BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2008-0320; FRL-8361-9]

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from March 3, 2008 through March 21, 2008, consists of the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

DATES: Comments identified by the specific PMN number or TME number, must be received on or before May 23, 2008.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2008-0320, by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- **Mail:** Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- **Hand Delivery:** OPPT Document Control Office (DCO), EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number EPA-HQ-OPPT-2008-0320. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930. Such deliveries are only accepted during the DCO's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to docket ID number EPA-HQ-OPPT-2008-0320. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your

comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the docket index available in www.regulations.gov. To access the electronic docket, go to <http://www.regulations.gov>, select "Advanced Search," then "Docket Search." Insert the docket ID number where indicated and select the "Submit" button. Follow the instructions on the www.regulations.gov website to view the docket index or access available documents. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available electronically at <http://www.regulations.gov>, or, if only available in hard copy, at the OPPT Docket. The OPPT Docket is located in the EPA Docket Center (EPA/DC) at Rm. 3334, EPA West Bldg., 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room hours of operation are 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. The telephone number of the EPA/DC Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. Docket visitors are required to show photographic identification, pass through a metal detector, and sign the EPA visitor log. All visitor bags are processed through an X-ray machine and subject to search. Visitors will be provided an EPA/DC badge that must be visible at all times in the building and returned upon departure.

FOR FURTHER INFORMATION CONTACT:

Colby Lintner, Regulatory Coordinator, Environmental Assistance Division, Office of Pollution Prevention and Toxics (7408M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-

1404; e-mail address: *TSCA-Hotline@epa.gov*.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI*. Do not submit this information to EPA through regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be

disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments*. When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns and suggest alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

II. Why is EPA Taking this Action?

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory to notify EPA and comply with the statutory provisions

pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from March 3, 2008 through March 21, 2008, consists of the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

III. Receipt and Status Report for PMNs

This status report identifies the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you are interested in information that is not included in the following tables, you may contact EPA as described in Unit II. to access additional non-CBI information that may be available.

In Table I of this unit, EPA provides the following information (to the extent that such information is not claimed as CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

I. 56 PREMANUFACTURE NOTICES RECEIVED FROM: 3/01/08 TO 3/21/08

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-08-0265	03/03/08	05/31/08	Ashland Inc., Environmental Health and Safety	(G) Adhesive for bonding wood, metal and ceramics	(G) Polymer of isocyanic acid, polymethylene polyphenylene ester, with alkyl polyamine, .alpha.-hydro-gamma.-hydroxypoly(oxy(methyl-1,2-ethanediyl)) and methyloxirane
P-08-0266	03/04/08	06/01/08	CBI	(G) Anti-corrosive additive	(G) Guanidine, <i>N,N'</i> -alkanediylbis[<i>N</i> -cyano-, polymer with alkanediamine, phosphate
P-08-0267	03/04/08	06/01/08	CBI	(G) Anti-static agent for thermoplastic resin	(G) Modified polyolefin, aminoalkanoic acid and polyether copolymer.
P-08-0268	03/05/08	06/02/08	Dow Automotive	(S) Automotive glass and body primer	(G) Silicone modified urethane adduct
P-08-0269	03/06/08	06/03/08	CBI	(G) Polyester used in inks	(G) Polyester acrylate
P-08-0270	03/07/08	06/04/08	CBI	(G) Solder resist - open, non-dispersive use; printed circuit ink containing the pmn material is ready to use with no further additions required	(G) Glycidyl methacrylate modified carboxylated epoxy cresol novolac acrylate
P-08-0271	03/10/08	06/07/08	The Shepherd Chemical Company	(G) Automotive additive	(S) Molybdenum, borate neodecanoate oxo complexes
P-08-0272	03/10/08	06/07/08	Firmenich Inc.	(S) Aroma for use in fragrance mixtures, which in turn are used in perfumes, soaps, cleansers, etc;	(S) Extractives and their physically modified derivatives, <i>passiflora edulis</i> Oil, passion flower, <i>passiflora edulis</i>

