

Background

At a 2003 meeting with the Fruit and Vegetable Industry Advisory Committee, AMS was asked to review all the fresh fruit and vegetable grade standards for usefulness in serving the industry. AMS had identified the United States Standards for Grades of Lemons for a possible revision. The United States Standards for Grades of Lemons were last amended December 27, 1999.

On April 26, 2005, a notice seeking comments regarding any revision to the lemon grade standards that may be necessary to better serve the industry was published in the **Federal Register** (70 FR 21392) with the comment period that ended June 27, 2005. During that sixty-day comment period, no comments were received.

The Agency has decided not to proceed further with this action.
