33 CFR Part 100

[CGD 07-05-039]

RIN 1625-AA08

Special Local Regulations: Annual Suncoast Offshore Grand Prix; Gulf of Mexico, Sarasota, FL

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend the permanent special local regulations for the Suncoast Offshore Challenge and the Suncoast Offshore Grand Prix in the Gulf of Mexico near Sarasota, Florida. By existing permanent special local regulations, these two race events have nearly identical course and time characteristics, however one event is held annually on the first Saturday of July and the other event is held annually on the first Sunday of July. The sponsor has decided to combine the events into a single day, reduced the length of the racecourse, and modified the times of the event which would take place annually on the first Sunday of July between 10 a.m. and 5 p.m. (Eastern Daylight Time). These amended regulations are necessary to provide for the safety of life for the participating vessels, spectators, and mariners on the navigable waters of the United States during the event.

DATES: Comments and related material must reach the Coast Guard on or before June 6, 2005.

ADDRESSES: You may mail comments and related material to Coast Guard Marine Safety Office Tampa, 155 Columbia Drive, Tampa, Florida 33606-3598. Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to Coast Guard Marine Safety Office Tampa at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

The Annual Suncoast Offshore Challenge and Annual Offshore Grand Prix in the Gulf of Mexico near Sarasota, Florida are governed by permanent regulations at 33 CFR § 100.719 and 33 CFR § 100.720, respectively, and are normally held on the first Saturday and Sunday of July between 10 a.m. and 4 p.m. Event coordinators have decided to combine the two events to take place annually on the first Sunday of July between 10 a.m. and 5 p.m. Event coordinators are also reducing the length of the racecourse which would allow for Big Sarasota Pass channel to remain open during the event.

Discussion of Proposed Rule

This proposed rule is necessary to accommodate the rescheduling of the Annual Suncoast Offshore Challenge onto the date of the Annual Suncoast Offshore Grand Prix race date and to modify the regulated area to account for changes in the length of the racecourse. The proposed rule would remove 33 CFR § 100.719, the existing permanent

regulation for the Annual Suncoast Offshore Challenge scheduled for the first Saturday in July. That event would be consolidated with 33 CFR § 100.720, the Annual Suncoast Offshore Grand Prix into a one-day race event to be held on the already established Grand Prix race day, annually on the first Sunday of July. The proposed termination time of 33 CFR § 100.720 would change from 4 p.m. to 5 p.m. Additionally, the Coordinates of the regulated area would be modified to reflect a reduced length in the racecourse and to open Big Sarasota Pass to vessel traffic which is normally blocked under the existing special local regulations.

Regulatory Evaluation

This proposed rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary. The proposed regulation would be in effect for a limited time and is located in an area where vessel traffic is limited.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This proposed rule may affect the following entities, some of which may be small entities: the owners and operators of vessels intending to transit near to shore at Lido Key in Sarasota, FL in the vicinity of Big Sarasota Pass and New Pass annually from 10 a.m. to 5 p.m. on the first Sunday in July. This proposed rule would not have a significant economic impact on a substantial number of small entities
