

detailed below, classified in subheading 5209.59.0025 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner. The petition requests that woven cotton shirts and blouses of such fabrics assembled in one or more CBTPA beneficiary countries be eligible for preferential treatment under the CBTPA. CITA hereby solicits public comments on this petition, in particular with regard to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by March 30, 2005 to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, 14th and Constitution, N.W., Washington, D.C. 20230.

FOR FURTHER INFORMATION CONTACT:

Janet E. Heinzen, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Section 213(b)(2)(A)(v)(II) of the CBERA, as added by Section 211(a) of the CBTPA; Section 6 of Executive Order No. 13191 of January 17, 2001.

Background:

The CBTPA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns or fabrics formed in the United States. The CBTPA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more CBTPA beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests. (66 FR 13502).

On March 9, 2005, the Chairman of CITA received a petition on behalf of B*W*A of New York, New York alleging that certain 100 percent cotton, double faced irregular sateen weave, flannel fabrics, of yarn-dyed, single yarns, of the

specifications detailed below, classified HTSUS subheading 5209.59.0025, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the CBTPA for woven cotton shirts and blouses that are cut and sewn in one or more CBTPA beneficiary countries from such fabrics.

Specifications:

Petitioner Style No:	5225
Fiber Content:	100% Cotton
Weight:	325-327 g/m ²
Width:	148 - 152 centimeters
Thread Count:	33 - 35 warp ends per centimeter; 57 - 59 filling picks per centimeter; total 90 - 94 threads per square centimeter
Yarn Number:	50 - 52 metric warp; 23 - 25 metric filling; overall average yarn number: 28 - 30 metric
Weave:	Double faced irregular 3 X 1 sateen
Finish:	Printed on one side on yarns of different colors; napped on both sides; Sanforized

The petitioner further describes the fabric as follows:

One face appears to be piece dyed, but in fact the filling yarns have been dyed prior to weaving. There are two sets of filling yarns, thus a loom capable of pick and pick filling insertion is required. In this instance, the warp is also dyed prior to weaving, but may be undyed as well. On the other face (intended to be the fabric back), the dyed yarns have been covered by a vivid print, which extends from selvedge to selvedge. The printing is done with fiber reactive dyes, not pigments. The fabric is heavily napped on both sides.

CITA is soliciting public comments regarding this request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for the fabric for purposes of the intended use. Comments must be received no later than March 30, 2005. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of

Commerce, 14th and Constitution Avenue, NW., Washington, DC 20230.

If a comment alleges that these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the fabric stating that it produces the fabric that is the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked "business confidential" from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

James C. Leonard III,

Chairman, Committee for the Implementation of Textile Agreements.

BILLING CODE 3510-DS-S

DEPARTMENT OF DEFENSE

Notice of Intent To Prepare a Draft Environmental Assessment for Beddown of Training and Support Initiatives at Northwest Field, Andersen Air Force Base, Guam (U.S. Territory)

AGENCY: United States Air Force.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 United States Code 4321, *et seq.*), the Council on Environmental Quality Regulations for implementing the procedural provisions of NEPA (40 Code of Federal Regulations (CFR) parts 1500-1508), and Air Force's Environmental Impact Analysis Process (EIAP) as implemented by 32 CFR part 989, the United States Air Force (Air Force) is issuing this notice to advise the public of our preparation of an Environmental Assessment (EA) for Beddown of Training and Support Initiatives at Northwest Field, Andersen Air Force Base (AFB), Guam. The EA will analyze and evaluate the effects of alternatives for the proposed basing of training and support initiatives at Northwest Field. The Air Force evaluated various initial

basing alternatives early in the planning process. Suitable installations were identified during this process, with Andersen AFB emerging as the alternative best meeting the underlying purpose and need for the action. Consequently, Andersen AFB is being considered as the Proposed Action. The proposed action would support the Nation's military deployable engineering, security and communications units in the Pacific Command and worldwide. The proposed action would enable engineers to train with security and communications functions at a common location, with a combat deployable civil engineering unit being relocated with security forces and combat communications at the same location. It is estimated that approximately 400 additional military, civilian and contractor personnel would be required to support the proposal. The action would result in facility construction, addition, and alteration projects to support basing and operation.

