

provide the basic information used to implement "mid-course corrections" if necessary.

The Service will conduct an Environmental Review of the proposed HCP and prepare an EA. The Environmental Review will analyze the proposal as well as a full range of reasonable alternatives and the associated impacts of each. The Service and BNSF are currently in the process of developing alternatives for analysis. The scoping process will be used to identify reasonable alternatives in addition to the No Action alternative.

The Environmental Review of this project will be conducted in accordance with the requirements of the NEPA (42 U.S.C. 4321 *et seq.*), Council of Environmental Quality regulations (40 CFR parts 1500–1508), other appropriate Federal laws and regulations, and policies and procedures of the Service for compliance with all of the above-mentioned regulations. It is estimated that the draft EA will be available for public review during the third quarter of calendar year 2004.

Comments and suggestions are invited from all interested parties to ensure that all significant issues are identified and the full range of issues related to the proposed action are addressed.

Comments or questions concerning this proposed action and the Environmental Review should be directed to the Service (see **ADDRESSES**).

Dated: January 27, 2004.

Notice of Availability of the Proposed Resource Management Plan and Final Environmental Impact Statement, Gunnison Gorge National Conservation Area, CO

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability of the Proposed Resource Management Plan and Final Environmental Impact Statement (PRMP/FEIS), Gunnison Gorge National Conservation Area (NCA), Colorado.

SUMMARY: In accordance with Section 202 of the National Environmental Policy Act (NEPA) of 1969, and under authority of the Federal Land Policy and Management Act of 1976 (FLPMA), the BLM has prepared a PRMP/FEIS for the Gunnison Gorge National Conservation Area. The planning area lies in Montrose and Delta Counties, Colorado. The PRMP/FEIS provides direction and guidance for the management of public lands and resources of the NCA, as well as monitoring and evaluation requirements. The PRMP/FEIS would also amend the Uncompahgre RMP (189) for the affected lands in the planning area. Some decisions in the existing planning and management documents may be carried forward into the new NCA Resource Management Plan (RMP). Once approved in a Record of Decision (ROD), the RMP for the NCA would supercede all existing management plans for the public lands within the NCA. Tetra Tech, Inc., an environmental consulting firm in Boulder, Colorado, is assisting the BLM in the preparation of these documents and in the planning process for the NCA.

DATES: BLM Planning Regulations (43 CFR 1610.5–2) state that any person may protest the proposed land use planning decisions in the PRMP/FEIS, if he/she participated in the planning process, and has an interest that may be adversely affected. The protest must be postmarked within 30 days of the date that the Environmental Protection Agency publishes this notice in the **Federal Register**. Instructions for filing a protest are described in the Dear Reader letter in the PRMP/FEIS and are also included in the **SUPPLEMENTARY INFORMATION** section of this notice. For Further Information, and/or to have your name added to our mailing list, contact Bill Bottomly (970) 240–5337, Planning and Environmental Coordinator (bill_bottomly@co.blm.gov), or Karen Tucker at (970) 240–5309 (karen_tucker@co.blm.gov), Gunnison Gorge NCA Manager. The address for both individuals is: Bureau of Land Management, Gunnison Gorge National Conservation Area, 2465 South Townsend Avenue, Montrose, CO 81401. Do not send protests to these individuals—see **SUPPLEMENTARY INFORMATION** below for instructions on submitting a protest.

Persons who are not able to inspect the PRMP/FEIS either on-line or at the information repository locations may request one of a limited number of printed or CD copies. Requests for copies of the PRMP/FEIS should be directed to Mr. Bottomly, and should
