### **Kosher Chicken From Canada**

#### **Determination**

On the basis of the record<sup>1</sup> developed in the subject investigation, the United States International Trade Commission (Commission) determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act), that there is no reasonable indication that an industry in the United States is materially injured or threatened with material injury, or that the establishment of an industry in the United States is materially retarded, by reason of imports from Canada of ready-to-cook Kosher chicken and parts thereof (kosher chicken), provided for in subheadings 0207.11.00, 0207.12.00, 0207.1300, and 0207.14.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).<sup>2</sup>

#### **Background**

On December 1, 2003, a petition was filed with the Commission and Commerce by Empire Kosher Poultry, Inc., Mifflintown, PA, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV imports of kosher chicken from Canada. Accordingly, effective December 1, 2003, the Commission instituted

antidumping duty investigation No. 731-TA-1062 (Preliminary).

Notice of the institution of the Commission's investigation and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of December 11, 2003 (68 FR 69088, December 11, 2003). The conference was held in Washington, DC, on December 22, 2003, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on January 15, 2004. The views of the Commission are contained in USITC Publication 3669 (January 2004), entitled *Kosher Chicken from Canada: Investigation No. 731-TA-1062 (Preliminary)*.

By order of the Commission.

Issued: January 20, 2004.

#### **American Shoe Corporation, Skowhegan, Maine; Notice of Termination of Investigation**

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on November 25, 2003 in response to a petition filed on behalf of workers of American Shoe Corporation, Skowhegan, Maine.

The petitioning group of workers is covered by an active certification issued on March 18, 2002 which remains in effect until March 18, 2004 (TA-W-39,458). Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed at Washington, DC, this 4th day of January, 2004.

#### **Cliffs Mining Services Company, Ishpeming, Michigan; Notice of Revised Determination on Reconsideration**

On November 21, 2003, the Department issued an affirmative determination regarding application on reconsideration applicable to workers and former workers of the subject firm. The notice will soon be published in the **Federal Register**.

The initial determination stated that the subject worker group did not engage in production but provided engineering design, testing, management and technical support services for affiliates of the company. The initial investigation did not determine whether the workers were eligible to apply for Alternative Trade Adjustment Assistance since the workers were not found eligible to apply for Trade Adjustment Assistance.

On review of new information provided by the petitioner and the company official, it has been determined that subject company sales, production and employment declined during the relevant time periods, that the subject worker group was engaged in the production of iron pellets, that a majority of the workers' responsibilities involved testing and product quality control, and that a significant portion of their functions were dedicated to support an existing Trade-certified company (TA-W-40,489).

A review of the submitted documents revealed that least five percent of the workforce at the subject firm is at least 50 years of age and that the workers possess skills that are not easily transferable. Competitive conditions within the industry are adverse.

#### **Conclusion**

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with those produced at the subject firm contributed importantly to the declines in sales or production and to the total or partial separation of workers at the subject firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Cliffs Mining Services Company, Ishpeming, Michigan, who became totally or partially separated from employment on or after August 19, 2002, through two years from the date of this
