

whether certain ductile iron waterworks fittings from China are being imported into the United States in such increased quantities or under such conditions as to cause market disruption to the domestic producers of like or directly competitive products. The petition also alleged under section 421(i)(1)(A) of the Act, that critical circumstances exist with respect to imports of the subject product from China, and on October 20, 2003, the Commission made a negative determination^{5 6} with respect to whether delay in taking action under this section would cause damage to the relevant domestic industry which would be difficult to repair (68 FR 61013, October 24, 2003).

Notice of the institution of the Commission's investigation and of the scheduling of a public hearing to be held in connection therewith was given by posting a copy of the notice on the Commission's Web site (<http://www.usitc.gov>) and by publishing the notice in the **Federal Register** of September 15, 2003 (68 FR 54010). The hearing was held on November 6, 2003, in Washington, DC; all persons who requested the opportunity were permitted to appear in person or by counsel.

By order of the Commission.

Issued: December 8, 2003.
