Solicitation of Comments on Dispensing of Controlled Substances for the Treatment of Pain

AGENCY: Drug Enforcement Administration (DEA), Department of Justice.

ACTION: Notice; solicitation of comments.

SUMMARY: On November 16, 2004, DEA published in the **Federal Register** an Interim Policy Statement on the dispensing of controlled substances for the treatment of pain. The Interim Policy Statement stated that DEA would address the subject in greater detail in a future **Federal Register** document, taking into consideration the views of the medical community. DEA is hereby seeking comments from physicians and other interested members of the public as to what areas of the law relating to the dispensing of controlled substances for the treatment of pain they would like DEA to address in the upcoming **Federal Register** document.

DATES: Written comments must be postmarked, and electronic comments must be sent, on or before March 21, 2005.

FOR FURTHER INFORMATION CONTACT: Daniel Dormont, Senior Attorney, Drug Enforcement Administration, Washington, DC 20537; telephone: (202) 307-8010.

SUPPLEMENTARY INFORMATION:

On November 16, 2004, DEA published in the **Federal Register** an Interim Policy Statement on the dispensing of controlled substances for the treatment of pain. 69 FR 67170. The Interim Policy Statement explained why an earlier document, which appeared on the DEA Office of Diversion Control Web site in August 2004, contained misstatements and was not approved as an official statement of the agency. The Interim Policy Statement corrected some of the misstatements in the August 2004 document and announced that DEA would address, in greater detail, the subject of dispensing controlled substances for the treatment of pain in a future **Federal Register** document, taking into consideration the views of the medical community. This upcoming document will stay within the scope of DEA's authority by addressing the law the agency administers, the Controlled Substances Act (CSA), and the DEA regulations promulgated thereunder, as well as the pertinent court decisions. As indicated in the Interim Policy Statement, the document will contain a recitation of the relevant provisions of the CSA and DEA regulations relating to the dispensing of controlled substances for the treatment of pain. The purpose of this recitation will be to provide guidance and reassurance to the overwhelming majority of physicians who engage in legitimate pain treatment while deterring unlawful prescribing and dispensing of pharmaceutical controlled substances.

As was the case with the Interim Policy Statement, none of the principles addressed in the upcoming **Federal Register** document will be new. Rather, the document will reiterate legal concepts that have been incorporated in the federal laws and regulations for many years and are reflected in federal court decisions and DEA final administrative orders. DEA recognizes

the desire of many physicians and members of the public to have these concepts reiterated in a single, comprehensive document. Toward that end, DEA is hereby seeking the input of physicians, pharmacists, and other interested members of the public. Any person who so desires should indicate, in writing, the areas of the law relating to controlled substances that they would like DEA to address in the upcoming document. DEA will consider all such comments submitted on or before March 21, 2005.

Dated: January 11, 2005.

Michele M. Leonhart,

Deputy Administrator.

NATIONAL SCIENCE FOUNDATION

Notice of the Availability of a Record of Decision Following a Final Comprehensive Environmental Evaluation for Antarctic Activities

AGENCY: National Science Foundation.

ACTION: Notice of availability of a Record of Decision following a Final Environmental Impact Statement/Comprehensive Environmental Evaluation (FEIS/FCEE) for activities proposed to be undertaken in Antarctica.

SUMMARY: The National Science Foundation gives notice of the availability of a Final Environmental Impact Statement/Comprehensive Environmental Evaluation (FEIS/FCEE) for activities proposed to be undertaken in Antarctica.

The Office of Polar Programs (OPP) has decided to proceed with the construction and operation of a high-energy neutrino telescope to be located at the Amundsen-Scott Station, South Pole, Antarctica. Given the United States Antarctic Program's (USAP) mission to support polar research, the proposed action will result in a telescope that has been specifically designed to detect a wide diversity of high-energy neutrinos of astrophysical origin. In reaching this decision, the Director of the Office of Polar Programs has considered the potential environmental impacts addressed in the Project IceCube EIS/CEE. The Director has also considered input from Antarctic Treaty nations and the public pertaining to the EIS/CEE for Project IceCube.

Pursuant to 16 U.S.C. 2403a, the National Science Foundation has prepared this Record of Decision following the Final Environmental Impact Statement/Comprehensive Environmental Evaluation for Project IceCube, Amundsen-Scott Station, South Pole, Antarctica.

ADDRESSES: Copies of the Record of Decision are available upon request from: Dr. Polly A. Penhale, National Science Foundation, Office of Polar Programs, 4201 Wilson Blvd., Suite 755, Arlington, VA 22230. Telephone: (703) 292-8033.

SUPPLEMENTARY INFORMATION: A Notice of Availability of the draft EIS/CEE was published in the **Federal Register**. Via a Web site link, the draft Project IceCube EIS/CEE was made available for review to all interested parties including Antarctic Treaty nations, international and U.S. Federal agencies, research institutions, private organizations, and individuals.
