

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

A proposed rule concerning this action was published in the **Federal Register** on April 1, 2005 (70 FR 16759). Copies of the proposed rule were also mailed or sent via facsimile to all Committee members. Finally, the proposal was made available through the Internet by USDA and the Office of the Federal Register. A 30-day comment period ending May 2, 2005, was provided for interested persons to respond to the proposal. No comments were received.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ama.usda.gov/fv/moab.html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

After consideration of all relevant material presented, including the information and recommendation submitted by the Committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it is also found and determined that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** because: (1) The 2005–2006 fiscal period begins on July 1, and the marketing order requires that the rate of assessment for each fiscal period apply to all assessable Washington potatoes handled during such fiscal period; (2) the Committee needs to have sufficient funds to pay for expenses which are incurred on a continuous basis; and (3) handlers are aware of this action which was unanimously recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years. Also, a 30-day comment period was provided for in the proposed rule and no comments were received.

List of Subjects in 7 CFR Part 946

Marketing agreements, Potatoes, Reporting and recordkeeping requirements.

■ For the reasons set forth in the preamble, 7 CFR part 946 is amended as follows:

PART 946—IRISH POTATOES GROWN IN WASHINGTON

■ 1. The authority citation for 7 CFR part 946 continues to read as follows:

Authority: 7 U.S.C. 601–674.

■ 2. Section 946.248 is revised to read as follows:

§ 946.248 Assessment rate.

On and after July 1, 2005, an assessment rate of \$0.0035 per hundredweight is established for Washington potatoes.

Dated: June 9, 2005.

Barry L. Carpenter,

Acting Administrator, Agricultural Marketing Service.

Food Safety and Inspection Service

9 CFR Part 381

[Docket No. 04–036F]

RIN 0583–AD13

Termination of Designation of the State of North Dakota With Respect to the Inspection of Poultry Products

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Final rule.

SUMMARY: The Food Safety and Inspection Service (FSIS) is amending the poultry products inspection regulations by terminating the designation of the State of North Dakota under sections 1 through 4, 6 through 10, 11(b), 11(c), and 12 through 22 of the Poultry Products Inspection Act (PPIA). FSIS has concluded that North Dakota is in a position to administer a State poultry inspection program, which is at least equal to the Federal poultry products inspection program.

DATES: Effective on June 17, 2005.

FOR FURTHER INFORMATION CONTACT:

Royce E. Sperry, Deputy Director; Review Staff; Office of Program Evaluation, Enforcement and Review, FSIS, USDA, telephone (402) 221–7401, extension 7484.

SUPPLEMENTARY INFORMATION:

Background

Section 5(c)(1) of the PPIA (21 U.S.C. 454(c)) authorizes the Secretary of Agriculture to designate a State as one in which the provisions of sections 1 through 4, 6 through 10, 11(b), 11(c), and 12 through 22 of the PPIA will apply to operations and transactions wholly within the State if the Secretary has determined that requirements at least equal to those imposed under the Act have not been developed and effectively enforced by the State.

The Secretary of Agriculture designated the State of North Dakota under paragraph 5(c)(1) of the PPIA, effective January 2, 1971 (42 FR 2949). The designation specified that North Dakota is a State in which the United States Department of Agriculture is responsible for providing poultry products inspection at eligible establishments and for otherwise enforcing the applicable provisions of the PPIA.

In addition, on July 23, 1973, a notice was published in the **Federal Register** (38 FR 19671) announcing that, effective on that date, the Department would assume the responsibility of administering the authorities provided for under sections 11(b) and (c) (21 U.S.C. 460(b) and (c)) of the PPIA regarding certain categories of processors of poultry products.

This designation was undertaken by the Department when USDA determined that the State of North Dakota was not in a position to enforce inspection requirements under State laws for poultry and poultry products in intrastate commerce that were at least equal to the requirements of the PPIA enforced by the Federal Government.

Section 5(c)(3) of the PPIA provides that whenever the Secretary of Agriculture determines that any designated State has developed and will enforce State poultry products inspection requirements that are at least equal to those imposed by the Federal Government under the PPIA, with respect to operations and transactions within the State, the Secretary will terminate the designation of the State. The Secretary has determined that the State of North Dakota has developed and will enforce a State poultry products inspection program in accordance with the provisions of the PPIA. FSIS has evaluated the North Dakota program and determined that it is at least equal to the Federal Government requirements. This evaluation also has shown that the State of North Dakota is in a position to enforce effectively the provisions of section 11(b) and (c) of the PPIA. Therefore, the designation of the State of North Dakota under sections 1 through 4, 6 through 10, 11(b), 11(c), and 12 through 22 of the PPIA is terminated.

