## II. What Action Is EPA Taking Today?

The EPA is proposing to approve revisions to Indiana's VOC SIP for Transwheel. The company has requested that it be permitted to use an oil cover as an equivalent control device for its cold cleaner degreaser, under 326 IAC 8-3-5(a)(5)(C). The oil cover is a layer of mineral oil several inches thick floating over the cleaning solvent in a dip tank. The solvent is a mixture of two water miscible compounds, NMP and MEA. The oil cover controls VOC emissions from the dip tank by reducing solvent evaporation.

## III. Where Can I Find More Information About This Proposal and the Corresponding Direct Final Rule?

For additional information, see the Direct Final Rule which is located in the Rules section of this **Federal Register**. Copies of the request and the EPA's analysis are available electronically at RME or in hard copy at the above address. Please telephone Matt Rau at (312) 886-6524 before visiting the Region 5 Office.

#### SUPPLEMENTARY INFORMATION:

##### A. Background

DFARS Transformation is a major DoD initiative to dramatically change the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dpap/dfars/transf.htm>.

This proposed rule is a result of the DFARS Transformation initiative. The proposed changes—

- Eliminate certain exceptions to requirements for uniform contract line item numbering at DFARS 204.7102, to promote standardization in contract writing; and

- Delete procedures for use and numbering of contract exhibits and attachments at DFARS 204.7105. This text will be relocated to the new DFARS companion resource, Procedures, Guidance, and Information, available at <http://www.acq.osd.mil/dpap/dars/pgi>.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

##### B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule pertains only to DoD administrative procedures for numbering of contract line items, exhibits, and attachments. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003-D082.

##### C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
