Abstract: Educational institutions and job establishments use VA Form 22-1999 to report information concerning the enrollment or reenrollment into training of veterans, service persons, reservists, and other eligible persons. VA is authorized to make payments in advance if the trainee requests an advance payment. In certain instances, VA is authorized to make a lump sum payment of a claimant's tuition and fees if the trainee requests an accelerated payment. The form serves as the trainee's request for an advance or accelerated payments as well as the educational institutions report to the trainee's enrollment. The information collected on the form is used to determine the amount of educational benefits payable to the trainee during the period of enrollment or training. Without the information, VA would not have a basis upon which to make payment.

Most customer satisfaction surveys will be recurring so that VBA can create ongoing measures of performance and to determine how well the agency meets customer service standards. Each collection of information will consist of the minimum amount of information necessary to determine customer needs and to evaluate VBA's performance. VBA expects to conduct an estimated 100 focus groups and receive up to 80,000 comment cards involving a total of 6,640 hours each year for 2004, 2005, and 2006. In addition, VBA expects to distribute written surveys with a total annual burden of approximately 16,052 hours in 2004, 16,382 hours in 2005, and 16,382 hours in 2005. The grand totals for both focus groups, comment cards, and written surveys are: 22,692 hours in 2004, 23,022 hours in 2005, and 23,022 hours in 2006.

Anyone may view the results of previously administered surveys on the internet by going to the following VBA surveys Web site: <http://www.vba.va.gov/surveys/>.

The areas of concern to VBA and its customers may change over time, and it is important to have the ability to evaluate customer concerns quickly. OMB will be requested to grant generic clearance approval for a 3-year period to conduct customer satisfaction surveys, focus groups and to send out comment cards. Participation in the surveys, focus groups, and comment cards will be voluntary and the generic clearance will not be used to collect information required to obtain or maintain eligibility for a VA program or benefit. In order to maximize the voluntary response rates, the information collection will be designed to make participation convenient, simple, and free of unnecessary barriers. Baseline data obtained through these information collections will be used to improve customer service standards. VBA will consult with OMB regarding each specific information collection during this approval period.

Dated: August 15, 2003.