I. 56 PREMANUFACTURE NOTICES RECEIVED FROM: 3/01/08 TO 3/21/08—Continued

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-08-0273 P-08-0274	03/10/08 03/06/08	06/07/08 06/03/08	CBI CBI	(G) Polymer additive (S) Aqueous dispersion of polymer for leather finishing	(G) Alkyl silyl phosphonate (G) Alkanedioic acid, polymer with alkanediol, alkanediamine, alkanediol, hydroxy-(hydroxyalkyl)-alkyl-, trialkylamine, carbocycle-isocyanato-(isocyanatoalkyl)-trialkyl-, trialkylcyclohexane and alkylimino alcohol, salt
P-08-0275	03/10/08	06/07/08	Alconix USA, Inc.	(S) A component of infrared absorption material	(S) Cesium tungsten oxide

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8556-5; Docket ID No. EPA-HQ-ORD-2008-0048]

Draft Toxicological Review of 2-Hexanone: In Support of the Summary Information in the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is announcing that Versar, Inc., an EPA contractor for external scientific peer review, will convene an independent panel of experts and organize and conduct an external peer-review meeting to review the external review draft document titled, "Toxicological Review of 2-Hexanone: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (NCEA-S-2764). EPA previously announced the 60-day public comment period (ending April 28, 2008) for the draft document in the **Federal Register** on March 4, 2008 (73 FR 11408). EPA will consider public comments and recommendations from the expert panel meeting as EPA finalizes the draft document.

The public comment period and the external peer-review meeting are separate processes that provide opportunities for all interested parties to comment on the document. EPA intends

to forward public comments submitted in accordance with **Federal Register** (73 FR 11408) to Versar, Inc., for consideration by the external peer-review panel prior to the meeting.

EPA is releasing this draft document solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This document has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination.

Versar, Inc., invites the public to register to attend this meeting as observers. In addition, Versar, Inc., invites the public to give brief oral comments at the meeting regarding the draft document under review. The draft document and EPA's peer-review charge are available via the Internet on the National Center for Environmental Assessment's (NCEA) home page under the Recent Additions and the Data and Publications menus at <http://www.epa.gov/ncea>. When finalizing the draft document, EPA intends to consider Versar's report of the comments and recommendations from the external peer-review meeting and any public comments that EPA receives in accordance with 73 FR 11408, March 4, 2008. Public comments that were submitted during the 60-day public comment period ending April 28, 2008 may be observed at <http://www.regulations.gov> under Docket ID No. EPA-HQ-ORD-2008-0048.

DATES: The peer-review panel meeting will begin on May 22, 2008, at 9 a.m. and end at 5 p.m. Register by May 16, 2008, if you wish to provide brief oral comments at the meeting.

ADDRESSES: The peer-review meeting will be held at the Courtyard by Marriott Crystal City, 2899 Jefferson Davis Highway, Arlington, VA 22202. Versar, Inc., is organizing, convening, and conducting the peer-review meeting. To

attend the meeting, register by May 16, 2008, via the Internet at <http://epa.versar.com/2hexanone/>.

The draft "Toxicological Review of 2-Hexanone: In Support of Summary Information on the Integrated Risk Information System (IRIS)" is available via the Internet on the National Center for Environmental Assessment's (NCEA) home page under the Recent Additions and the Data and Publications menus at <http://www.epa.gov/ncea>. A limited number of paper copies are available from the Information Management Staff, NCEA; telephone: 703-347-8561; facsimile: 703-347-8691. If you are requesting a paper copy, please provide your name, mailing address, and the document title. Copies are not available from Versar, Inc.

FOR FURTHER INFORMATION CONTACT: For information on the peer review meeting, contact Stephanie Sarraino, Versar, Inc.; telephone: 703-750-3000 ext. 316; e-mail: ssarraino@versar.com.

If you have questions about the document, contact Amanda S. Persad, IRIS Staff, National Center for Environmental Assessment (B-243-01), U.S. EPA, Research Triangle Park, NC, 27711; telephone: 919-541-9781; facsimile: 919-541-1818; e-mail: persad.amanda@epa.gov.

SUPPLEMENTARY INFORMATION:**I. Summary of Information About the Integrated Risk Information System (IRIS)**

IRIS is a database that contains potential adverse human health effects information that may result from chronic (or lifetime) exposure to specific chemical substances found in the environment. The database (available on the Internet at <http://www.epa.gov/iris>) contains qualitative and quantitative health effects information for more than 500 chemical substances that may be used to support the first two steps (hazard identification and dose-
