Fisheries Off West Coast States and in the Western Pacific; Western Pacific Pelagic Fisheries; Public Hearing on Draft Environmental Impact Statement

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearing.

SUMMARY: The Pacific Islands Regional Office of NMFS, in coordination with the Western Pacific Fishery Management Council, will hold a public hearing in Honolulu, HI, to receive comments on a draft environmental impact statement (DEIS) for management measures being considered for the domestic pelagic fisheries in the Pacific Ocean. The DEIS describes and assesses the likely environmental impacts of a range of alternatives for two fishery management actions. The first action is aimed at cost-effectively reducing the potentially harmful effects of fishing by Hawaii-based longline vessels on seabirds. The second is aimed at establishing an effective management framework for pelagic squid fisheries in the Pacific, including fishing activities within the exclusive economic zone of the U.S. and on the high seas. The first action would be taken through the Fishery Management Plan for the Pelagic Fisheries of the Western Pacific Region (FMP), under

the authority of the Magnuson-Stevens Fishery Conservation and Management Act. The second action would be taken both through the FMP and under the authority of the High Seas Fishing Compliance Act.

DATES: Public hearings will be held as follows: Wednesday, October 6, 2004, from 5 to 7 p.m., on Hawaii Island in Hilo, HI; Thursday, October 7, 2004, from 6 to 8 p.m., on Oahu Island in Honolulu, HI; and Friday, October 8, 2004, on Kauai Island in Lihue, HI. All times are Hawaii Standard Time.

ADDRESSES: The public hearings will be held at the following locations: On Hawaii Island at the University of Hawaii at Hilo, Campus Center, Room 301, 200 W. Kawili St., Hilo, HI; On Oahu Island at the office of the Western Pacific Fishery Management Council, 1164 Bishop Street, Suite 1400, Honolulu, HI; On Kauai Island, at Kamakahahei Middle School, Room E-101, 4431 Nuhou St., Lihue, HI.

FOR FURTHER INFORMATION CONTACT: Tom Graham, NMFS, 808-973-2937.

The United States Patent and Trademark Office (USPTO) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title: Trademark Processing (proposed addition of seven new TEAS Forms).

Form Number(s): PTO Forms 2194, 2195, 2196, 2197, 2200, 2201, and 2202. These forms will be added to those that are currently approved for this collection: PTO Form 4.8, 4.9, 4.16, 1478, 1478(a), 1553, 1581, 1583, 1963, 2000, and PTO/TM/4.16 and 1583.

Agency Approval Number: 0651-0009.

Type of Request: Revision of a currently approved collection.

Burden: 154,483 hours.

Number of Respondents: 762,701 responses.

Avg. Hours Per Response:

Approximately 3 to 12 minutes, depending on the form. The USPTO estimates that it takes approximately 3 minutes (0.05 hours) to complete the requests for deletion of the § 1(b) basis from an intent to use application, the change of owner's address form, and the express abandonment of the application and submit them electronically through the Trademark Electronic Application System (TEAS). The USPTO estimates that it takes approximately 5 minutes (0.08 hours) to complete the petitions to revive and the revocation and appointment of attorneys, and 12 minutes (0.20 hours) to complete the withdrawals as the attorney of record and submit them electronically through TEAS. The USPTO estimates that it takes 6 minutes (0.10 hours) to complete the revocation and appointment of attorney, and 12 minutes (0.20 hours) to complete the petitions to revive and mail them to the USPTO. This includes the time to gather the necessary information, prepare the petitions, requests, and other associated forms, and submit them to the USPTO.

Needs and Uses: The USPTO is developing seven forms that will allow applicants to submit certain petitions, requests, revocations, and change of address forms electronically through TEAS. When the USPTO deploys these forms, applicants will be able to petition the USPTO to revive an abandoned application; to appoint or revoke a power of attorney; to request that the USPTO delete a § 1(b) filing basis from an intent to use application; to request permission to withdraw as the attorney of record; and to request the withdrawal of an application.
