

§ 558.128 [Amended]

■ 2. In § 558.128, amend the table in paragraph (e)(4) in the "Limitations" column as follows:

■ a. In paragraph (ii), remove "To sponsor No. 046573: zero withdrawal time. To sponsor No. 053389: 1 d withdrawal time." and add in its place "To sponsor Nos. 046573 and 048164: zero withdrawal time.";

■ b. In paragraph (iv) in entry 1, remove "To sponsor No. 053389: 1 d withdrawal time. To sponsor No. 046573: zero withdrawal time." and add in its place "To sponsor Nos. 046573 and 048164: zero withdrawal time.";

■ c. In paragraph (viii) in entries 1 and 2, remove "For sponsor 046573: zero withdrawal time. For sponsor 053389: 1 d withdrawal time." and add in its place "To sponsor Nos. 046573 and 048164: zero withdrawal time.".

Dated: March 30, 2006.

Steven D. Vaughn,

Director, Office of New Animal Drug Evaluation, Center for Veterinary Medicine.

Coast Guard
33 CFR Part 100

[CGD 11-06-002]

RIN 1625-AA08

Special Local Regulations for Marine Events; 2006 San Francisco Giants' Opening Night Fireworks Display, San Francisco Bay, CA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing special local regulations in the navigable waters of San Francisco Bay for the loading, transport, and launching of fireworks used during the 2006 San Francisco Giants' Opening Night Fireworks Display to be held on April 7, 2006. These special local regulations are intended to prohibit vessels and people from entering into or remaining within the regulated areas in order to ensure the safety of participants and spectators.

DATES: This rule is effective from 1 p.m. to 10 p.m. on April 7, 2006.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of the docket CGD 11-06-002 and are available for inspection

or copying at Coast Guard Sector San Francisco, 278 Yerba Buena Island, San Francisco, California 94130, between 9 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Junior Grade Jennifer Green, U.S. Coast Guard Sector San Francisco, at (415) 556-2950 ext. 136.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. Logistical details surrounding the event were not finalized and presented to the Coast Guard in time to draft and publish an NPRM. As such, the event would occur before the rulemaking process was complete. Because of the dangers posed by the pyrotechnics used in this fireworks display, special local regulations are necessary to provide for the safety of event participants, spectator craft, and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event.

For the same reasons listed in the previous paragraph, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay in the effective date of this rule would expose mariners to the dangers posed by the pyrotechnics used in this fireworks display.

Background and Purpose

The San Francisco Giants are sponsoring a brief fireworks display on April 7, 2006 in the waters of San Francisco Bay near AT&T Park. The fireworks display is meant for entertainment purposes as a finale to conclude the 2006 San Francisco Giants' Opening Night baseball game. These special local regulations are being issued to establish a temporary regulated area in San Francisco Bay around the fireworks launch barge during loading of the pyrotechnics, during the transit of the barge to the display location, and during the fireworks display. This regulated area around the launch barge is necessary to protect spectators, vessels, and other property from the hazards associated with the pyrotechnics on the fireworks barge. The Coast Guard has granted the event sponsor a marine event permit for the fireworks display.

Discussion of Rule

The Coast Guard is establishing temporary special local regulations on specified waters off of the San Francisco waterfront. During the loading of the fireworks barge, while the barge is being towed to the display location, and until the start of the fireworks display, the special local regulations apply to the navigable waters around and under the fireworks barge within a radius of 100 feet. During the 15-minute fireworks display, the area to which these special local regulations apply will increase in size to encompass the navigable waters around and under the fireworks barge within a radius of 1,000 feet. Loading of the pyrotechnics onto the fireworks barge is scheduled to commence at 1 p.m. on April 7, 2006, and will take place at Pier 50 in San Francisco. Towing of the barge from Pier 50 to the display location is scheduled to take place between 5:30 p.m. and 7:30 p.m. on April 7, 2006. During the fireworks display, scheduled to commence at approximately 9:30 p.m., the fireworks barge will be located approximately 1,000 feet off of Pier 48 in position 37°46'57.2" N., 122°23'58.0" W.

