SUPPLEMENTARY INFORMATION:

Scope of the Review

The products covered by these orders are circular welded non-alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). These pipes and tubes are generally known as standard pipes and tubes and are intended for the low pressure conveyance of water, steam, natural gas, and other liquids and gases in plumbing and heating systems, air conditioning units, automatic sprinkler systems, and other related uses, and generally meet ASTM A-53 specifications. Standard pipe may also be used for light load-bearing applications, such as for fence tubing, and as structural pipe tubing used for framing and support members for reconstruction or load-bearing purposes in the construction, shipbuilding, trucking, farm equipment, and related industries. Unfinished conduit pipe is also included in these orders.

All carbon steel pipes and tubes within the physical description outlined above are included within the scope of these orders, except line pipe, oil country tubular goods, boiler tubing, mechanical tubing, pipe and tube hollows for redraws, finished scaffolding, and finished conduit. Standard pipe that is dual or triple certified/stenciled that enters the United States as line pipe of a kind used for oil or gas pipelines is also not included in these orders.

Imports of the products covered by these orders are currently classifiable under the following Harmonized Tariff Schedule (HTS) subheadings: 7306.30.10.00, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, and 7306.30.50.90.

Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of these proceedings is dispositive.

Background

The Department published an antidumping duty order on circular welded non-alloy steel pipe and tube from Mexico on November 2, 1992 (57 FR 49453). The Department published a notice of "Opportunity to Request an Administrative Review" of the antidumping duty order for the 2002/2003 review period on November 3, 2003 (68 FR 62279). Respondents NDN and Hylsa requested that the Department conduct an administrative review of the antidumping duty order on circular welded non-alloy steel pipe and tube from Mexico.

The Department received timely requests for withdrawal from the administrative review from NDN on December 18, 2003, and from Hylsa on December 30, 2003. The applicable regulation, 19 CFR 351.213(d)(1), states that the Secretary will rescind an administrative review under this section, in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. In light of the fact that all of the parties who initially requested an administrative review have withdrawn their requests in a timely manner, we are rescinding this review.

This notice is published in accordance with 19 CFR 351.213(d)(4).

Dated: January 16, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

Final Results of Antidumping Administrative Review: Foundry Coke From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of final results in the antidumping duty administrative review of foundry coke from the People's Republic of China.

SUMMARY: The Department of Commerce ("Department") is conducting an administrative review of the antidumping duty order on foundry coke from the People's Republic of China ("PRC") in response to requests from ABC Coke, Citizens Gas & Coke Utility, Erie Coke Corporation, Sloss

Industries Corporation, and Tonawanda Coke Corporation (collectively, "Domestic Producers" or "Petitioners"). The period of review ("POR") is from March 8, 2001, through August 31, 2002.

We received no comments on the preliminary results, and we have made no changes in our analysis. Therefore, the final results do not differ from the preliminary results. The final weighted-average dumping margin for the reviewed firm is listed below in the section entitled "Final Results of the Review."

EFFECTIVE DATE: January 28, 2004.

FOR FURTHER INFORMATION CONTACT: Michael Holton, Office of AD/CVD Enforcement 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1324.

Background

On October 7, 2003, the Department published in the **Federal Register** the preliminary results of its administrative review of the antidumping duty order on foundry coke from the People's Republic of China. *See Notice of Preliminary Results of Antidumping Duty Administrative Review: Foundry Coke from the People's Republic of China*, 68 FR 57869 (October 7, 2003) ("*Preliminary Results*"). We invited parties to comment on our preliminary results of the administrative review. No party submitted comments on our preliminary results. We have now completed the administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended ("the Act").

Scope of Review

For purposes of this investigation, the product covered is coke larger than 100 mm (4 inches) in maximum diameter and at least 50 percent of which is retained on a 100-mm (4 inch) sieve, of a kind used in foundries.

The foundry coke products subject to this investigation were classifiable under subheading 2704.00.00.10 (as of January 1, 2000) and are currently classifiable under subheading 2704.00.00.11 (as of July 1, 2000) of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and U.S. Customs and Border Protection ("CBP") purposes, our written description of the scope of this investigation is dispositive.

Analysis of Comments Received

Because no interested party submitted comments, the Department hereby adopts all findings from the *Preliminary Results* in these final results.

Final Results of Review

As a result of the application of adverse facts available, we determine that the following percentage dumping margin exists for the period March 8, 2001, through August 31, 2002.

Producer/manufacturer/exporter	Weighted-average margin (percent)
CITIC Trading Company, Ltd ...	214.89

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. The Department will issue appraisal instructions directly to CBP. In accordance with 19 CFR 351.212(b), we have calculated exporter/importer-specific assessment rates. We will direct CBP to assess the resulting percentage margin against the entered CBP values for the subject merchandise on the importer's entries under the relevant order during the review period (*see* 19 CFR 351.212(b)(1)).

Cash Deposit Requirements

The following cash-deposit requirements will be effective upon publication of this notice of final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit for the reviewed company will be the rate shown above; (2) for all previously investigated companies which have a separate rate, the cash-deposit rates will continue to be the company specific rates published for the most recent period; (3) for all other PRC exporters, including CITIC, the cash-deposit rate will be the PRC countrywide rate, which is 214.89 percent; and (4) for all non-PRC exporters of subject merchandise, the cash-deposit rate will be the rate applicable to the PRC exporter that supplied that exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification of Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate

regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders ("APOs") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: January 22, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

Notice of Antidumping Duty Order: Prestressed Concrete Steel Wire Strand from the Republic of Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Antidumping Duty Order.

EFFECTIVE DATE: January 28, 2004.

FOR FURTHER INFORMATION CONTACT: Marin Weaver or Christopher C. Welty at (202) 482-2336 or (202) 482-0186, respectively; AD/CVD Enforcement Group II, Office 5, Import Administration, Room 1870, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 2003, the Department of Commerce (Department) published its final determination in the antidumping duty investigation of prestressed concrete steel wire strand (PC strand) from the Republic of Korea (Korea). *See Notice of Final Determination of Sales at Less Than Fair Value and Negative Final Determination of Critical Circumstances: Prestressed Concrete Steel Wire Strand from the Republic of Korea*, 68 FR 68353 (December 8, 2003).

On January 21, 2004 the International Trade Commission (ITC) notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from Korea.

Scope Of The Order

For purposes of this order, PC strand is steel strand produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete (both pre-tensioned and post-tensioned) applications. The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand.

The merchandise subject to the order is currently classifiable under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the order is dispositive.

Antidumping Duty Order

On January 21, 2004, in accordance with section 735(d) of the Act, the ITC notified the Department of its final determination that the industry in the United States producing PC strand is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of the subject merchandise from Korea.

In accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further advice by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price or constructed export price of the merchandise for all relevant entries of PC strand from Korea. These antidumping duties will be assessed on (1) all unliquidated entries of PC strand from Korea entered, or withdrawn from warehouse, for
