

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in the preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and will not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and

responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order, because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a statement of Energy Effects under Executive Order 13211.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction, from further environmental documentation. Under figure 2–1, paragraph (32)(e), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule.

List of Subjects in 33 CFR Part 117

Bridges.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; Department of Homeland Security Delegation No. 0170.1; 33 CFR 1.05–1(g); section 117.255 also issued under authority of Pub. L. 102–587, 106 Stat. 5039.

■ 2. Revise § 117.305 to read as follows:

§ 117.305 Miami River.

(a) General. Public vessels of the United States, tugs, tugs with tows, and vessels in a situation where a delay would endanger life or property shall, upon proper signal, be passed through the draw of each bridge listed in this section at any time.

(b) The draws of the S.W. First Street Bridge, mile 0.9, up to and including the N.W. 27th Avenue Bridge, mile 3.7 at Miami, shall open on signal; except that, from 7:35 a.m. to 8:59 a.m. and 4:45 p.m. to 5:59 p.m., Monday through Friday, except Federal holidays, the draws need not open for the passage of vessels.

(c) The draws of the Miami Avenue Bridge, mile 0.3, and the S.W. Second Avenue Bridge, mile 0.5, at Miami, shall open on signal; except that, from 7:35 a.m. to 8:59 a.m., 12:05 p.m. to 12:59 p.m. and 4:35 p.m. to 5:59 p.m., Monday through Friday, except Federal holidays, the draws need not open for the passage of vessels.

(d) The draw of the Brickell Avenue Bridge, mile 0.1, at Miami, shall open on signal; except that, from 7 a.m. to 7 p.m., Monday through Friday except Federal holidays, the draw need open only on the hour and half-hour. From 7:35 a.m. to 8:59 a.m., 12:05 p.m. to 12:59 p.m. and 4:35 p.m. to 5:59 p.m., Monday through Friday except Federal holidays, the draw need not open for the passage of vessels.

Dated: January 30, 2004.

Harvey E. Johnson, Jr.,

Rear Admiral, U.S. Coast Guard, Commander, Seventh Coast Guard District.

BILLING CODE 4910–15–P

POSTAL SERVICE

39 CFR Part 551

Semipostal Stamp Program

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: This final rule clarifies procedures for determining offsets for the Postal Service’s reasonable costs from semipostal differential revenue.

DATES: This final rule is effective February 5, 2004.

FOR FURTHER INFORMATION CONTACT: Cindy Tackett, (202) 268–6555.

SUPPLEMENTARY INFORMATION: On November 20, 2003, the Postal Service published a notice of proposed rulemaking (68 FR 65430) soliciting public comment on proposed changes to 39 CFR 551.8, which establishes procedures for determining offsets from semipostal differential revenue. No comments were received by the closing date, December 22, 2003. Thus, the Postal Service is adopting the proposed rule without substantive change. In preparing the final rule, nonsubstantive edits were made to section 551.8(d)(1).

The final rule is intended to clarify cost offset policies and procedures. Edits to section 551.8(a) and (c) expand the types of "comparable stamps" that could be used in conducting cost comparisons. The final rule no longer limits the universe of comparable stamps to commemorative stamps. This measure would accordingly allow other types of stamps, such as definitive or special issue stamps, to serve as a baseline for cost comparisons.

Edits to section 551.8(c) specify that different comparable stamps may be used for specific cost comparisons. The final rule thus clarifies that the Postal Service could select different comparable stamps for discrete cost comparisons. This will enhance accuracy in conducting comparative analysis for purposes of determining cost offsets.

Edits to section 551.8(d)(1) provide that costs less than \$3,000 will be offset from differential revenue, but only if they are charged to a semipostal-specific finance number.

Edits to section 551.8(d)(2) clarify that costs that do not need to be tracked include not only those costs that are too burdensome to track, but also those costs that are too burdensome to estimate.

Finally, edits to section 551.8(d)(6) and (f) clarify that printing, sales, distribution, and several other types of costs could be recovered when they materially exceed the costs of comparable stamps.

The Postal Service hereby adopts the following revisions to the Code of Federal Regulations.

