**SUPPLEMENTARY INFORMATION:** *Titles:* Treasury International Capital Form BL-2/BL-2(SA), Report by Depository Institutions, Brokers and Dealers of Customers' U.S. Dollar Liabilities to Foreigners.

*OMB Control Number:* 1505-0018.

*Abstract:* Form BL-2/BL-2(SA) is part of the Treasury International Capital (TIC) reporting system, which is required by law (22 U.S.C. 286f; 22 U.S.C. 3103; E.O. 10033; 31 CFR 128) and is designed to collect timely information on international portfolio capital movements. Form BL-2 is a monthly report (with a semiannual supplement) filed by banks, other depository institutions, brokers and dealers that covers their U.S. customers' dollar liabilities vis-à-vis foreign residents. This information is necessary for compiling the U.S. balance of payments accounts and the U.S.

international investment position, and for formulating U.S. international financial and monetary policies. Current Actions: (a) The list for reporting the location of foreign counterparties on all TIC reporting forms will be increased to a total of roughly 245 countries and other areas. This longer list is essentially the same as the lists used for years in the TIC benchmark and annual reports, and thus will establish a uniform list of countries/areas consistent across all TIC reporting forms. Comments from TIC respondents indicate that their modern computerized database systems can easily produce all TIC reports for this longer list of countries/areas. This change will apply to the monthly and quarterly B-forms, C-forms, Form D and Form S and will allow the semiannual B-forms to be eliminated (see action b below). This action is expected to result in an overall reduction in burden for TIC respondents as a whole, as well as satisfying Treasury's need for more timely information on a larger number of countries. Comments from TIC respondents indicate that the combination of the longer uniform country list and the virtual elimination of rows for "other countries" will reduce significantly the total burden from all TIC reports, including the burdens of cross-checking information, responding to inquiries from data compilers, and making revisions to data reports; (b) The semiannual reports BC(SA), BL-1(SA) and BL-2(SA) will be eliminated. These reports for about 130 countries/areas will be made unnecessary by action (a) above; and (c) these changes will be effective beginning with the reports as of June 30, 2006.

*Type of Review:* Revision of a currently approved collection.

*Affected Public:* Business or other for-profit organizations.

Form BL-2/BL-2(SA) (1505-0018)  
*Estimated Number of Respondents:* 90 (semiannual 35)

*Estimated Average Time per Respondent:* Seven and one-half (7.5) hours per respondent per filing. This average time varies from 11 hours for the approximately 30 major reporters to 5.5 hours for the other reporters.

*Estimated Total Annual Burden Hours:* 8,635 hours, based on twelve reporting periods per year.

*Request for Comments:* Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit written comments concerning: (a) Whether

Form BL-2/BL-2(SA) is necessary for the proper performance of the functions of the Office, including whether the information will have practical uses; (b) the accuracy of the above estimate of the burdens; (c) ways to enhance the quality, usefulness and clarity of the information to be collected; (d) ways to minimize the reporting and/or record keeping burdens on respondents, including the use of information technologies to automate the collection of the data; and (e) estimates of capital or start-up costs of operation, maintenance and purchase of services to provide information.
