SYSTEM NAME:

Indian Health Service Medical Staff Credentials and Privileges Records, HHS/IHS/OCPS.

SECURITY CLASSIFICATION:

None.

SYSTEM LOCATION:

Each Indian Health Service (IHS) Area Office and each IHS Service Unit (Appendix 1). Records may also be located at hospitals and offices of health care providers who are under contract with IHS. A current list of contractor sites is available by writing to the appropriate System Manager (Area or Service Unit Director) at the address shown in Appendix I.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Prospective, current and former IHS medical staff members. The term IHS medical staff includes fully licensed individuals permitted by law to provide patient care services independently and without concurrent professional direction or supervision, within the scope of his/her license and in accordance with individually granted clinical privileges. The IHS medical staff includes physicians (M.D. and D.O.) and dentists and may include other health care practitioners such as psychologists, optometrists, podiatrists, audiologists, and, in some states, certified nurse midwives. Types of assignment categories of current and former IHS medical staff members include the following:

Provisional—Those new members of the medical staff who are serving a required initial probationary period, as specified in the local medical staff bylaws. During this time, their qualifications for membership on the active or courtesy IHS medical staff are assessed.

Active—Those members who are Federal employees and/or spend at least fifty percent of their professional time providing patient care related services in the facility.

Temporary—Those members who provide services on a short-term basis or have applied for active medical staff membership and are awaiting a full credential review.

Courtesy or Associate—Those members who generally provide services on a periodic or episodic basis (e.g., consultants for specialty clinics).

CATEGORIES OF RECORDS IN THE SYSTEM:

Contains name, Social Security number, IHS medical staff membership and privileges applications and associated forms, employment data, liability insurance coverage, credentialing history of licensed health professionals, personal, educational, and demographic background information, professional performance information consisting of continuing education, performance awards, and adverse or disciplinary actions, and evaluations and approvals completed by IHS medical staff reviewers.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Federal Records Act (44 U.S.C. 2901), Privacy Act of 1974, as amended (5 U.S.C. 552a), Indian Self Determination and Education and Assistance Act (25 U.S.C. 450), Snyder Act (25 U.S.C. 13), Indian Health Care Improvement Act (25 U.S.C. 1601 *et seq.*), Indian Health

Service Transfer Act (42 U.S.C. 2001–2004).

PURPOSE(S):

The purposes of this system are:

1. To ensure that IHS medical staff members are qualified, competent and capable of delivering quality health services consistent with those of the medical community at large and that they are granted privileges commensurate with their training and competence and with the ability of the facility to provide adequate support equipment, services, and staff.

2. To inform health care practitioner(s) and staff of health care facilities, state or county health professional societies or licensing boards to whom the subject individual may apply for clinical privileges, membership or licensure, of the subject individual's professional competence, character and ethical qualifications. This may include information regarding drug or alcohol abuse or dependency. Within the Department such releases may be made to personnel staffs of DHHS Regional Offices.

3. To provide adverse health care practice information to the National Practitioner Data Bank-Healthcare Integrity and Protection Data Bank (NPDB–HIPDB) established under Title IV of Pub. L. 99–660, the Health Care Quality Improvement Act of 1986, as amended, and Section 221(a) of Pub. L. 104–191, the Health Insurance Portability and Accountability Act of 1996. The purpose of such a release is to provide information concerning a current or former IHS medical staff member whose professional health care activity failed to conform to generally accepted standards of professional medical practice.

4. To provide health care practice information concerning current or former members of the IHS medical staff with Commissioned Corps status to the Division of Commissioned Personnel, U.S. Public Health Service, so that an informed decision may be made concerning the promotion, retention, or reassignment of the subject individual.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

1. Records may be disclosed to organizations authorized to conduct evaluation studies concerning the delivery of health care services by the IHS (e.g., Joint Commission on the Accreditation of Healthcare Organizations).

2. IHS may disclose records consisting of name, Social Security number, employment history and any

professional qualification information concerning medical staff membership and privileges, professional competence, clinical judgment and personal character to a state or local government health professional licensing board, to the Federation of State Medical Boards, to the NPDB–HIPDB, and/or to a similar entity which has the authority to maintain records concerning the issuance, retention or revocation of licenses or registrations necessary to practice a health professional occupation or specialty. The purpose of this disclosure is to inform medical profession licensing boards and appropriate entities about the health care practices of a current, terminated, resigned, or retired IHS medical staff member whose professional health care activity significantly failed to conform to generally accepted standards of professional medical practice. This will be done within the guidelines for notice, hearing, and review as delineated in the medical staff bylaws for the IHS facility and/or within other HHS or IHS regulations or policies.