FSIS published a proposed rule on March 14, 2005 (70 FR 12420). The public comment period ended on April 13, 2005. No comments were received.

Executive Order 12866 and Regulatory Flexibility Act

This proposed rule has been reviewed under Executive Order 12866. It has been determined to be not significant,

and has not been reviewed by the Office of Management and Budget (OMB).

Executive Order 12988

This proposed rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule: (1) Preempts State and local laws and regulations that are inconsistent with this rule; (2) has no retroactive effect; and (3) does not require administrative proceedings before parties may file suit in court proceedings challenging this rule. However, the administrative procedures specified in 9 CFR 306.5 must be exhausted before any judicial challenge of the application of the provisions of this proposed rule, if the challenge involves any decision of an FSIS employee relating to inspection services provided under the *Additional Public Notification*.

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with disabilities, are aware of this final rule, FSIS will announce it online through the FSIS Web page located at http://www.fsis.usda.gov/regulations_&_policies/2005_Interim_&_Final_Rules_Index/index.asp.

The Regulations.gov Web site is the central online rulemaking portal of the United States Government. It is being offered as a public service to increase participation in the Federal Government's regulatory activities. FSIS participates in Regulation.gov and will accept comments on documents published on the site. The site allows visitors to search by keyword or Department of Agency for rulemakings that allow for public comment. Each entry provides a quick link to a comment form so that visitors can type in their comments and submit them to FSIS. The Web site is located at <http://www.regulations.gov/>.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or would be of interest to our constituents and stakeholders. The update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update also is available on the FSIS Web page.

Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience.

In addition, FSIS offers an electronic mail subscription service that provides an automatic and customized notification when popular pages are updated, including **Federal Register** publications and related documents. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/ and allows FSIS customers to sign up for subscription options in eight categories. Options range from recalls to export information to regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

List of Subjects in 9 CFR Part 381

Poultry and poultry products.

■ For the reasons discussed in the preamble, FSIS is proposing to amend 9 CFR Chapter III as follows:

PART 381—POULTRY PRODUCTS INSPECTION REGULATIONS

■ 1. The authority citation for part 381 continues to read as follows:

Authority: 7 U.S.C. 138f; 7 U.S.C. 450; 21 U.S.C. 451–470; 7 CFR 2.17, 2.55.

§ 381.221 [Amended]

■ 2. Section 381.221 is amended by removing from the table the entry for “North Dakota.”

§ 381.224 [Amended]

■ 3. Section 381.224 is amended by removing from the table the two entries for “North Dakota.”

Done at Washington, DC, on June 7, 2005.

Barbara J. Masters,

Acting Administrator.

RIN 2120–AA64

Airworthiness Directives; Boeing Model 757 Series Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: This amendment adopts a new airworthiness directive (AD), applicable to all Boeing Model 757 series airplanes. For certain affected airplanes, this action requires repetitive testing of the secondary brakes of the horizontal stabilizer trim actuator (HSTA). For all affected airplanes, this action requires repetitive overhauls of the primary brake and differential assembly of the HSTA, which would constitute terminating action for the repetitive testing of the secondary brake. This action is necessary to prevent grease contamination on the primary HSTA brake and consequent loss of the primary brake function, which, in combination with the loss of the secondary HSTA brake function, could result in loss of control of the airplane. This action is intended to address the identified unsafe condition.

DATES: Effective July 22, 2005.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of July 22, 2005.

ADDRESSES: The service information referenced in this AD may be obtained from Boeing Commercial Airplanes, P.O. Box 3707, Seattle, Washington 98124–2207. This information may be examined at the Federal Aviation Administration (FAA), Transport Airplane Directorate, Rules Docket, 1601 Lind Avenue, SW., Renton, Washington; or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741–6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

FOR FURTHER INFORMATION CONTACT:

Kenneth W. Frey, Aerospace Engineer, Systems and Equipment Branch, ANM–130S, FAA, Seattle Aircraft Certification Office, 1601 Lind Avenue, SW., Renton, Washington; telephone (425) 917–6468; fax (425) 917–6590.

SUPPLEMENTARY INFORMATION:

A proposal to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) to include an airworthiness directive (AD) that is applicable to all Boeing Model 757 series airplanes was published in the **Federal Register** on December 22, 2003 (68 FR 71047). For certain affected airplanes, that action proposed to require repetitive testing of the secondary brakes of the horizontal stabilizer trim actuator (HSTA). For all affected airplanes, that action proposed to require repetitive overhauls of the primary brake, ballscrew assembly, and
