

establishing the following revised weighted-average dumping margins:

Company	Amended final determination 10/01/98–03/31/99
Jilin Henghe Pharmaceutical Co.	1.27 percent (<i>de minimis</i>).
Shandong Xinhua Pharmaceutical Co., Ltd.	6.42 percent.

The “PRC-wide Rate” was not affected by the *Final Results of Redetermination* and remains at 144.02 percent as determined in the LTFV *Final Determination*.

The Department will issue appraisal instructions directly to U.S. Customs and Border Protection (“CBP”). The Department will instruct CBP to liquidate entries from Jilin, without regard to antidumping duties, because Jilin is excluded from the antidumping duty order, effective September 30, 2002, the date on which the Department published a notice of the Court decision (*see Bulk Aspirin from the People’s Republic of China: Notice of Court Decision and Suspension of Liquidation*, 67 FR 61315 (September 30, 2002)).

This notice is issued and published in accordance with section 751(a)(1) of the Act.

Dated: December 19, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.

Fresh Garlic from the People’s Republic of China: Final Results of Antidumping Duty New Shipper Review for Xiangcheng Yisheng Foodstuffs Co., Ltd.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Antidumping Duty New Shipper Review for Xiangcheng Yisheng Foodstuffs Co., Ltd.

SUMMARY: On September 26, 2003, the Department of Commerce published the preliminary results of the new shipper review of the antidumping duty order on fresh garlic from the People’s Republic of China. The period of review is November 1, 2001, through October 31, 2002. The new shipper review

initially covered three producers/exporters of subject merchandise. The Department issued a separate notice of preliminary results of the new shipper review for Xiangcheng Yisheng Foodstuffs Co., Ltd. (“Yisheng”). Accordingly, this notice pertains solely to the final results of review for Yisheng. The notice of final results of the review applicable to the other two producers/exporters is due April 8, 2004.

We invited interested parties to comment on our preliminary results. Based on our analysis of the comments received, we have made no changes to our preliminary determination that, based on the use of adverse facts available, the respondent sold subject merchandise to the United States at prices below normal value. The final dumping margin for Yisheng is listed in the “Final Results of Review” section below.

EFFECTIVE DATE: December 30, 2003.

FOR FURTHER INFORMATION CONTACT: Jeffrey Frank or Minoo Hatten, Office of AD/CVD Enforcement 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Room 4203, Washington, DC 20230; telephone (202) 482–0090 or (202) 482–1690, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by this antidumping duty order are all grades of garlic, whole or separated into constituent cloves, whether or not peeled, fresh, chilled, frozen, provisionally preserved, or packed in water or other neutral substance, but not prepared or preserved by the addition of other ingredients or heat processing. The differences between grades are based on color, size, sheathing, and level of decay.

The scope of this order does not include the following: (a) garlic that has been mechanically harvested and that is primarily, but not exclusively, destined for non-fresh use; or (b) garlic that has been specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed.

The subject merchandise is used principally as a food product and for seasoning. The subject garlic is currently classifiable under subheadings 0703.20.0010, 0703.20.0020, 0703.20.0090, 0710.80.7060, 0710.80.9750, 0711.90.6000, and 2005.90.9700 of the *Harmonized Tariff Schedule of the United States* (“HTSUS”). Although the HTSUS subheadings are provided for

convenience and customs purposes, our written description of the scope of this order is dispositive. In order to be excluded from the antidumping duty order, garlic entered under the HTSUS subheadings listed above that is (1) mechanically harvested and primarily, but not exclusively, destined for non-fresh use or (2) specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed must be accompanied by declarations to U.S. Customs and Border Protection (“Customs”) to that effect.

Background

The Department of Commerce (“Department”) is conducting this review of Yisheng in accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as amended (“the Act”). On September 26, 2003, the Department published the preliminary results of the new shipper review of the antidumping duty order on fresh garlic from the People’s Republic of China with respect to Yisheng. See *Fresh Garlic from the People’s Republic of China: Preliminary Results of Antidumping Duty New Shipper Review for Xiangcheng Yisheng Foodstuffs Co., Ltd.*, 68 FR 55583 (“*Preliminary Results*”). We invited parties to comment on that *Preliminary Results*. We received comments from Yisheng and rebuttal comments from the petitioners, the Fresh Garlic Producers Association¹ and its individual members. On November 5, 2003, we held a hearing during which the parties presented their comments.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to the new shipper review are addressed in the “Issues and Decision Memorandum for Final Results of the New Shipper Review of the Antidumping Duty Order of Fresh Garlic from the People’s Republic of China” from Jeff May to James J. Jochum (December 22, 2003) (“*Decision Memo*”), which is hereby adopted by this notice. A list of the issues which parties raised and to which we respond in the *Decision Memo* is attached to this notice as an Appendix. The *Decision Memo* is a public document and is on file in the Central Records Unit, Main Commerce Building, Room B-099, and is accessible on the Web at www.ia.ita.doc.gov.