3. IHS may disclose biographic data and information supplied by potential applicants to (a) references listed on the IHS medical staff and/or privileges application and associated forms for the purpose of evaluating the applicant's professional qualifications, experience, and suitability, and (b) a state or local government health profession licensing board, to a health-related professional organization, to the Federation of State Medical Boards, and to the NPDB–HIPDB or a similar entity for the purpose of verifying that all claimed background and employment data are valid and all claimed credentials are current and in good standing.

4. Records may be disclosed to other Federal agencies (including the Office of Personnel Management for subject individuals applying for or maintaining Civil Service appointments), to state and local governmental agencies, and to organizations in the private sector to which the subject individual applies for clinical privileges, membership or licensure for the purpose of documenting the qualifications and competency of the subject individual to provide health services in his/her health profession based on the individual's professional performance while employed by the IHS.

5. The Department may disclose information from this system of records to the Department of Justice, or to a court or other tribunal, when (a) HHS, or any component thereof, or (b) any HHS employee in his or her official capacity; or (c) any HHS employee in

his or her individual capacity where the Department of Justice (or HHS, where it is authorized to do so) has agreed to represent the employee; or (d) the United States or any agency thereof where HHS determines that the litigation is likely to affect HHS or any of its components, is a party to litigation or has an interest in such litigation, and HHS determines that the use of such records by the Department of Justice, the court or other tribunal is relevant and necessary to the litigation and would help in the effective representation of the governmental party, provided, however, that in each case, HHS determines that such disclosure is compatible with the purpose for which the records were collected.

6. Records may be disclosed to a congressional office from the record of an individual in response to a verified inquiry from the congressional office made at the written request of that individual.

7. In the event that a system of records maintained by the IHS to carry out its functions indicates a violation or potential violation of law, whether civil, criminal, or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule or order issued pursuant thereto, the relevant records in the system of records may be referred to the appropriate agency, whether Federal, state, or local, charged with enforcing or implementing the statute or rule, regulation or order issued pursuant thereto.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

File folders and computer-based or electronic files.

RETRIEVABILITY:

Indexed and retrieved by name, Social Security number, and any other identifying numbers necessary to establish the identity of an individual whose record is maintained in the system of records.

SAFEGUARDS:

1. *Authorized Users:* Access is limited to authorized personnel for use in the performance of their official duties. Authorized personnel include: Physician Recruitment and other Health Professions Branch Staff and Area Governing Board Members at IHS Area Offices, and Service Unit Directors, Clinical Directors and members of the Credentials and Privilege Committee of each IHS Service Unit. At each location where records in this system will be

maintained, a list of personnel or categories of personnel having an official need-to-know has been developed and is maintained.

2. *Physical Safeguards:* Records are kept in locked metal filing cabinets or in locked desk drawers in secured rooms at all times when not actually in use during working hours and at all times during non-working hours. Record storage areas, including file cabinets and desks, are not left unattended or unlocked during office hours, including lunch hours. Computer-based or electronic records are password protected security and any additional internal security for database (linked or unlinked).

3. *Procedural Safeguards:* Persons who have an official need-to-know are entrusted with records from this system of records and are instructed to safeguard the confidentiality of these records and to destroy all copies or to return such records when the need to know has expired. Instructions include the statutory penalties for noncompliance. Proper charge-out procedures are followed for the removal of records from the area in which they are maintained. Before an employee who will control disclosure of records can work with the records (*i.e.*, employees who report to the system manager) the system manager or designee ensures that the employee has received training in the safeguards applicable to the records and is aware of the actions to take to restrict disclosure. When copying records for authorized purposes, care is taken to ensure that any imperfect pages are not left in the reproduction room where they can be read but are destroyed or obliterated.

4. *Implementation Guidelines:* DHHS Chapter 45–13 and supplementary Chapter PHS.hf:45–13 of the General Administration Manual; DHHS, “Automated Information Systems Security Program Handbook,” as amended; DHHS IRM Policy HHS–IRM–2000–0005, “IRM Policy for IT Security for Remove Access; OMB Circular A–130 “Management of Federal Information Resources”; and E-Government Act of 2002 (Pub. L. 107–347, 44 U.S.C. Ch 36).

RETENTION AND DISPOSAL:

Records are maintained by IHS for at least ten years after the individual’s termination of employment or association with IHS. Records of unsuccessful applicants for medical staff membership will be retained for three years after his/her rejection. After these periods of retention expire,

records are destroyed by shredding or burning.

Office of Inspector General

Program Exclusions: May 2006

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions. During the month of May 2006, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusions is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.
