BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2004-18014; Airspace Docket 04-ACE-43]

Modification of Class E Airspace; Fairbury, NE

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action amends title 14 Code of Federal Regulations, part 71 (14 CFR 71) by revising Class E airspace at Fairbury, NE. A review of the Class E airspace area extending upward from 700 feet above the surface at Fairbury, NE revealed it does not reflect the current Fairbury Municipal Airport reference point (ARP) and is not in compliance with established airspace criteria. This airspace area is enlarged and modified to conform to FAA Orders.

DATES: This direct final rule is effective on 0901 UTC, September 30, 2004. Comments for inclusion in the Rules Docket must be received on or before August 10, 2004.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2004-18014/ Airspace Docket No. 04-ACE-43, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets

Office between 9 a.m. and 5 p.m., Monday through Friday, except Friday holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

FOR FURTHER INFORMATION CONTACT:

Brenda Mumper, Air Traffic Division, Airspace Branch, ACE-520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2524.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR part 71 modifies the Class E airspace area extending upward from 700 feet above the surface at Fairbury, NE. An examination of controlled airspace for Fairbury, NE revealed that the Fairbury Municipal Airport ARP used in the legal description for this Class E airspace area is incorrect and that the airspace area does not comply with airspace requirements for diverse departures as set forth in FAA Order 7400.2E, Procedures for Handling Airspace Matters. The examination also identified a discrepancy in the length of an extension to the Class E airspace area. The legal description was not in compliance with FAA Order 8260.19C, Flight Procedures and Airspace.

This action expands the Fairbury, NE Class E airspace area extending upward from 700 feet above the surface from a 6.4-mile radius to a 7-mile radius of Fairbury Municipal Airport, corrects the ARP in the legal description, increases the length of the north extension from 9.6 to 9.9 miles and brings the legal description of the Fairbury, NE Class E airspace area into compliance with FAA Orders 7400.2E and 8260.19C. This area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9L, Airspace Designations and Reporting Points, dated September 2, 2003, and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit

an adverse or negative comment is received within the comment period the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2004-18014/Airspace Docket No. 04-ACE-43." The postcard will be date/time stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and procedures (44 FR 11034,

February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ Accordingly, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9L, dated September 2, 2003, and effective September 16, 2003, is amended as follows:

* * * * *

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE NE E5 Fairbury, NE

Fairbury Municipal Airport, NE

(Lat. 40°10'59"N., long. 97°10'09"W.)

BUXBI Waypoint

(Lat. 40°06'40"N., long. 97°10'12"W.)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Fairbury Municipal Airport and within 4 miles each side of the 360° bearing from the airport extending from the 7-mile radius to 9.9 miles north of the airport, and within 4 miles each side of the 167° bearing from BUXBI waypoint extending from the 7-mile radius of the airport to 4.3 miles southeast of BUXBI waypoint.

[Docket No. 040618189]

RIN 0694–AD21

Revocation of General Order No. 3 Which Imposed License Requirements on Shaykh Hamad bin Ali bin Jaber Al-Thani and Entities Related to or Controlled by Him

AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.

SUMMARY: This final rule revokes General Order No. 3 of the Export Administration Regulations (EAR). General Order No. 3 imposed a license requirement for exports and reexports of all items on the Commerce Control List destined to or for Shaykh Hamad bin Ali bin Jaber Al-Thani and listed entities related to or controlled by him. This rule also removes a related provision of the EAR.

EFFECTIVE DATE: This rule is effective July 15, 2004.

ADDRESSES: Although there is no public comment period, written comments on this rule may be sent to Sheila Quarterman, Office of Exporter Services, Regulatory Policy Division, Bureau of Industry and Security, Department of Commerce, P.O. Box 273, Washington, DC 20044, or e-mail: squarter@bis.doc.gov.

FOR FURTHER INFORMATION CONTACT: Office of Exporter Services, Outreach & Educational Services Division, Bureau of Industry and Security, Department of Commerce, at (202) 482–4811.

SUPPLEMENTARY INFORMATION

Background

In November 2000, Shaykh Al-Thani delivered a Boeing 747 aircraft to Iraqi President Saddam Hussein in Iraq as a gift, in violation of the United Nations Security Council resolution restricting trade with Iraq. To guard against further such diversions to Iraq, the Bureau of Industry and Security issued General Order No. 3 on December 7, 2000, imposing a license requirement for exports and reexports of all items listed on the Commerce Control List (Supplement No. 1 to part 774 of the EAR) and destined to Shaykh Al-Thani or entities related to or controlled by him.

This final rule revokes General Order No. 3. This revocation reflects changed circumstances in Iraq and is consistent

with changes in U.S. export control policies concerning Iraq and actions taken by the United Nations Security Council with respect to the embargo against Iraq. This final rule also removes section 744.15 of the EAR, which provided a cross-reference to General Order No. 3.

Although the Export Administration Act expired on August 20, 2001, Executive Order 13222 of August 17, 2001 (3 CFR, 2001 Comp. 783 (2002)), as extended by the Notice of August 7, 2003 (3 CFR, 2003 Comp. 328 (2004)), continues the Regulations in effect under the International Emergency Economic Powers Act.

Rulemaking Requirements

1. This final rule has been determined to be not significant for purposes of E.O. 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This rule involves a collection of information subject to the PRA. This collection has been approved by OMB under control number 0694–0088, “Multi-Purpose Application,” which carries a burden hour estimate of 58 minutes for a manual or electronic submission. Send comments regarding these burden estimates or any other aspect of this collection of information, including suggestions for reducing the burden, to David Rostker, Office of Management and Budget (OMB), by e-mail to David.Rostker@omb.eop.gov, or by fax to (202) 395–7285; and to the Office of Administration, Bureau of Industry and Security, Department of Commerce, 14th and Pennsylvania Avenue, NW., Room 6883, Washington, DC 20230.

3. This rule does not contain policies with Federalism implications sufficient to warrant preparation of a Federalism assessment under E.O. 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United States (5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a
