Applications for grants under the Rehabilitation Continuing Education Programs—Regional Rehabilitation Continuing Education Projects—Community Rehabilitation Programs—CFDA Number 84.264B must be submitted electronically using the Grants.gov Apply site at: <http://www.grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for Rehabilitation Continuing Education Programs—Regional Rehabilitation Continuing Education Projects—Community Rehabilitation Programs at: <http://www.grants.gov>. You must search for the downloadable application package for this program by the CFDA number.

Do not include the CFDA number's alpha suffix in your search.

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are time and date stamped. Your application must be fully uploaded and submitted, and must be date/time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date/time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date/time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your Internet connection. - You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. - We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically, or by hand delivery. You also may mail your application by following the mailing instructions as described elsewhere in this notice. 2. *Review and Selection Process:* Additional factors we consider in selecting an application for an award are in 34 CFR parts 385 and 389.30.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. *Performance Measures:* The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The goal of the RCEP—RRCEP—CRP is to upgrade the skills of personnel currently employed in private rehabilitation agencies and facilities that cooperate with State vocational rehabilitation units in providing vocational rehabilitation and other rehabilitation services and personnel in centers for independent living. In order

to measure the success of RRCEPs in meeting this goal, each RRCEP grantee is required to conduct an evaluation of RRCEP training activities. In annual performance reports, RRCEPs are required to provide specific information on the number of training activities, the topics of each training program, the number of participants served, the target groups represented by participants, and summary data from participant evaluations. This information allows the Rehabilitation Services Administration (RSA) to measure results against the regional needs assessment conducted by the RRCEP and against the goal of upgrading the skills of personnel currently employed in CRPs that cooperate with State vocational rehabilitation units in providing vocational rehabilitation and other rehabilitation services and centers for independent living. RSA is in the process of developing a uniform data collection instrument for future use to collect these data directly from the grantee. We expect to have a draft instrument available for public comment by December 31, 2005. Use of the uniform data collection instrument is expected to be required beginning with the 2007 project period.