This notice is being provided to obtain suggestions and information from other agencies and the public on the scope of issues to be addressed in the EA, to include alternatives to the proposal and the potential for significant impacts. A public scoping meeting will be held to provide agencies and the public the opportunity to address the scope of the EA. The EA will end with either a Finding of No Significant Impact or a determination that an Environmental Impact Statement (EIS) is required. This scoping process may be used to scope for the EIS, should an EIS be deemed appropriate.

The Air Force will conduct a public scoping meeting from 6:30 to 8:30 p.m., Thursday, March 31, 2005 at the University of Guam, College of Arts and Science, Lecture Hall B, in Mangilao, Guam. Public comments on the scope of the Draft EA, reasonable alternatives that should be considered, anticipated environmental concerns, and actions that might be taken to address these issues are requested. Written comments will also be accepted at the address listed below.

FOR FURTHER INFORMATION CONTACT: All comments received at the meeting, and all written comments received by May 8, 2005 will be considered in preparing the Draft EA. Please submit written comments to Mr. Scott Whittaker, Environmental Flight Chief, Unit 14007, APO AP 96543-4007, Facsimile (671)

388-5088. For further information, please call (671) 388-2556.

Albert Bodnar,

Federal Register Liaison Officer.

DEPARTMENT OF DEFENSE

Department of the Air Force

Intent To Grant an Exclusive License.

Pursuant to the provisions of Part 404 of Title 37, Code of Federal Regulations, which implements Pub. L. 96-517, the Department of the Air Force announces its intention to grant Aseptico, Inc., a corporation of the State of Washington, an exclusive license under U.S. Patent 5,700,147, Air Controlled Sterile Irrigation System, to Mills *et al.* The license described above will be granted unless an objection thereto together with a request for an opportunity to be heard, if desired, is received in writing by the addressee set forth below, within fifteen (15) days from the date of publication of this Notice.

All communications concerning this Notice should be sent to: Paul D. Heydon, Patent Attorney, Commercial Law Division, Office of the Staff Judge Advocate, 311th Human Systems Wing, Air Force Materiel Command 8010, Chennault Path, Brooks City-Base, TX 78235, (210) 536-5359

BILLING CODE 5001-05-P

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The Leader, Information Management Case Services Team, Regulatory Information Management Services, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before April 14, 2005.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Carolyn Lovett, Desk Officer, Department of Education, Office of Management and Budget, 725 17th Street, NW., Room 10235, New

Executive Office Building, Washington, DC 20503 or faxed to (202) 395-6974.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Case Services Team, Regulatory Information Management Services, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) title; (3) summary of the collection; (4) description of the need for, and proposed use of, the information; (5) respondents and frequency of collection; and (6) reporting and/or recordkeeping burden. OMB invites public comment.

Dated: March 9, 2005.

Angela C. Arrington,

Leader, Information Management Case Services Team, Regulatory Information Management Services, Office of the Chief Information Officer.

Office of Vocational and Adult Education

Type of Review: Revision.

Title: Adult Education and Family Literacy Act State Plan (Pub. L. 105-220).

Frequency: Annually.

Affected Public: State, local, or tribal gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 59.

Burden Hours: 2,655.

Abstract: It is unlikely that Congress will pass a reauthorization of the Workforce Investment Act (WIA) this year. Therefore, the enclosed Policy Memorandum is designed to advise states about how to continue their adult education program under section 422 of the General Education Provisions Act (GEPA) (20 U.S.C. 1226 (a)).

Requests for copies of the submission for OMB review; comment request may be accessed from <http://>
