

Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

FOR FURTHER INFORMATION CONTACT:

Kathy Randolph, Air Traffic Division, Airspace Branch, ACE-520C, DOT Municipal Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2525.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR 71 modifies the Class E airspace area extending upward from 700 feet above the surface of the earth at Clarion, IA. An examination of controlled airspace required for Clarion Municipal Airport reveals it does not meet the criteria for 700 AGL airspace required for diverse departures as specified in FAA Order 7400.2E, Procedures for Handling Airspace Matters. The criteria in FAA Order 7400.2E for an airspace to reach 1200 feet AGL is based on a standard climb gradient of 200 feet per mile plus the distance from the Airport Reference Point (ARP) to the end of the outermost runway. Any fractional part of a mile is converted to the next higher tenth of a mile. This amendment also modifies the extension to the Clarion, IA Class E airspace area by defining it with the 308° bearing from the Clarion nondirectional radio beacon (NDB) versus the current 310° bearing. This amendment brings the legal description of the Clarion, IA Class E airspace area into compliance with FAA Order 7400.2E. This area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal**

Register indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2003-15726/Airspace Docket No. 03-ACE-68." The postcard will be date/time stamped and returned to the commenter.

Agency Findings

The regulations adopted will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ Accordingly, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389

§71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE IA E5 Clarion, IA

Clarion Municipal Airport, IA
(Lat. 42°44'31" N., long. 93°45'32" W.)
Clarion NDB
(Lat. 42°44'45" N., long. 93°45'32" W.)

That airspace extending upward from 700 feet above the surface within a 6.3-mile radius of Clarion Municipal Airport and within 2.6 miles each side of the 308° bearing from the Clarion NDB extending from the 6.3-mile radius to 7.4 miles northwest of the airport.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2003-15725; Airspace Docket No. 03-ACE-67]

Modification of Class E Airspace; Chariton, IA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action modifies the Class E airspace area at Chariton, IA. A review of controlled airspace for Chariton Municipal Airport indicates it does not comply with the criteria for 700 feet Above Ground Level (AGL) airspace required for diverse departures as specified in FAA Order 7400.2E. A discrepancy in the airspace extension was also detected. The area is modified and enlarged to conform to the criteria in FAA Order 7400.2E.

DATES: This direct final rule is effective on 0901 UTC, December 25, 2003. Comments for inclusion in the Rules Docket must be received on or before October 5, 2003.

ADDRESSES: Send comments on this rule to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2003-15725/Airspace Docket No. 03-ACE-67, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the rule, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

FOR FURTHER INFORMATION CONTACT: Kathy Randolph, Air Traffic Division, Airspace Branch, ACE-520C, DOT Municipal Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2525.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR 71 modifies the Class E airspace area extending upward from 700 feet above the surface of the earth at Chariton, IA. An examination of controlled airspace for Chariton Municipal Airport reveals it does not meet the criteria for 700 AGL airspace required for diverse departures as specified in FAA Order 7400.2E, Procedures for Handling Airspace Matters. The criteria in FAA Order 7400.2E for an aircraft to reach 1200 feet AGL is based on a standard climb gradient of 200 feet per mile plus the distance from the Airport Reference Point (ARP) to the end of the outermost runway. Any fractional part of a mile is converted to the next higher tenth of a mile. This amendment also modifies the extension to the Chariton, IA Class E airspace area by defining it with the 348° bearing from the Chariton nondirectional radio beacon (NDB)

versus the current 350° bearing. This amendment brings the legal description of the Chariton, IA Class E airspace area into compliance with FAA Order 7400.2E. This area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in **Federal Register** and a notice of proposed remaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this remaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Comments wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2003-15725/Airspace

Docket No. 03-ACE-67." The postcard will be date/time stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. 14 CFR Part 71

[Docket No. FAA-2003-15454; Airspace Docket No. 03-ACE-52]

Modification of Class E Airspace; Wichita Mid-Continent Airport, KS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments; correction.

SUMMARY: This action corrects a direct final rule; request for comments that was published in the **Federal Register** on Tuesday, July 15, 2003, (68 FR 41691) [FR Doc. 03-17766]. It corrects an error in the McConnell Air Force Base (AFB) airport reference point.
DATES: This direct final rule is effective on 0901 UTC, October 30, 2003.

