

requirements, Report and Order, 67 FR 5670 (February 6, 2002), delayed at 67 FR 20052 (April 24, 2003). The Commission deferred the implementation of these four accounting and reporting requirement rule modifications in order to allow the Federal-State Joint Conference on Accounting Issues time to consider these and other accounting issues in formulating their recommendations to the Commission. These accounting and reporting rule changes are as follows: (1) The consolidation of Accounts 6621 through 6623 into Account 6620, with subaccounts for wholesale and retail; (2) the consolidation of Account 5230, Directory revenue, into Account 5200, Miscellaneous revenue; (3) the consolidation of the depreciation and amortization expense accounts (Accounts 6561 through 6565) into Account 6562, Depreciation and amortization expenses; and (4) the revised "Loop Sheath Kilometers" data collection in Table II of ARMIS Report 43-07.

The Commission extends from July 1, 2003 to January 1, 2004, the current suspension of the implementation of these four accounting and reporting requirement rule modifications. The Commission extends the suspension in order to avoid undue burdens associated with implementation of mid-year accounting and reporting requirement changes on the affected carriers, the Commission, and state regulatory commissions and to allow the Federal-State Joint Conference on Accounting Issues more time to formulate its recommendations to the Commission.
