

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****Petition for Waiver of Compliance**

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Norfolk Southern Corporation

(Docket Number FRA-2008-0029)

The Norfolk Southern Corporation (NS), seeks a waiver of compliance from certain provisions of the Safety Appliance Standards, 49 CFR Part 231, that requires uncoupling levers on each end of freight cars. Specifically, this request to remove uncoupling levers on thirteen (13) NS owned special equipment cars in rail train service while loading or unloading continuous welded rail throughout the NS system by NS.

NS believes that these welded rail cars can be operated safely with the uncoupling levers removed and couplers immobilized. These welded rail trains are operated as units, and are not switched in yards as conventional freight cars. Due to the nature of moving welded rail, it is highly undesirable for cars to become uncoupled from a safety practice.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA-2008-0029) and may be submitted by any of the following methods:

Fax: 202-493-2251.

Mail: Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue, SE., W12-140, Washington, DC 20590.

Hand Delivery: 1200 New Jersey Avenue, SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.-5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://www.regulations.gov>.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). Association of American Railroads

(Modification To Waiver Petition Docket Number FRA-1999-5104)

As a modification to the Association of American Railroads (AAR) permanent waiver of compliance with 49 CFR 213.137, AAR is seeking permission from FRA to modify the terms and conditions of its decision letter dated

June 27, 2000, pertaining to flange bearing frogs.

AAR, on behalf of its member railroads, received permission from FRA to install flange bearing frogs in its June 27, 2000, decision letter. FRA granted this relief conditionally, with a requirement for Equipment Inspections at all installations. In a decision letter dated May 3, 2006, AAR received further permission for CSX Transportation to specifically install a flange bearing frog in Shelby, Ohio.

With this petition, AAR is notifying FRA that it's Shelby, Ohio, flange bearing frog installation has been successful, and that the BNSF Railway Company (BNSF) will install 2 additional flange bearing frogs in Moorhead, Minnesota. AAR states, "This inspection requirement is costly and significantly delays the transportation of rail cars undergoing the inspections. In fact, it is because of this inspection requirement that the industry has been slow to install flange bearing frog crossing diamonds under the waiver." Therefore, AAR requests that FRA relieve BNSF of this condition requiring equipment inspections.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

I. Overview

Section 3013 of SAFETEA–LU, [Pub. L. 109–59 (August 10, 2005)] amended 49 U.S.C. 5311(c) by establishing the Public Transportation on Indian Reservations Program (Tribal Transit Program). This program authorizes direct grants “under such terms and conditions as may be established by the Secretary” to Indian tribes for any purpose eligible under FTA’s Nonurbanized Area Formula Program, 49 U.S.C. 5311. The funding increases from \$8 million in FY 2006 to \$15 million in FY 2009. The Conference Report to SAFETEA–LU indicated that the funds set aside for Indian tribes in the TTP are not meant to replace or reduce funds that Indian tribes receive from States through FTA’s Nonurbanized Area Formula Program. The Catalog of Federal Domestic Assistance (CFDA) number for the program is 20.509.

II. Background

Prior to SAFETEA–LU, the Section 5311 program did not include a separate public transit program for tribes. Tribes were eligible under the Section 5311 program only as subrecipients. SAFETEA–LU authorized a TTP and authorized tribes to be direct recipients of Section 5311 Program funds. As expressed in the Conference Report for SAFETEA–LU Congress intended that the funds available for the TTP should not replace or reduce funds tribes receive from States under the Section 5311 program. FTA previously published Notices of Funding Availability for FY 2006 and FY 2007. For more information on the program and a list of projects currently funded go to http://www.fta.dot.gov/funding/grants/grants_financing_3553.html.