FOR FURTHER INFORMATION CONTACT: Kathy Randolph, Air Traffic Division, Airspace Branch, ACE-520C, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2525.

SUPPLEMENTARY INFORMATION:

History

Federal Register Document 03-17766, published on Tuesday, July 15, 2003, (68 FR 41691) modified Class E airspace at Wichita Mid-Continent Airport, KS. The modification was to provide the appropriate Class E airspace to protect aircraft executing newly developed instrument approach procedures at Cessna Aircraft Field, Wichita, KS, to correct discrepancies in the Wichita Mid-Continent Airport, KS Class E airspace area and to bring the legal description into compliance with FAA Order 7400.2E, Procedures for Handling Airspace Matters. This Class E airspace area is defined, in part, by the

McConnell AFB airport reference point. On August 4, 2003, a revised McConnell AFB airport reference point was published. This correction incorporates the revised McConnell AFB airport reference point into the Wichita Mid-Continent Airport, KS Class E airspace area and its legal description.

■ Accordingly, pursuant to the authority delegated to me, the Wichita Mid-Continent Airport, KS Class E airspace, as published in the **Federal Register** on Tuesday, July 15, 2003, (68 FR 41691), [FR Doc. 03-17766] is corrected as follows:

§71.1 [Corrected]

■ On page 41692, Column 2, paragraph headed "ACE KS E5 Wichita Mid-Continent Airport, KS," sixth and seventh lines, change:

"Wichita McConnell Air Force Base, KS (Lat. 37°37'33" N., long. 97°16'03" W.)" to read "miles south of the airport."

"Wichita McConnell Air Force Base, KS (Lat. 37°37'23" N., long. 97°16'24" W.)"

Issued in Kansas City, MO, on August 11, 2003.

Herman J. Lyons, Jr.

Manager, Air Traffic Division, Central Region.

14 CFR Part 71

[Docket No. FAA-2003-15299; Airspace Docket No. 03-AWP-9]

Modification of Class E Airspace; Window Rock, AZ

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: This confirms the effective date of the direct final rule that modifies Class E airspace at Window Rock, AZ.

EFFECTIVE DATE: 0901 UTC, September 4, 2003.

FOR FURTHER INFORMATION CONTACT: Jeri Carson, Air Traffic Division, Airspace Branch, AWP-520, Federal Aviation Administration, 15000 Aviation Boulevard, Lawndale, California 90261, telephone (310) 725-6611.

SUPPLEMENTARY INFORMATION: The FAA published a direct final rule with request for comments (FR Document 03-15526) in the **Federal Register** on June 19, 2003 (68 FR 36743). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will

be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on September 4, 2003. No adverse comments were received, and thus this action confirms that the direct final rule will be effective on that date.

Issued in Los Angeles, California.

John Clancy,

Manager, Air Traffic Division, Western-Pacific Region.

BILLING CODE 4910-13-M

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

14 CFR Part 1260

RIN 2700-AC77

NASA Grant and Cooperative Agreement Handbook—Financial Reporting

AGENCY: National Aeronautics and Space Administration

ACTION: Final rule.

SUMMARY: This final rule amends the NASA Grant and Cooperative Agreement Handbook by updating the requirement for submission of quarterly Federal Cash Transactions Reports (Standard Form (SF) 272s) to reflect the existing practice of submitting these reports electronically, and clarifying the circumstances under which NASA may suspend or terminate grantee advance payments. The intended effect of this change is to formalize a process change (electronic submission of quarterly financial reports) and to ensure that NASA takes corrective action in a timely and coordinated fashion when grantee financial reports are late.

EFFECTIVE DATE: August 21, 2003.

FOR FURTHER INFORMATION CONTACT: Rita Svarcas, NASA Headquarters, Code HK, Washington DC, (202) 358-0464, e-mail: Rita.Svarcas@nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

This change amends the NASA Grant and Cooperative Agreement Handbook to reflect NASA's implementation of the Department of Health and Human Services' Payment Management System (DHHS/PMS), including electronic submission of grantees' quarterly Federal Cash Transactions Reports (SF 272s). The changes also clarify NASA's
