

familiar with the community. The survey will be conducted using a computer simulated nonuniform-price, sequential auction for the procurement of best management practices. Participants will be presented with a selection of best management practices that are feasible for use on their actual parcel. Information regarding how each BMP will perform on their specific parcel, as well as the installation, operation, and maintenance costs will be provided. The auction is designed to compensate residents for their costs of adopting best management practices on their property. Participants who wish to adopt BMPs will submit bids that consist of the size and type of the BMPs and the minimum compensation that they require. The goal is to pay those landowners who adopt the most effective best management practices at the lowest price. Survey results will then be used to estimate the minimum payments required to achieve control stormwater runoff through on-site best management practices. Data will be stored on U.S. Environmental Protection Agency computer files that protect respondent confidentiality. Summary results will be made available to the public.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 2 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Homeowners in the Shepherd Creek Area of Cincinnati, OH.

Estimated Number of Respondents: 60.

Frequency of Response: On Occasion.

Estimated Total Annual Hour Burden: 120.

Estimated Total Annual Cost: \$3,000, includes \$0 annualized capital or O&M costs.

Dated: October 19, 2005.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On March 17, 2005 (70 FR 13025), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA has addressed the comments received in the supporting statement of this ICR.

EPA has established a public docket for this ICR under Docket ID No. OW-2004-0038, which is available for public viewing at the Water Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Water Docket is (202) 566-2426. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: Survey of Airport Deicing Operations.

Abstract: EPA is developing wastewater discharge standards, called "effluent guidelines," for airports

pursuant to the Agency's 2004 Effluent Guidelines Plan (69 FR 53719, September 2, 2004). The focus of the rulemaking is on wastewater discharges from aircraft and airport pavement deicing operations. EPA will send survey questionnaires to a sample of airports and airlines to help the Agency compile a national assessment of deicing operations. Three questionnaires will be used: A detailed airport questionnaire, a short "screener" airline questionnaire, and a detailed airline questionnaire. The detailed questionnaires will include questions on the deicing technologies employed, amount of deicing chemicals used, pollution prevention techniques, and economic and financial information. The airline screener will ask airlines whether they deice their own aircraft at specified locations, or if another party conducts the deicing operation. EPA will use the screener results to select airline locations for responding to the detailed airline questionnaire. Completion of this one-time survey will be mandatory pursuant to section 308 of the Clean Water Act.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 62 hours for airport questionnaire respondents, 21 hours for airline detailed questionnaire respondents, and 5.5 hours for airline screener respondents to complete and review their responses to the questionnaire and associated data submissions. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Airports and airlines that perform deicing and anti-icing on aircraft and/or airfield pavement.

Estimated Number of Respondents: 290.

Frequency of Response: One time response.

Estimated Total Annual Hour Burden: 20,851 hours.

Estimated Total Annual Cost: \$871,998, includes \$0 annualized capital expenditure and \$8,134 Respondent O&M costs.

Dated: October 19, 2005.

Proposed Settlement Agreement, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement, to address petitions for review filed by American Chemistry Council ("ACC"), Eastman Chemical Company, Clariant LSM (America), Inc., Rohm and Haas Company, General Electric Company, Lyondell Chemical Company and the Coke Oven Environmental Task Force (collectively "petitioners"). *ACC et al. v. EPA* Nos. 04-1004 (and consolidated cases 04-1005, 04-1008, 04-1009, 04-1010, 04-1012, and 04-1013) (D.C. Cir.). In January 2003, petitioners filed petitions for review challenging the final EPA rule entitled "National Emission Standards for Hazardous Air Pollutants: Miscellaneous Organic Chemical Manufacturing; Final Rule" ("MON"). 68 FR 63852 (November 10, 2003). Under the terms of the proposed settlement agreement, EPA has agreed that: On or before November 30, 2005, the EPA Administrator will sign a notice of proposed rulemaking to amend the MON as provided in Attachment A to the Settlement Agreement; As part of the proposed amendments to the MON, EPA will include language in the preamble as provided in Attachment B to the Settlement Agreement; Within 30

days of the date the comment period on the proposed amendments closes, EPA will take final action on the proposed 18 month compliance extension; and Within 150 days of the date the comment period on the proposed amendments closes, EPA will sign a notice of final rulemaking.

DATES: Written comments on the proposed settlement agreement must be received by November 25, 2005.

ADDRESSES: Submit your comments, identified by docket ID number OGC-2005-0015, online at <http://www.epa.gov/edocket> (EPA's preferred method); by e-mail to oei.docket@epa.gov; mailed to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD-ROM should be formatted in Wordperfect or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Settlement

This case concerns challenges to the rule entitled "National Emission Standards for Hazardous Air Pollutants: Miscellaneous Organic Chemical Manufacturing; Final Rule" ("MON"). 68 FR 63852 (November 10, 2003). These standards are based on the performance of Maximum Achievable Control Technology (MACT), and implement section 112(d) of the Clean Air Act. Under the terms of the proposed settlement agreement, EPA has agreed that: (1) On or before November 30, 2005, the EPA Administrator will sign a notice of proposed rulemaking to amend the MON as provided in Attachment A to the Settlement Agreement; (2) As part of the proposed amendments to the MON, EPA will include language in the preamble as provided in Attachment B to the Settlement Agreement; (3) Within 30 days of the date the comment period on the proposed amendments closes, EPA will take final action on the
