SUPPLEMENTARY INFORMATION:

Title: Concessioner Annual Financial Report.

OMB Control Number: 1024-0029.

Expiration Date of Approval: February 29, 2004.

Type of Request: Extension of a currently approved information collection.

Abstract: The Office of Management and Budget (OMB) regulations at 4 CFR part 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13) require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 13200.8(d)). NPS has submitted a request to OMB to renew approval of the collection of information contained in Concessioner Annual Financial Reports. NPS is requesting a 3-year term of approval for this information collection activity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control

number for this collection of information is 1024-0029, and is identified in 36 CFR part 51. As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on these collections of information was published on November 19, 2003 (Page 65311). No comments were received. This notice provides the public with an additional 30 days in which to comment on the following information collection activity:

The regulations at 36 CFR part 51 primarily implement Title IV of the National Parks Omnibus Management Act of 1998 (Pub. L. 105-391 or the Act), which requires that the Secretary of the Interior exercise authority in a manner constituent with a reasonable opportunity for a concessioner to realize a profit on his operation as a whole commensurate with the capital invested and the obligations assumed. It also requires that franchise fees be determined with consideration to the opportunity for net profit in relation to both gross receipts and capital invested. The financial information being collected is necessary to provide insight into and knowledge of the concessioner's operation so that this authority can be exercised and franchise fees determined in a timely manner and without an undue burden on the concessioner.

Bureau Form Number: 10-356, 10-356a, 10-356b.

Frequency of Collection: Annually.
Description of Respondents: National Park Service concessioners.

Total Annual Responses: 500.

Estimate of Burden: Approximately 7 hours per response.

Send comments on (1) the need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; (4) and ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information, to the following address. Please refer to OMB control number 1024-0029 in all correspondence.

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours.

Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There may also be circumstances in which we would withhold from the record a respondent's