The effect of the temporary special local regulations will be to restrict general navigation in the vicinity of the fireworks barge while the fireworks are loaded at Pier 50, during the transit of the fireworks barge, and until the conclusion of the scheduled display. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. These regulations are needed to keep spectators and vessels a safe distance away from the fireworks barge to ensure the safety of participants, spectators, and transiting vessels.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

Although this regulation prevents traffic from transiting a portion of San Francisco Bay during the event, the effect of this regulation will not be significant due to the small size and limited duration of the regulated area. The entities most likely to be affected are pleasure craft engaged in recreational activities and sightseeing. We expect the economic impact of this

rule to be so minimal that a full Regulatory Evaluation is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule is not expected to have a significant economic impact on a substantial number of entities, some of which may be small entities. This rule may affect owners and operators of pleasure craft engaged in recreational activities and sightseeing. This rule will not have a significant economic impact on a substantial number of small entities for several reasons: (i) Vessel traffic can pass safely around the area, (ii) vessels engaged in recreational activities and sightseeing have ample space outside of the affected portion of San Francisco Bay to engage in these activities, (iii) this rule will encompass only a small portion of the waterway for a limited period of time, and (iv) the maritime public will be advised in advance of these special local regulations via public notice to mariners.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. If the rule will affect your small business, organization, or government jurisdiction and you have questions concerning its provisions, options for compliance, or assistance in understanding this rule, please contact Lieutenant Junior Grade Jennifer Green, U.S. Coast Guard Sector San Francisco, at (510) 437–5873.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by

employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes,

or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (*e.g.*, specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation.

A final “Environmental Analysis Check List” and a final “Categorical Exclusion Determination” will be available in the docket where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233, Department of Homeland Security Delegation No. 0170.1.

■ 2. Add temporary § 100.35-T11-075 to read as follows:

§ 100.35-T11-075 2006 San Francisco Giants' Opening Night Fireworks Display, San Francisco Bay, CA.

(a) *Regulated Area.* A regulated area is established for the waters of San Francisco Bay surrounding a barge used as the launch platform for a fireworks display to be held at the conclusion of the 2006 San Francisco Giants' Opening Night baseball game. During the loading of the fireworks barge, during the transit of the fireworks barge to the display location, and until the start of the fireworks display, the regulated area encompasses the navigable waters around and under the fireworks barge within a radius of 100 feet. During the 15 minutes preceding the fireworks display and during the 15-minute fireworks display itself, the regulated area increases in size to encompass the navigable waters around and under the fireworks launch barge within a radius of 1,000 feet. Loading of the pyrotechnics onto the fireworks barge is scheduled to commence at 1 p.m. on April 7, 2006, and will take place at Pier 50 in San Francisco. Towing of the barge from Pier 50 to the display location is scheduled to take place between 5:30 p.m. and 7:30 p.m. on April 7, 2006. During the fireworks display, scheduled to start at approximately 9:30 p.m. on April 7, 2006, the barge will be located approximately 1,000 feet off of San Francisco Pier 48 in position 37°46'57.2" N., 122°23'58.0" W.

(b) *Definitions.* (1) Coast Guard Patrol Commander means a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the Commander, Coast Guard Sector San Francisco.

(2) Official Patrol means any vessel assigned or approved by Commander, Coast Guard Sector San Francisco with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

(c) *Special Local Regulations.* (1) Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

(2) The operator of any vessel in the regulated area shall:

(i) Stop the vessel immediately when directed to do so by any Official Patrol.

(ii) Proceed as directed by an Official Patrol.

(d) *Enforcement Period.* This section will be enforced from 1 p.m. to 10 p.m. on April 7, 2006. If the event concludes prior to the scheduled termination time, the Coast Guard will cease enforcement of the special local regulations and will announce that fact via Broadcast Notice to Mariners.

Dated: March 29, 2006.

K.J. Eldridge,

Rear Admiral, U.S. Coast Guard, Commander, Eleventh Coast Guard District.

RIN 2060-AM21

Amendments to Vehicle Inspection Maintenance Program Requirements to Address the 8-Hour National Ambient Air Quality Standard for Ozone

AGENCY: Environmental Protection Agency.

ACTION: Final rule.

SUMMARY: Today's action revises the Motor Vehicle Inspection/Maintenance (I/M) regulation to update submission and implementation deadlines and other timing-related requirements to more appropriately reflect the implementation schedule for meeting the 8-hour National Ambient Air Quality Standard (NAAQS) for ozone. This action is directed specifically at those areas that will be newly required to implement I/M as a result of being designated and classified under the 8-hour ozone standard; the conditions under which an existing I/M program under the 1-hour ozone standard must continue operation under the 8-hour standard are addressed through application of the Clean Air Act's anti-backsliding provisions.

DATES: This rule is effective May 8, 2006.

ADDRESSES: EPA has established a docket for this action under Docket ID

No. OAR-2004-0095. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the EPA Public Reading Room, Room B102, EPA West Building, 1301 Constitution Avenue, NW., Washington, DC 20004. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m. Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744.

FOR FURTHER INFORMATION CONTACT: David Sosnowski, Office of Transportation and Air Quality, Transportation and Regional Programs Division, 2000 Traverwood, Ann Arbor, Michigan 48105. Telephone (734) 214-4823.
