharmaceutical company, which would then use the drug in clinical trials.

Zone procedures would exempt Cardinal from Customs duty payments on foreign materials used in production for export. On domestic shipments, the company would be able to defer Customs duty payments on foreign materials, and to choose the duty rate that applies to finished products (duty-free) instead of the rate otherwise applicable to the foreign input material (7.4%). The application indicates that the savings from zone procedures would help improve Cardinal's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions Via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. *Submissions Via the U.S. Postal Service:* Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is May 30, 2003. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to April 30, 2003).

A copy of the request will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above.

Dated: April 8, 2003.

Dennis Puccinelli,

Executive Secretary.
