Kinder Morgan Interstate Gas Transmission LLC; Notice of Filing

July 28, 2008.

Take notice that on July 25, 2008, Kinder Morgan Interstate Gas Transmission LLC (Kinder Morgan) whose mailing address is P.O. Box 281304, Lakewood, Colorado 80228-8304, filed an application, pursuant to Section 7(c) of the Natural Gas Act (NGA), and Part 157 of the Commission’s Rules and Regulations, requesting authorization to revise initial incremental transportation rates on its Colorado Lateral Expansion Project in Weld County, Colorado (Project). The application is on file with the Commission and open for public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866)208-3676, or for TTY, contact (202) 502-8659.

Kinder Morgan requests the Commission’s authorization to revise its firm and interruptible incremental transportation rates for the Project approved in the February 21, 2007, order. The amendment reflects an increase of \$5,785,659 in the total estimated jurisdictional costs to construct the proposed facilities, from \$23,549,557 to \$29,335,216. The increased costs are primarily due to higher costs than originally anticipated

for materials, labor, engineering and land acquisition.

Any questions regarding the application are to be directed to Robert F. Harrington, Vice President, Regulatory, Kinder Morgan Interstate Gas Transmission LLC, 370 Van Gordon Street, Lakewood, Colorado 80228–8304, phone (303) 763–3258.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Motions to intervene, protests and comments may be filed electronically via the Internet in lieu of paper, see, 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Dominion Cove Point LNG, L.P.; Dominion Transmission, Inc.; Notice of Technical Conference

On July 18, 2008, the United States Court of Appeals for the District of Columbia issued an order¹ vacating the

orders in the underlying proceeding² to the extent that they approve the Cove Point Expansion Project, and remanded the case to the Commission to more fully address whether, consistent with the public interest, the Cove Point Expansion Project can go forward without causing unsafe leakage. While upholding the Commission's analysis that defects in Washington Gas Light Company's (WGL) system caused the gas leaks on WGL's system in Prince George's County, Maryland, the Court found that the Commission's determination that WGL will be able to fix its facilities before the November 2008 in-service was not supported by substantial evidence. The Commission staff has determined that discussing with the parties the issues raised by the Court would assist staff in evaluating these matters.

Accordingly, a Technical Conference will be held at the Commission's offices in Washington, DC, on Wednesday, August 6, 2008, commencing at 10 a.m., in order that the parties and the Commission Staff can discuss whether and when the Cove Point Expansion Project can go forward without causing unsafe leakage consistent with the public interest. Participants at the conference should come prepared to discuss all safety-related concerns, and remedial measures taken or to be taken so that WGL's system can safely accommodate regasified LNG.

As part of this discussion, participants should be prepared to provide information regarding WGL's inability to provide safe and reliable services to its customers as a result of the proposed increased amounts of natural gas from Cove Point's LNG import terminal into Cove Point's pipeline and interconnecting pipelines and delivered to WGL. Also, WGL and Dominion Cove Point, LNG, LP should be prepared to provide information which shows the progress and projected progress that they have made to resolve any such gas quality or safety and reliability issues.
