

and to partially compensate the agency for the unique added costs of management and enforcement of the Program. Section 313(j) of the Magnuson-Stevens Act provided supplementary authority to section 304(d)(2)(A) and additional detail for cost recovery provisions specific to the Program. The cost recovery provision allows collection of 133 percent of the actual management, data collecting, and enforcement costs up to three percent of the ex-vessel value of crab harvested under the Program. Additionally, section 313(j) requires the harvesting and processing sectors to each pay half the cost recovery fees. Catcher/processor quota share holders are required to pay the full fee percentage.

A crab allocation holder generally incurs a cost recovery fee liability for every pound of crab landed. The crab allocations include Individual Fishing Quota (IFQ), Crew IFQ, Individual Processing Quota, Community Development Quota, and the Adak community allocation. The Registered Crab Receiver (RCR) permit holder must collect the fee liability from the crab allocation holder who is landing crab. Additionally, the RCR permit holder must collect his or her own fee liability for all crab delivered to the RCR. The RCR permit holder is responsible for submitting this payment to NMFS on or before the due date of July 31, following the crab fishing year in which payment for the crab is made.

The dollar amount of the fee due is determined by multiplying the fee percentage (not to exceed three percent) by the ex-vessel value of crab debited from the allocation. Specific details on the Program's cost recovery provision may be found in the implementing regulations set forth at 50 CFR 680.44.

Fee Percentage

Each year, NMFS calculates and publishes in the **Federal Register** the fee percentage according to the factors and methodology described in Federal regulations at § 680.44(c)(2). The formula for determining the fee percentage is the 'direct program costs' divided by 'value of the fishery', where 'direct program costs' are the direct program costs for the Crab Rationalization Program for the previous fiscal year, and 'value of the fishery' is the ex-vessel value of the catch subject to the crab cost recovery fee liability for the current year. Using this fee percentage formula, the estimated percentage of costs to value for the 2006/2007 fishery was 4.38 percent. However, the Magnuson-Stevens Act, at § 304(d)(2)(B), prohibits NMFS from collecting fees greater than three percent

of the ex-vessel value of the crab harvests under the Program. Therefore, the fee percentage will remain three percent for the 2007–2008 crab fishing year.

Taking of Marine Mammals Incidental to Specified Activities; Central California Seabird Research Operations

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of proposed authorization for an incidental take authorization; request for comments.

SUMMARY: NMFS has received a request from the PRBO Conservation Science (PRBO) for an authorization to take California sea lions, Pacific harbor seals, northern elephant seals and Steller sea lions, by harassment, incidental to central California seabird research operations on Southeast Farallon Island, Ano Nuevo Island, and Point Reyes National Seashore (NS). Under the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an authorization to PRBO to incidentally take, by harassment, small numbers of these species of pinnipeds during the next 12 months.

DATES: Comments and information must be received no later than August 27, 2007.

ADDRESSES: Comments on the application and draft Environmental Assessment (EA) should be addressed to P. Michael Payne, Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910–3225, or by telephoning the contact listed here. The mailbox address for providing e-mail comments is PR1.0648-XB17@noaa.gov. Comments sent via e-mail, including all attachments, must not exceed a 10-megabyte file size.
