Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: We have identified no paperwork "non-hour cost" burdens associated with the collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * ". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on December 17, 2004, we published a **Federal Register**

notice (69 FR 75562) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR 250 regulations and forms. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by July 21, 2005.

Public Comment Procedure: MMS's practice is to make comments, including names and addresses of respondents, available for public review. If you wish your name and/or address to be withheld, you must state this prominently at the beginning of your comment. MMS will honor the request to the extent allowable by the law; however, anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be

made available for public inspection in their entirety.

in calculation of late-payment interest; Subpart B—Oil and Gas, General, §§ 218.52 How does a lessee designate a Designee? OMB Control Number: 1010–0107.

Bureau Form Number: Form MMS–4425.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary, under the Mineral Leasing Act (30 U.S.C. 1923) and the Outer Continental Shelf Lands Act (43 U.S.C. 1353), is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws.

The Secretary has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the royalty management functions and assists the Secretary in carrying out the Department’s trust responsibility.

This ICR includes unique reporting circumstances including designation of designee, cross-lease netting in calculation of late-payment interest, and tribal permission for recoupment on Indian leases. Applicable citations of the laws pertaining to mineral leases include Public Law 97–451—Jan. 12, 1983 (Federal Oil and Gas Royalty Management Act of 1982 [FOGRMA]); Public Law 104–185—Aug. 13, 1996 (Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 [RSFA]), as corrected by Public Law 104–200—Sept. 22, 1996); and the Indian Mineral Development Act of 1982 (25 U.S.C. 2101 *et seq.*). Public laws pertaining to mineral royalties are located on our Web site at http://www.mrm.mms.gov/Laws_R_D/PublicLawsAMR.htm.

Designation of Designee

The RSFA established that owners of, primarily, operating rights or, secondarily, lease record title (both referred to as “lessees”) are responsible for making royalty and related payments on Federal oil and gas leases. These RSFA requirements were promulgated in regulations at 30 CFR 218.52. It is common, however, for a payor rather than a lessee to make these payments. When a payor makes payments on

behalf of a lessee, RSFA section 6(g) requires that the lessee designate the payor as its designee and notify MMS of this arrangement in writing. The MMS designed Form MMS–4425, Designation Form for Royalty Payment Responsibility, to request all the information necessary for lessees to comply with these RSFA requirements when they choose to designate an agent to pay for them. The MMS requires this information to ensure proper mineral revenue collection.

Cross-Lease Netting in Calculation of Late-Payment Interest

Regulations at 30 CFR 218.54 require MMS to assess interest on unpaid or underpaid amounts. The MMS distributes these interest revenues to states, Indians, and the U.S. Treasury, based on financial lease distribution information. Current regulations at 30 CFR 218.42 provide that an overpayment on a lease or leases may be offset against an underpayment on a different lease or leases to determine the net payment subject to interest, when certain conditions are met. This is called cross-lease netting. However, RSFA sections 6(a), (b), and (c) require MMS to pay interest on lessees’ Federal oil and gas overpayments made on or after February 13, 1997 (6 months after the August 13, 1996, enactment of RSFA). The MMS implemented this RSFA provision in 1997 and began calculating interest on both underpayments and overpayments for Federal oil and gas leases, making the cross-lease netting provisions at 30 CFR 218.42 no longer applicable for these leases. The MMS is currently developing regulations to amend 30 CFR 218.42 to limit its applicability to payments made under Indian tribal leases and Federal leases for minerals other than oil and gas. The MMS estimates that, in about seven cases per year, lessees must comply with the provisions of 30 CFR 218.42(b) and (c) for Indian tribal leases or Federal leases other than oil and gas, demonstrating that cross-lease netting is correct by submitting production reports, pipeline allocation reports, or other similar documentary evidence. This information is necessary for MMS to determine the correct amount of interest owed by the lessee and to ensure proper value is collected.

Tribal Permission for Recoupment on Indian Leases

In order to report cross-lease netting on Indian leases, lessees must also comply with regulations at 30 CFR 218.53(b) and 218.203(b), allowing only lessees with written permission from

the tribe to recoup overpayments on one lease against a different lease for which the tribe is the lessor. The payor must furnish MMS with a copy of the tribe's written permission. Generally, a payor may recoup an overpayment against the current month's royalties or other revenues owed on the same tribal lease. For any month, a payor may not recoup more than 50 percent of the royalties or other revenues owed in that month, under an individual allotted lease, or more than 100 percent of the royalties or other revenues owed in that month, under a tribal lease. Lessees use Form MMS-2014, Report of Sales and Royalty Remittance (burden hours covered

under ICR 1010-0140, expires October 31, 2006), for oil and gas lease recoupments and Form MMS-4430, Solid Mineral Production and Royalty Report (burden hours covered under ICR 1010-0120, expires October 31, 2007), for solid mineral lease recoupments. The MMS requires tribal permission to ensure tribes and individual Indian mineral owners receive correct revenues from production on their leases. The MMS is requesting OMB's approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge his/her duties and may also result in loss of royalty payments. Proprietary information

submitted is protected, and there are no questions of a sensitive nature included in this information collection.

Frequency: On occasion.

covered in ICR 1010–0120 (expires October 31, 2007).

Estimated Annual Reporting and Recordkeeping “Non-hour” Cost Burden: We have identified no “non-hour” cost burdens.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Section 3506(c)(2)(A) of the PRA requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the **Federal Register** on October 19, 2004 (69 FR 61519), announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no comments relevant to the **Federal Register** notice. If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by July 21, 2005.

Public Comment Policy: We will post all comments in response to this notice on our Web site at http://www.mrm.mms.gov/Laws_R_D/InfoColl/InfoColCom.htm. We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Upon request, we will withhold an individual respondent’s home address from the public record, as allowable by law. There also may be circumstances in which we would withhold a respondent’s identity, as allowable by

law. If you request that we withhold your name and/or address, state your request prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.
