Draft Environmental Assessment on Management of Mute Swans in the Atlantic Flyway

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: This notice advises the public that a Draft Environmental Assessment on the Management of Mute Swans in the Atlantic Flyway is available for public review. Comments and suggestions are requested.

DATES: You must submit comments on the Draft Environmental Assessment by July 16, 2003.

ADDRESSES: Copies of the Draft Environmental Assessment (DEA) can be obtained by writing to U.S. Fish and Wildlife Service, Division of Migratory Bird Management, 4401 North Fairfax Drive, Mail Stop MBSP–4107, Arlington, VA 22203. The DEA may also

be viewed on the Fish and Wildlife Service home page at <http://migratorybirds.fws.gov>. Written comments can be sent to the address above, or emailed to MuteSwanEA@fws.gov. All comments must include the name and full mailing address of the person submitting the comments. All comments received, including names and addresses, will become part of the public record. You may inspect comments during normal business hours at the address above.

FOR FURTHER INFORMATION CONTACT: John L. Trapp, (703) 358–1965.

SUPPLEMENTARY INFORMATION: The purpose of the DEA is to determine how to respond to applications for permits to take mute swans (*Cygnus olor*) under authority of the Migratory Bird Treaty Act for the purpose of minimizing the environmental damage that they can cause. The DEA (1) reviews the history, population status, and trends of mute swans in the Atlantic Flyway; (2) summarizes the history of mute swan population management; (3) assesses the effects of mute swans on wetland habitats, native species of fish and wildlife, and human interests; and (4) evaluates the need for continuing management of mute swans in the Atlantic Flyway to minimize environmental damage. Four alternatives, including the proposed action, are considered.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App. I), this notice announces a meeting of the Aquatic Nuisance Species Task Force Great Lakes Panel. The Task Force was established by the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990.

The Great Lakes Panel, comprised of representatives from federal, State, and local agencies and from private environmental and commercial interests, performs the following activities:

(a) Identifies priorities for the Great Lakes Region with respect to aquatic nuisance species;

(b) Makes recommendations to the Task Force regarding programs to carry out zebra mussel programs;

(c) Assists the Task Force in coordinating Federal aquatic nuisance species program activities in the Great Lakes region;

(d) Coordinates, where possible, aquatic nuisance species program activities in the Great Lakes region that are not conducted pursuant to the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 (as amended, 1996);

(e) Provides advice to public and private individuals and entities concerning methods of controlling aquatic nuisance species; and

(f) Submits an annual report describing activities within the Great Lakes region related to aquatic nuisance species prevention, research, and control.

Topics to be addressed at the panel meeting include: An update on panel products and activities; updates on national issues such as the ANS Task Force, the National Invasive Species Council, and the National Aquatic Invasive Species Act; an update on the development of ballast water standards; an update on the dispersal barrier project and related concerns on nonindigenous fish invasions; a discussion on the expansion of Ruffe into Lake Michigan; a discussion on the Panel priorities in areas of information, education, research coordination, and policy and legislation; and updates from the Information/Education Committee, the Research Coordination Committee, and the Policy and Legislation Committee. The agenda for the Rapid Response Workshop includes: an overview of the need for early warning and rapid response to new invasive species in the United States; an overview of ANS Task Force and Federal perspectives on ANS Rapid response; an overview of the multi-jurisdictional experience in coordinating responses to chemical spills as a model for ANS rapid response; an overview on the role of monitoring for early detection; discussions during breakout sessions on communication, public outreach, detection and monitoring, decision support and scientific assessment, management options, implementation, and adaptive management as components of a rapid response plan; and an overview of the operational challenges associated with developing and implementing a rapid response plan.

Minutes of the meeting will be maintained by the Executive Secretary, Aquatic Nuisance Species Task Force, Suite 810, 4401 North Fairfax Drive, Arlington, Virginia 22203-1622, and will be available for public inspection during regular business hours, Monday through Friday.

Dated: June 13, 2003.