List of Subjects in 39 CFR Part 551

Administrative practice and procedure, Postal Service.

■ For the reasons set out in this document, the Postal Service hereby amends 39 CFR part 551 as follows:

PART 551—SEMIPOSTAL STAMP PROGRAM

■ 1. The authority citation for 39 CFR part 551 is revised to read as follows:

Authority: 39 U.S.C. 101, 201, 203, 401, 403, 404, 410, 414, 416.

■ 2. In § 551.8, revise paragraphs (a), (c), (d), (e), and (g) to read as follows:

§ 551.8 Cost offset policy.

(a) Postal Service policy is to recover from the differential revenue for each semipostal stamp those costs that are determined to be attributable to the semipostal stamp and that would not normally be incurred for stamps having similar sales; physical characteristics; and marketing, promotional, and public

relations activities (hereinafter "comparable stamps").

* * * * *

(c) For each semipostal stamp, the Office of Stamp Services, in coordination with the Office of Accounting, Finance, Controller, shall, based on judgment and available information, identify the comparable stamp(s) and create a profile of the typical cost characteristics of the comparable stamp(s) (e.g., manufacturing process, gum type), thereby establishing a baseline for cost comparison purposes. The determination of comparable stamps may change during or after the sales period, and different comparable stamp(s) may be used for specific cost comparisons.

(d) Except as specified, all costs associated with semipostal stamps will be tracked by the Office of Accounting, Finance, Controller. Costs that will not be tracked include:

(1) Costs that the Postal Service determines to be inconsequentially small, which include those cost items which are less than \$3,000 per invoice and are not specifically charged to a semipostal finance number.

(2) Costs for which the cost of tracking or estimation would be burdensome (e.g., costs for which the cost of tracking exceeds the cost to be tracked);

(3) Costs attributable to mail to which semipostal stamps are affixed (which are attributable to the appropriate class and/or subclass of mail); and

(4) Administrative and support costs that the Postal Service would have incurred whether or not the Semipostal Stamp Program had been established.

(e) Cost items recoverable from the differential revenue may include, but are not limited to, the following:

(1) Packaging costs in excess of the cost to package comparable stamps;

(2) Printing costs of flyers and special receipts;

(3) Costs of changes to equipment;

(4) Costs of developing and executing marketing and promotional plans in excess of the cost for comparable stamps;

(5) Other costs specific to the semipostal stamp that would not normally have been incurred for comparable stamps; and

(6) Costs in paragraph (g) of this section that materially exceed those that would normally have been incurred for comparable stamps.

* * * * *

(g) Other costs attributable to semipostals but which would normally be incurred for comparable stamps would be recovered through the postage

component of the semipostal stamp price. Such costs are not recovered, unless they materially exceed the costs of comparable stamps. These include, but are not limited to, the following:

(1) Costs of stamp design (including market research);

(2) Costs of stamp production and printing;

(3) Costs of stamp shipping and distribution;

(4) Estimated training costs for field staff, except for special training associated with semipostal stamps;

(5) Costs of stamp sales (including employee salaries and benefits);

(6) Costs associated with the withdrawal of the stamp issue from sale;

(7) Costs associated with the destruction of unsold stamps; and

(8) Costs associated with the incorporation of semipostal stamp images into advertising for the Postal Service as an entity.

Neva Watson,

Attorney.

BILLING CODE 7710-12-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

49 CFR Part 538

[Docket No.: NHTSA-2001-10774; Notice 3]

RIN 2127-A141

Automotive Fuel Economy Manufacturing Incentives for Alternative Fueled Vehicles

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: Consistent with the Alternative Motor Fuels Act of 1988, this final rule extends the incentive created by that Act to encourage the continued production of motor vehicles capable of operating on alternative fuels. The incentive, originally enacted to begin the process of moving the nation toward the use of alternative fuels and away from petroleum dependence, has resulted in the creation of a fleet of vehicles able to operate on alternative fuel. To continue the process of moving the nation toward energy independence and to remain dedicated to the policies underlying the enactment of the Act, this final rule extends the alternative fuel CAFE incentive as contemplated in the NPRM for four additional model years.
