Docket and Information Center Docket is: (202) 566-1752. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. When in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket.

Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: Air Emission Standards for Tanks, Surface Impoundments and Containers (40 CFR Part 264, Subpart CC and 40 CFR Part 265, Subpart CC) (Renewal).

Abstract: This ICR contains recordkeeping and reporting requirements that are mandatory for compliance with 40 CFR part 264, subpart CC and 40 CFR part 265, subpart CC. RCRA subpart CC requires controls for minimizing release of volatile organic air emissions from tanks, surface impoundments and containers holding hazardous waste. Records and reports are necessary in order for the EPA to determine that the standards are implemented and maintained to protect human health and the environment.

Organic air emissions from hazardous waste Treatment, Storage and Disposal Facilities (TSDFs) can contain toxic chemical compounds. Cancer and other adverse noncancerous human health
