

sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information regarding regulations for the importation of live swine, pork, and pork products from Mexico, contact Dr. Masoud Malik, Senior Staff Veterinarian, Technical Trade Services, National Center for Import and Export, 4700 River Road, Unit 40, Riverdale, MD 20737; (301) 734-3277. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

SUPPLEMENTARY INFORMATION:

Title: Importation of Live Swine, Pork, and Pork Products From Eight Mexican States.

OMB Number: 0579-0230.

Type of Request: Revision and extension of approval of an information collection.

Abstract: The Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture (USDA) is authorized, among other things, to prohibit the importation and interstate movement of animals and animal products to prevent the introduction into and dissemination within the United States of animal diseases and pests. To fulfill this mission, APHIS regulates the importation of animals and animal products into the United States. The regulations are contained in title 9, chapter 1, subchapter D, parts 91 through 99, of the Code of Federal Regulations.

Part 94, § 94.25, allows the importation, subject to certain conditions, of live swine, pork, and pork products from certain regions, including the eight Mexican States of Baja California, Baja California Sur, Campeche, Chihuahua, Quintana Roo, Sinaloa, Sonora, and Yucatan, that are free of classical swine fever. Among the conditions is a requirement for a certificate that must be completed by Mexican veterinary authorities prior to export. The certificate must identify both the region of export and the region of origin as regions designated in §§ 94.9 and 94.10 as free of classical swine fever at the time the live swine, pork, or pork products were in the regions.

We are asking the Office of Management and Budget (OMB) to approve our use of this information collection activity for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 1 hour per response.

Respondents: Full-time salaried veterinarians employed by the national government of Mexico.

Estimated annual number of respondents: 8.

Estimated annual number of responses per respondent: 10.

Estimated annual number of responses: 80.

Estimated total annual burden on respondents: 80 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 28th day of June 2007.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.
