Certain Polyester Staple Fiber from Korea: Notice of Extension of Time Limit for the Final Results of the 2005-2006 Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 28, 2007.

FOR FURTHER INFORMATION CONTACT: Andrew McAllister or Brandon

Farlander, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone: (202) 482-1174 and (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 6, 2007, the Department published the preliminary results of the 2005-2006 administrative review of the antidumping duty order on certain polyester staple fiber ("PSF") from Korea. *See Certain Polyester Staple Fiber from Korea: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Intent to Rescind*, 72 FR 31279 (June 6, 2007). This review covers two manufacturers/exporters of the subject merchandise to the United States, Huvis Corporation ("Huvis") and Dongwoo Industry Company ("Dongwoo"). In the preliminary results, we stated that we would issue our final results for the antidumping duty administrative review no later than 120 days after the date of publication of the preliminary results (*i.e.*, October 4, 2007).

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act") requires the Department to issue the final results in an administrative review within 120 days of the publication date of the preliminary results. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to a maximum of 180 days.

The Department has determined that completion of the final results of this review within the original time period is not practicable due to the complex legal and factual issues that have arisen since the issuance of our preliminary results of review. Specifically, the Department requires additional time to review interested parties' comments on information provided by U.S. Customs and Border Protection with respect to Dongwoo. Thus, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the final results of review by an additional 60 days, until December 3, 2007.

This notice is published pursuant to sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act.

Dated: September 20, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Postponement of Final Determination of Antidumping Duty Investigation: Sodium Hexametaphosphate from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 28, 2007.

FOR FURTHER INFORMATION CONTACT: Erin Begnal or Kristina Horgan, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1442 or (202) 482-8173, respectively.

SUPPLEMENTARY INFORMATION:

Postponement of Final Determination

On February 28, 2007, the Department of Commerce ("Department") initiated the antidumping duty investigation of sodium hexametaphosphate from the People's Republic of China. *See Initiation of Antidumping Duty Investigation: Sodium Hexametaphosphate From the People's Republic of China*, 72 FR 9926 (March 6, 2007) ("Initiation Notice"); *see also Notice of Correction of Initiation of Antidumping Duty Investigation: Sodium Hexametaphosphate from the People's Republic of China*, 72 FR 11325 (March 13, 2007). On September 14, 2007, the Department published the *Preliminary Determination* in the antidumping duty investigation of sodium hexametaphosphate ("SHMP") from the People's Republic of China. *See Preliminary Determination of Sales at Less Than Fair Value: Sodium Hexametaphosphate from the People's Republic of China*, 72 FR 52544 (September 14, 2007) ("Preliminary Determination"). The *Preliminary Determination* stated that the Department would make its final determination for this antidumping duty investigation no later than 75 days after the date of publication of the preliminary determination (*i.e.*, November 20, 2007).

Section 735(a)(2) of the Tariff Act of 1930 ("the Act") provides that a final

determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by petitioner. In addition, the Department's regulations, at 19 CFR 351.210(e)(2), require that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to not more than six months. *See* 19 CFR 351.210(e)(2).

On September 11, 2007, Hubei Xingfa Chemicals Group Co., Ltd., the sole active mandatory respondent, requested a 60-day extension of the final determination and extension of the provisional measures. Thus, because our preliminary determination is affirmative, and the respondent requesting an extension of the final determination and an extension of the provisional measures, accounts for a significant proportion of exports of the subject merchandise, and no compelling reasons for denial exist, we are extending the due date for the final determination by 60 days. For the reasons identified above, we are postponing the final determination until January 22, 2008.¹

This notice is issued and published pursuant to sections 777(i) and 735(a)(2) of the Act and 19 CFR 351.210(g).

Dated: September 21, 2007.

Deputy Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On December 20, 2006, President Bush signed into law the Tax Relief and Health Care Act of 2006 ("the Act"). Section 406(b)(1) of the Act requires the Secretary of Commerce to fairly allocate tariff rate quotas ("TRQ") on the import of certain cotton woven fabrics through December 31, 2009. Section 406 (b)(1) authorizes the Secretary of Commerce to issue licenses to eligible manufacturers under headings 9902.52.08 through 9902.52.19 of the Harmonized Tariff Schedule of the United States, specifying the restrictions under each such license on the quantity of cotton woven fabrics that may be entered each year on behalf of the manufacturer. The Act created an annual tariff rate quota providing for temporary reductions through December 31, 2009 in the import duties of cotton woven fabrics suitable for making cotton shirts (new Harmonized Tariff Schedule of the United States (HTS) headings 9902.52.08, 9902.52.09, 9902.52.10, 9902.52.11, 9902.52.12, 9902.52.13, 9902.52.14, 9902.52.15, 9902.52.16, 9902.52.17, 9902.52.18, and

9902.52.19). The reduction in duty is limited to 85 percent of the total square meter equivalents of all imported woven fabrics of cotton containing 85 percent or more by weight of cotton used by manufacturers in cutting and sewing men's and boy's cotton shirts in the United States and purchased by such manufacturer during calendar year 2000.

The Act requires that the tariff rate quotas be allocated to persons (including firms, corporations, or other legal entities) who, during calendar year 2000, were manufacturers cutting and sewing men's and boy's cotton shirts in the United States from imported woven fabrics of cotton containing 85 percent or more by weight of cotton of the kind described in HTS 9902.52.08 through 9902.52.19 purchased by such manufacturer during calendar year 2000. On July 24, 2007, the Department published regulations establishing procedures for allocating the TRQ. 72 FR 40235, 15 CFR 336. On August 2, 2007 the Department published a notice in the **Federal Register** (72 FR 42400) soliciting applications for an allocation of the 2007 tariff rate quotas with a closing date of September 4, 2007.
