BILLING CODE 8025-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Availability of Draft Alternatives Working Paper for the Proposed Southern Nevada Supplemental Airport, Las Vegas, Clark County, NV

AGENCY: Federal Aviation Administration.

ACTION: Notice of Availability of Draft Alternatives Working Paper.

SUMMARY: The Federal Aviation Administration (FAA) in cooperation with the Bureau of Land Management (BLM) is issuing this notice to advise the public the Draft Alternatives Working Paper for the Draft EIS will be made available for public comment pursuant to section 304 of the *Vision 100 Century of Aviation Act of 2003* (Pub. L. 108-176) [49 U.S.C. 47171(I)]. The Draft Alternatives Working Paper has been prepared for the construction and operation of the proposed Southern Nevada Supplemental Airport which lies partially within the base floodplain of a portion of Roach Dry Lake located along Interstate Highway 15 about 30 miles south of Las Vegas, Clark County, Nevada. FAA and BLM are seeking comments on the Draft Alternatives Working Paper.

FOR FURTHER INFORMATION CONTACT:

David B. Kessler, AICP, Project Manager, Southern Nevada Supplemental Airport EIS, AWP-610.1, Airports Division, Federal Aviation Administration, Western-Pacific Region, P.O. Box 92007, Los Angeles, California 90009-2007, Telephone: 310/725-3615. Comments on the draft Alternatives Working Paper should be submitted to the address above and must be received no later than 5 p.m. Pacific Standard Time, Friday, October 3, 2008.

SUPPLEMENTARY INFORMATION: The Federal Aviation Administration (FAA) in cooperation with the Bureau of Land Management (BLM) is preparing a Draft Environmental Impact Statement for the proposed Southern Nevada Supplemental Airport (SNSA) pursuant to the National Environmental Policy Act of 1969. The need to prepare an

Environmental Impact Statement (EIS) is based on the procedures described in FAA Order 1050.1E, *Environmental Impacts: Policies and Procedures*, FAA Order 5050.4B, *National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions*, and *BLM NEPA Handbook H-1790-1*. Further, the FAA and BLM are preparing this EIS jointly pursuant to the *Ivanpah Valley Airport Lands Transfer Act of 2000*, (Pub. L. 106-362). Clark County proposes to build the airport along Interstate Highway 15 north of the Nevada/California border about 30 miles south of Las Vegas, between Primm and Jean in Clark County, Nevada. The purpose of the proposed airport is to provide additional capacity to accommodate the forecasted growth in air carrier aircraft operations and aviation passenger demand into the Las Vegas area. This airport would supplement existing capacity at McCarran International Airport (LAS).

FAA and BLM are making the Draft Alternatives Working Paper available to the public and governmental agencies for review and comment. This working paper contains information that the FAA and BLM will include into the Alternatives Section of the Draft EIS. FAA and BLM have developed the Alternatives Working Paper based on information disclosed in the Purpose and Need Working Paper that was made available to the public on January 25, 2008 (73 FR 4666-4667). The following general candidate alternative topics are included in the Draft Alternatives Working Paper: No Action, Other Modes of Transportation, Air Traffic Demand Management Strategies, Use of Airfield and Airspace Technologies, Expansion of McCarran International Airport, Use of Other Existing Airports in the Region, and Develop a New Airport. Several of these candidate alternatives have multiple sub-candidates that are evaluated in the Draft Alternatives Working Paper.

Pursuant to U.S. Department of Transportation Order 5650.2, *Floodplain Management and Protection*, the FAA is also notifying the public that Clark County's proposed action may create a significant encroachment into the base floodplain for Roach Dry Lake. Roach Dry Lake is located east of Interstate 15 north of Primm and South of Jean, Nevada. Roach Dry Lake is the terminus of various unnamed ephemeral and semi-permanent streams. Roach Dry Lake also receives storm-related surface sheet flow from alluvial fans and surrounding mountainous areas. Clark County's proposed action would modify the shape of the dry lake bed and its

margin terrace to accommodate the construction of the proposed airport. The proposed airport would be constructed on an earthen platform that would elevate the new airport above the water level that occurs in the dry lake following a storm event. This earthen platform may affect the natural and beneficial floodplain value of Roach Dry Lake by altering the total surface area usable for ground water infiltration and recharge. FAA and BLM expect the function of the Roach Dry Lake playa to be more clearly defined following completion of the Affected Environment section of the Draft Environmental Impact Statement. Clark County is developing a flash flood/drainage plan to manage storm water runoff into Roach Dry Lake that will be evaluated in the Draft Environmental Impact Statement. Clark County is seeking federal approval of the Airport Layout Plan for the proposed new airport. FAA anticipates Clark County seeking federal funding assistance for the proposal as well. However, FAA has not received an application for federal assistance to construct the proposed new airport from Clark County.

The Draft Alternatives Working Paper also identifies other candidate alternatives that may have encroachments into base floodplains. FAA and BLM will consider all comments received for the purpose of developing future documents supporting the Draft EIS. FAA and BLM will accept comments on the Draft Alternatives Working Paper until 5 p.m. Pacific Standard Time, Friday, October 3, 2008.

Copies of the Draft Alternatives Working Paper are available for public review at the following locations during normal business hours:

U.S. Department of Transportation, Federal Aviation Administration, Western-Pacific Region, Office of the Airports Division, 15000 Aviation Boulevard, Hawthorne, California 90261.

U.S. Department of Transportation, Federal Aviation Administration, National Headquarters, Office of Airports, Planning and Environmental Needs Division, 800 Independence Avenue, SW., Washington, DC 20591.

Bureau of Land Management, Las Vegas Field Office, 4701 North Torrey Pines, Las Vegas, Nevada 89130.

The document is also available for public review at the following libraries and other locations and at the following Web site: <http://www.snvaairporteis.com>: Boulder City Public Library, 701 Adams Boulevard, Boulder City, Nevada 89005.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Summary Notice No. PE-2008-33]

Petition for Exemption; Summary of Petition Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of petition for exemption received.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of 14 CFR.

The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number involved and must be received on or before August 25, 2008.

ADDRESSES: You may send comments identified by Docket Number FAA-2008-0718 using any of the following methods:

- *Government-wide rulemaking Web site:* Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.

- *Mail:* Send comments to the Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590.

- *Fax:* Fax comments to the Docket Management Facility at 202-493-2251.

- *Hand Delivery:* Bring comments to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy: We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. Using the search function of our docket Web site, anyone can find and read the comments received into any of our dockets, including the name of the individual sending the comment (or signing the comment for an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

Docket: To read background documents or comments received, go to <http://www.regulations.gov> at any time or to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Frances Shaver, (202) 267-9681, or Katrina Holiday, (202) 267-3603, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.
