Title: Foreign Purchaser Acknowledgment Statement of Unregistered Pesticides.

ICR Numbers: EPA ICR Number 0161.10, OMB Control Number 2070-0027.

Abstract: This information collection program is designed to enable EPA to provide notice to foreign purchasers of unregistered pesticides exported from the United States that the pesticide product cannot be sold in the United States. Section 17(a)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) requires an exporter of any pesticide not registered under FIFRA section 3 or sold under FIFRA section 6(a)(1) to obtain a signed statement from the foreign purchaser acknowledging that the purchaser is aware that the pesticide is not registered for use in, and cannot be sold in, the United States. A copy of this statement must be transmitted to an appropriate official of the government in the importing country. The purpose of the purchaser acknowledgment statement requirement is to notify the government of the importing country that a pesticide judged hazardous to human health or the environment, or for which no such hazard assessment has been made, will be imported into that country. This information is submitted in the form of annual or per-shipment statements to

EPA, which maintains original records and transmits copies thereof to appropriate government officials of the countries which are importing the pesticide.

Burden Statement: Under the PRA, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized in this notice. The annual public burden for this ICR is estimated to be 24,700. The following is a summary of the estimates taken from the ICR:

Respondents/Affected Entities: All exporters of unregistered pesticides.

Estimated Number of Respondents: 2,500.

Frequency of Response: Annual or per-shipment.

Estimated Total Annual Hour Burden: 24,700.

Estimated Total Annual Burden Cost: \$2,134,400.

Changes in the Estimates: The total annual respondent burden cost for this ICR is estimated to be \$2,134,400, an increase of \$232,000 over the present ICR. This slight increase in respondent burden cost is due to adjustments in labor rates.

Dated: October 3, 2005.

Oscar Morales,

Director, Collection Strategies Division.
