Title: 7 CFR Part 226, Child and Adult Care Food Program.

OMB Numbers: 0584-0055.

Expiration Date: 3/31/2009.

Type of Request: Revision of currently approved information collection.

Abstract: FNS is amending the regulations for the Child and Adult Care

Food Program (CACFP) at 7 CFR Part 226 to incorporate the provisions of the William F. Goodling Child Nutrition Reauthorization Act of 1998, which authorized certain afterschool care centers to be reimbursed for snacks served to at-risk children 18 years of age and younger. The rule is also being amended to establish the eligibility of at-risk afterschool care centers to serve free snacks to children who participate in afterschool programs. These changes were originally proposed by the Department in a rulemaking published on October 11, 2000 (65 FR 60502).

Due to the drop-in nature of many afterschool programs, the Department did not propose extensive reporting and recordkeeping requirements. In addition to application and eligibility records, an at-risk center must document daily attendance, number of snacks prepared or delivered, number of snacks served, and menus for each snack service. Consistent with the objective of keeping program administration minimal, the Department proposed only one additional reporting requirement—that at-risk centers report the total number of snacks served to eligible children. The proposed recordkeeping and reporting provisions are maintained in the final rule.

Affected Public: State, local or tribal Government, Individuals or Households, Business or other for-profit institutions, Not-for-profit institutions, and Federal government.