Separate Rates

In the *Preliminary Results*, the Department established that Yisheng is

¹ The members of the Fresh Garlic Producers Association are Christopher Ranch LLC, Farm Gate LLC, The Garlic Company, Spice World, Inc., and Vessey and Company, Inc.

sufficiently independent in its export activities from government control to be entitled to a separate, company-specific rate. See *Preliminary Results*, 68 FR at 55584. We have not received any information since the issuance of the *Preliminary Results* that provides a basis for reconsideration of this determination.

Use of Adverse Facts Available

In the *Preliminary Results*, the Department assigned Yisheng the rate of 376.67 percent based on the use of adverse facts available. See *Preliminary Results*, 68 FR at 55586. The Department has considered the issues raised by Yisheng and the petitioners and has addressed them in the Decision Memo. Based on its analysis of the parties' comments and for the reasons outlined in the *Preliminary Results*, the Department has not changed its determination with respect to the application of adverse facts available to subject merchandise exported by Yisheng. In summary, Yisheng withheld information requested by the Department, failed to provide requested information in a timely manner, significantly impeded the proceeding within the meaning of section 776(a)(2) of the Act, and did not act to the best of its ability to comply with the Department's request for information. Thus, for the final results of review, the Department has determined that it is appropriate to base Yisheng's antidumping margin on adverse facts available.

Final Results of Review

As a result of the application of adverse facts available, we find that a dumping margin of 376.67 percent exists for the period November 1, 2001, through October 31, 2002, on Yisheng's shipments of fresh garlic from the PRC.

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. We will issue appropriate assessment instructions directly to Customs within 15 days of publication of these final results of review.

Cash-Deposit Requirements

The following cash-deposit requirements will be effective upon publication of the final results of this new shipper review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for subject merchandise grown by Henan Yuyu Fruit & Vegetables Products Co., Ltd., and exported by Yisheng, the cash-deposit

rate will be 376.67 percent; (2) for all other subject merchandise exported by Yisheng, the cash-deposit rate will be the PRC countrywide rate, which is 376.67 percent; (3) for all other PRC exporters which have not been found to be entitled to a separate rate, the cash-deposit rate will be the PRC countrywide rate; (4) for all PRC exporters of subject merchandise which have been found to be entitled to a separate rate, the cash-deposit rate will remain the rate applicable to that exporter; and (5) for all non-PRC exporters of subject merchandise, the cash-deposit rate will be the rate applicable to the PRC exporter which supplied that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Notification

Bonding is no longer permitted to fulfill security requirements for shipments from Yisheng of fresh garlic from the PRC entered, or withdrawn from warehouse, for consumption in the United States on or after the publication of this notice in the **Federal Register**.

This notice serves as a final reminder to importers covered by this determination of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

We are issuing and publishing these final results of review in accordance with sections 751(a)(2)(B) and 777(i) of the Act and 19 CFR 351.214(i)(1) and 351.210(c).

Dated: December 19, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.

Notice of Antidumping Duty Order: High and Ultra-High Voltage Ceramic Station Post Insulators from Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Antidumping Duty Order.

EFFECTIVE DATE: December 30, 2003.

FOR FURTHER INFORMATION CONTACT: Timothy Finn at (202) 482-0065 or Michele Mire at (202) 482-4711, AD/CVD Enforcement, Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The scope of this order covers station post insulators manufactured of porcelain, of standard strength, high strength,¹ or extra-high strength, solid core or cavity core, single unit or stacked unit, assembled or unassembled, and with or without hardware attached, rated at 115 kilovolts (kV) voltage class and above (550 kV Basic Impulse Insulation Level and above), including, but not limited to, those manufactured to meet the following American National Standards Institute, Inc. standard class specifications: T.R.-286, T.R.-287, T.R.-288, T.R.-289, T.R.-291, T.R.-295, T.R.-304, T.R.-308, T.R.-312, T.R.-316, T.R.-362 and T.R.-391. Subject merchandise is classifiable under subheading 8546.20.0060 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS subheading is provided for convenience and customs purposes, the written description above remains dispositive as to the scope of this order.

Antidumping Duty Order

On November 5, 2003, in accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act),

¹ Station post insulators are manufactured in various styles and sizes, and are classified primarily according to the voltage they are designed to withstand. Under the governing industry standard issued by the Institute of Electrical and Electronic Engineers, the voltage spectrum is divided into three broad classes: "medium" voltage (i.e., less than or equal to 69 kilovolts), "high" voltage (i.e., from 115 to 230 kilovolts), and "extra-high" or "ultra-high" voltage (i.e., greater than 230 kilovolts).
