For the Tier Two and Three sites, emphasis would be placed on protecting significant resource values through cooperation with public and private landowners to encourage compatible uses. Only if owners offered to sell and State, local, or private entities had funds available, would acquisition of fee or easement be considered.

The VCT Initiative would be established through congressional action with an overall management entity/advisory committee supplemented with working task forces from each State.

The draft Environmental Impact Statement for the VCT was released to the public on April 26, 2004. The public comment period ended June 24, 2004. No substantive comments were received on the draft document; consequently, no changes were made to the alternatives or environmental consequences.

Cotton Shop Towels From Bangladesh, China, and Pakistan

AGENCY: United States International Trade Commission.

ACTION: Termination of five-year reviews.

SUMMARY: The subject five-year reviews were initiated in January 2005 to determine whether revocation of the countervailing duty order on cotton shop towels from Pakistan and the antidumping duty orders on cotton shop towels from Bangladesh and China would be likely to lead to continuation or recurrence of material injury to a domestic industry. Accordingly, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), the subject reviews are terminated.

EFFECTIVE DATE: February 17, 2005.
