Policy Statement PS-ACE100-2004-10024, Installation of Electronic Engine Control for Reciprocating Engine

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of availability of proposed policy statement and request for comments.

SUMMARY: This notice announces the availability of and requests comments on a proposed policy statement. Proposed Policy Statement, PS-ACE100-2004-10024, is to help identify appropriate certification requirements for installation of an Electronic Engine Control (EEC) into a small airplane with a reciprocating engine. It includes guidance related to methods of compliance as well as identifying when equivalent level of safety findings (ELOS) and special conditions may be necessary.

This policy statement addresses the certification requirements for the installation of an EEC that has been approved for use on a part 33 engine into a part 23 airplane. Material in this policy statement is neither mandatory nor regulatory in nature and does not constitute a regulation.

DATES: Comments must be received on or before September 21, 2004.

ADDRESSES: Send all comments on the proposed policy statement to: Federal
