

participant organizations with no off-floor traders in the same member/participant organization would be assessed a monthly fee of \$2,100, which is the same fee that is currently assessed on member/participant organizations with one to ten off-floor traders.

Additionally, the Exchange proposes to assess the Examinations Fee on inactive organizations, thereby eliminating the current inactive member/participant organization exemption.⁹ As a result, inactive member/participant organizations for whom the Exchange is the DEA will be assessed the Examinations Fee based on the number of off-floor traders in that inactive member/participant organization.¹⁰

The Exchange intends to implement the Examinations Fee as set forth in this proposal beginning January 1, 2008.

The Exchange states that the purpose of revising the Examinations Fee is to more efficiently and effectively assess member/participant organizations for costs in connection with conducting examinations of member/participant organizations that do not have any off-floor traders for whom the Exchange is the DEA and for those that choose to elect an "inactive status."

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of section 6 of the Act¹¹ in general, and furthers the objectives of section 6(b)(4) of the Act¹² in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. According to the Exchange, assessing member/participant organizations an Examinations Fee as set forth in this proposal should more efficiently and effectively charge those member/participant organizations for

on persons registered with affiliated broker-dealers or operate utilizing a "black box" trading technology.

⁹ The Exchange represents that it will continue to conduct examinations of member/participant organizations that have chosen to elect an "inactive status." See telephone conversation between Cynthia Hoekstra, Vice President, Phlx, and Christopher Chow, Special Counsel, Division of Trading and Markets, Commission, on January 2, 2008.

¹⁰ Member organizations operating through one or more Phlx markets that demonstrated that 25% or more of its revenue as reflected on the most recently submitted FOCUS report or transactions as reflected on its purchase and sales blotter are derived from securities transactions on Phlx will continue to be exempt from the assessment of the Examinations Fee.

costs associated with conducting examinations of these organizations.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has been designated as a fee change pursuant to section 19(b)(3)(A)(ii) of the Act¹³ and Rule 19b-4(f)(2)¹⁴ thereunder, because it establishes or changes a due, fee, or other charge imposed by the Exchange. Accordingly, the proposal took effect upon filing with the Commission. At any time within 60 days of the filing of such proposed rule change the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

BILLING CODE 4710-06-P

DEPARTMENT OF STATE

[Public Notice 6056]

Privacy Act of 1974; System of Records

Summary: This report is submitted in compliance with Appendix I to OMB Circular Number A-130 entitled "Federal Agency Responsibilities for Maintaining Records about Individuals." The Department of State ("Department") intends to alter an existing system of records, "Passport Records" (STATE-26), to reflect additional routine uses for the information maintained in the Passport Records System.

Purpose: The information collected and maintained in the system of records entitled "Passport Records" is in keeping with the Department's responsibility to adjudicate applications for U.S. passports. Proposed alterations appear in the routine uses section of the system description. The purpose in granting access to other entities varies, but principally encompasses the following functions:

- To support national defense, border security, and foreign policy activities;

- To ensure the proper functioning and integrity of law enforcement, counterterrorism, and fraud-prevention activities by supporting law enforcement personnel in the conduct of their duties;

- To support the investigatory process; and

- To assist with verification of passport validity to support employment eligibility and identity corroboration for public and private employment.

This Systems of Records Notice (SORN) documents an updated list of routine uses for records maintained in the passport records system to include disclosure to the following entities:

- Department of Homeland Security for law enforcement; counterterrorism; border patrol, screening, and security purposes; fraud prevention activities; and verification of passport validity to support employment eligibility and identity corroboration for public and private employment;

- Department of Justice, including the Federal Bureau of Investigation, the Bureau of Alcohol, Tobacco, Firearms, and Explosives, the U.S. Marshals Service, and other components, for law enforcement, counterterrorism, border security, fraud prevention, and criminal and civil litigation activities;

- INTERPOL and other international organizations for law enforcement, counterterrorism, fraud prevention, criminal activities related to lost and stolen passports;

- National Counterterrorism Center to support strategic operational planning and counterterrorism intelligence activities;

- Office of Personnel Management (OPM), other federal agencies, or contracted outside entities to support the investigations that OPM, other federal agencies, and contractor personnel conduct for the federal government in connection with verification of employment eligibility and/or the issuance of a security clearance;

- Social Security Administration to support employment-eligibility verification for public and private employers, and for support in verification of social security numbers used in processing U.S. passport applications;

- Federal, state, local or other agencies for use in legal proceedings as government counsel deems appropriate, in accordance with any understanding reached by the agency with the U.S. Department of State.

- Foreign governments, to permit such governments to fulfill passport control and immigration duties and

their own law enforcement, counterterrorism, and fraud prevention functions, and to support U.S. law enforcement, counterterrorism, and fraud prevention activities.

- Public and private employers seeking to confirm the authenticity of the U.S. passport when it is presented as evidence of identity and eligibility to work in the United States;

- Contractor personnel conducting data entry, scanning, corrections, and modifications, or conducting other authorized functions related to passport records.

Authority: The authority for maintaining this system is derived from the Secretary of State's authorities with respect to the following provisions: Granting and Issuing U.S. Passports, 22 U.S.C. 211a-218, 2651a, 2705 (2007), and Executive Order 11295, August 5, 1966, 31 FR 10603; the Acquisition and Loss of U.S. Citizenship or U.S. Nationality, 8 U.S.C. 1401-1503 (2007); Travel Control of Citizens, 8 U.S.C. 1185 (2007); and Crimes and Criminal Procedure connected to U.S. Passport Applications and Use, 18 U.S.C. 911, 1001, and 1541-1546 (2007).

Impact on Privacy: The information collected and maintained in the system of records is necessary to accomplish the Department's mission as stated above. The Department believes the system offers suitably rigorous protection of privacy under the Privacy Act to the individuals covered by the system of records. Each of the above users either has been granted access to the passport database, or has been given passport information taken from the database, in order to facilitate these entities as they address issues and problems of a legal, investigative, technical, or procedural nature that may arise pursuant to an application for or any use of a U.S. passport. In granting access or providing information from the passport database to a routine user, the Department takes appropriate steps to limit disclosure to only the specific data elements required by each routine user in the performance of its mission, not all items of information that the Department maintains about an individual. To this end, the Department has established varying levels of access that are tailored to release the minimum amount of data necessary to support the attendant routine use.

Prior to granting access to the passport system of records for a proposed routine use, partner agencies generally enter into a Memorandum of Understanding (MOU) with the Department that establishes the parameters that guide and limit the use. In addition, these MOUs establish the partner agency's responsibilities in
