**SUPPLEMENTARY INFORMATION:** The Santa Rosa and San Jacinto Mountains National Monument was established by act of Congress and signed into law on October 24, 2000. The National Monument was established in order to preserve the nationally significant biological, cultural, recreational, geological, educational and scientific values found in the Santa Rosa and San Jacinto Mountains. This legislation established the first monument to be jointly managed by the Bureau of Land Management (BLM) and the U.S. Forest Service (USFS). The Santa Rosa and San Jacinto Mountains National Monument Act of 2000 affects only Federal lands and Federal interests located within the established boundaries.

The 272,000 acre Monument encompasses 86,400 acres of Bureau of Land Management lands, 64,400 acres of Forest Service lands, 23,000 acres of Agua Caliente Band of Cahuilla Indians lands, 8,500 acres of California Department of Parks and Recreation lands, 35,800 acres of other State of California agencies lands, and 53,900 acres of private land. The BLM and the Forest Service jointly manage Federal lands in the National Monument in coordination with the Agua Caliente Band of Cahuilla Indians, other federal agencies, state agencies and local governments.

On October 24, 2003 the Proposed Management Plan and Final Environmental Impact Statement for the National Monument was released to the public. The Record of Decision for the Final Environmental Impact Statement is expected to be signed in January 2004.
