Notice of Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review: Certain Hot-Rolled Carbon Steel Flat Products From Thailand

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 11, 2005.

FOR FURTHER INFORMATION CONTACT: Stephen Bailey, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, at (202) 482-0193.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce ("the Department") received timely requests for administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products from Thailand, with respect to Sahaviriya Steel Industries Public Company Limited ("SSI") on November 30, 2004 from both SSI and domestic producer

Nucor Corporation. Also on November 30, 2004, the Department received a request for administrative review of the same order for SSI, Nakornthai Strip Mill Public Co., Ltd., and G Steel Public Company Limited (formerly Siam Strip Mill Public Co., Ltd.) from United States Steel Corporation. On December 27, 2004, the Department published a notice of initiation of this administrative review for the period of November 1, 2003, through October 31, 2004. See *Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 69 FR 77181 (December 27, 2004).

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall issue preliminary results in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

In light of the complexity of analyzing SSI's sales data of its multiple affiliates, its cost calculations and the control number reporting methodology for various products, it is not practicable to complete this review by the current deadline of August 2, 2005. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for the preliminary results until November 30, 2005, which is 365 days after the last day of the anniversary month of the date of publication of the order. The final results continue to be due 120 days after the publication of the preliminary results, in accordance with section 351.213 (h) of the Department's regulations.

This notice is issued and published in accordance to sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 30, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

Mark Flessner, Robert James, or Abdelali Elouaradia at (202) 482-6312, (202) 482-1374, or (202) 482-0649, respectively, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION: The final determinations in these investigations were published on May 17, 2005. See *Notice of Final Determination of Sales at Less Than Fair Value: Purified Carboxymethylcellulose From Finland*, 70 FR 28279 (May 17, 2005); *Notice of Final Determination of Sales at Less Than Fair Value: Purified Carboxymethylcellulose from Mexico*, 70 FR 28280 (May 17, 2005); *Notice of Final Determination of Sales at Less Than Fair Value: Purified Carboxymethylcellulose from the Netherlands*, 70 FR 28275 (May 17, 2005); and *Notice of Final Determination of Sales at Less Than Fair Value: Purified Carboxymethylcellulose From Sweden*, 70 FR 28278 (May 17, 2005).

Scope of the Orders

The merchandise covered by these orders is all purified carboxymethylcellulose (CMC), sometimes also referred to as purified sodium CMC, polyanionic cellulose, or cellulose gum, which is a white to off-white, non-toxic, odorless, biodegradable powder, comprising sodium CMC that has been refined and purified to a minimum assay of 90 percent. Purified CMC does not include unpurified or crude CMC, CMC Fluidized Polymer Suspensions, and CMC that is cross-linked through heat treatment. Purified CMC is CMC that has undergone one or more purification operations which, at a minimum, reduce the remaining salt and other by-product portion of the product to less than ten percent. The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States at subheading 3912.31.00. This tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Antidumping Duty Orders

On June 30, 2005, in accordance with section 735(d) of the Tariff Act of 1930, as amended (the Act), the ITC notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Act that an industry in the United States is materially injured by reason of less-than-fair-value imports of purified CMC from Finland, Mexico, the Netherlands and Sweden.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or the constructed export price) of the merchandise for all relevant entries of purified CMC from Finland, Mexico, the Netherlands and Sweden. These antidumping duties will be assessed on (1) all entries of purified CMC from Finland, Mexico, the Netherlands and Sweden entered, or withdrawn from warehouse, for consumption on or after December 27, 2004, the date on which

the Department published its notices of preliminary determinations in the **Federal Register**¹, and before June 25, 2005, the date on which the Department is required, pursuant to section 733(d) of the Act, to terminate the suspension of liquidation; and (2) on all subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination in the **Federal Register**. Entries of purified CMC from Finland, Mexico, the Netherlands and Sweden made between June 25, 2005, and the day preceding the date of publication of the ITC's notice of final determination in the **Federal Register** are not liable for the assessment of antidumping duties.

CBP officers must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as noted below. The "all others" rate applies to all manufacturers and exporters of subject merchandise not specifically listed. The weighted-average dumping margins are as follows:

Country	Manufacturer/Exporter	Margin
Finland	Noviant OY	6.65%
	All Others	6.65%
Mexico	Quimica Amtex	12.61%
	All Others	12.61%
Netherlands	Noviant B.V.	14.88%
	Akzo Nobel	13.39%
	All Others	14.57%
Sweden	Noviant AB	25.29%
	All Others	25.29%

Pursuant to section 736(a) of the Act, this notice constitutes the antidumping duty orders with respect to purified CMC from Finland, Mexico, the Netherlands and Sweden. Interested parties may contact the Department's Central Records Unit, Room B-099 of the main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

These orders are issued and published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: June 30, 2005.
