Constructed Export Price Sales:

- Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated customer occurs after importation. - Please include any sales exported by your company to a third-country market economy reseller where you had knowledge that the merchandise was destined to be resold to the United States.

- Please **do not** include any sales of merchandise manufactured in Hong Kong in your figures.

Further Manufactured Sales:

- Further manufacture or assembly (including re-packing) sales ("further manufactured sales") refers to merchandise that undergoes further manufacture or assembly in the United States before being sold to the first unaffiliated customer.
- Further manufacture or assembly costs include amounts incurred for direct materials, labor and overhead, plus amounts for general and administrative expense, interest expense, and additional packing expense incurred in the country of further manufacture, as well as all costs involved in moving the product from the U.S. port of entry to the further manufacturer.

Federal Consistency Appeal by AES Sparrows Point LNG, LLC and Mid-Atlantic Express, L.L.C.

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (Commerce).

ACTION: Notice of closure—administrative appeal decision record.

SUMMARY: This announcement provides notice that the decision record has been closed for an administrative appeal filed with the Department of Commerce by AES Sparrows Point LNG, LLC and Mid-Atlantic Express, L.L.C. (collectively, AES).

DATES: The decision record for AES' administrative appeal was closed on April 14, 2008.

ADDRESSES: Materials from the appeal record are available at the Internet site <http://www.ogc.doc.gov/czma.htm> and at the Office of the General Counsel for Ocean Services, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, 1305 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT:

Odin Smith, Attorney-Advisor, Office of the Assistant General Counsel for Legislation and Regulation, Department of Commerce, via e-mail at osmith@doc.gov, or at (202) 482-4144.

SUPPLEMENTARY INFORMATION: On August 8, 2007, AES filed a notice of appeal with the Secretary of Commerce (Secretary) pursuant to section 307(c)(3)(A) of the Coastal Zone Management Act of 1972 (CZMA), as amended, 16 U.S.C. 1451 et seq., and the Department of Commerce's implementing regulations, 15 CFR part 930, subpart H. The appeal was taken from an objection by the Maryland Department of the Environment (State) to AES' consistency certification for U.S. Army Corps of Engineers and Federal Energy Regulatory Commission permits to construct and operate a liquefied natural gas (LNG) terminal and associated 88-mile natural gas pipeline. The certification indicates that the project is consistent with Maryland's coastal management program. The project would affect the natural resources or land and water uses of Maryland's coastal zone.

AES requested the Secretary to override the State's consistency objection on grounds the proposed project allegedly is consistent with the

objectives of the CZMA, and necessary in the interest of national security. Decisions for CZMA administrative appeals are based on information contained in a decision record. Under the CZMA, the decision record must close no later than 220 days after notice of the appeal was first published in the **Federal Register**. 16 U.S.C. 1465. Consistent with this deadline, the AES appeal decision record was closed on April 14, 2008. No further information, briefs or comments will be considered in deciding this appeal.

The CZMA requires that a notice be published in the **Federal Register** indicating the date on which the decision record has been closed. 16 U.S.C. 1465(b)(2). A final decision of the AES appeal must be issued no later than 60 days after the date of the publication of this notice. 16 U.S.C. 1465(c)(1). The deadline may be extended by publishing (within the 60-day period) a subsequent notice explaining why a decision cannot be issued within that time frame. 16 U.S.C. 1465(c)(1). In this event, a final decision must be issued no later than 15 days after the date of publication of the subsequent notice. 16 U.S.C. 1465(c)(2).

Additional information about the AES appeal and the CZMA appeals process is available from the Department of Commerce CZMA appeals Web site <http://www.ogc.doc.gov/czma.htm>.

International Whaling Commission; 60th Annual Meeting; Announcement of Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of meeting.

SUMMARY: This notice announces the date, time, and location of the public meeting being held prior to the 60th annual International Whaling Commission (IWC) meeting.

DATES: The public meeting will be held May 7, 2008, at 1 p.m.

ADDRESSES: The meeting will be held in the NOAA Science Center Room, 1301 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Cheri McCarty, 301-713-9090, Extension 183.

SUPPLEMENTARY INFORMATION: The Secretary of Commerce is charged with the responsibility of discharging the domestic obligations of the United States under the International Convention for the Regulation of Whaling, 1946. The U.S. Commissioner has responsibility for the preparation and negotiation of U.S. positions on international issues concerning whaling and for all matters involving the IWC. He is staffed by the Department of Commerce and assisted by the Department of State, the Department of the Interior, the Marine Mammal Commission, and by other agencies.

Once the draft agenda for the annual IWC meeting is completed, it will be posted on the IWC Secretariat's website at <http://www.iwcoffice.org>.

Each year NOAA holds a meeting prior to the annual IWC meeting to discuss the tentative U.S. positions for the upcoming IWC meeting. Because the meeting discusses U.S. positions, the substance of the meeting must be kept confidential. Any U.S. citizen with an identifiable interest in U.S. whale conservation policy may participate, but NOAA reserves the authority to inquire about the interests of any person who appears at a meeting and to determine the appropriateness of that person's participation.

Persons who represent foreign interests may not attend. These stringent measures are necessary to protect the confidentiality of U.S. negotiating positions and are a necessary basis for the relatively open process of preparing for IWC meetings.

The meeting will be held at 1 p.m. at the NOAA Science Center Room, 1301 East-West Highway, Silver Spring, MD 20910. Photo identification is required to enter the building.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Cheri McCarty, 301-713-9090 by April 25, 2008.

SUPPLEMENTARY INFORMATION: The Ecosystem SSC and Ad Hoc Marine Reserves SSC will hold an ecosystem modeling workshop to continue work on development and evaluation of ecosystem models as fishery management tools in the Gulf of Mexico. This will be the third such workshop held by the Ecosystem SSC. One focus of this upcoming workshop will be to examine the utility of ecosystem modeling to evaluate marine protected area (MPA) alternatives. The charge of the Ad Hoc Marine Reserves SSC includes making recommendations based on scientifically developed criteria for establishing reserves and testing their effectiveness as to whether they were working. Therefore, the Ad Hoc Marine Reserves SSC's purpose in this workshop is to provide their input as to the efficacy of this approach to evaluate reserves.

The objectives of this workshop are to:

1. Continue the process of developing and evaluating the Gulf of Mexico Ecosim with Ecopath model as well as other models that may provide

alternative or supplemental type of analyses.

2. Examine the utility of ecosystem models as a tool to evaluate potential MPA alternatives.
