BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2008-1094; Airspace
Docket No. 08-ASO-18]

**Establishment of Class E Airspace;
Russellville, AL**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Direct final rule; request for
comments.

SUMMARY: This action establishes Class E Airspace at Russellville, AL. Airspace is needed to support new Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedures (SIAPs) that have been developed for Russellville Municipal Airport. As a result, controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain the SIAP and for Instrument Flight Rule (IFR) operations at the airport. The operating status of the airport will change from Visual flight Rules (VFR) to include IFR operations concurrent with the publication of the SIAP. This action enhances the safety and airspace management of Russellville Municipal Airport, Russellville, AL.

DATES: Effective 0901 UTC, March 12, 2009. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments. Comments for inclusion in the Rules Docket must be received on or before January 29, 2009.

ADDRESSES: Send comments on this rule to: U.S. Department of Transportation,

Docket Operations, West Building
Ground Floor, Room W12-140, 1200
New Jersey, SE., Washington, DC
20590-0001; Telephone: 1-800-647-
5527; Fax: 202-493-2251. You must
identify the Docket Number FAA-2008-
1094; Airspace Docket No. 08-ASO-18,
at the beginning of your comments. You
may also submit and review received
comments through the Internet at
<http://www.regulations.gov>.

You may review the public docket
containing the rule, any comments
received, and any final disposition in
person in the Dockets Office (see
ADDRESSES section for address and
phone number) between 9 a.m. and 5
p.m., Monday through Friday, except
Federal Holidays. An informal docket
may also be examined during normal
business hours at the office of the
Eastern Service Center, Federal Aviation
Administration, Room 210, 1701
Columbia Avenue, College Park, Georgia
30337.

FOR FURTHER INFORMATION CONTACT:

Melinda Giddens, Operations Support
Group, Eastern Service Center, Federal
Aviation Administration, P.O. Box
20636, Atlanta, Georgia 30320;
telephone (404) 305-5610.

SUPPLEMENTARY INFORMATION:

The Direct Final Rule Procedure

The FAA anticipates that this
regulation will not result in adverse or
negative comments, and, therefore,
issues it as a direct final rule. The FAA
has determined that this rule only
involves an established body of
technical regulations for which frequent
and routine amendments are necessary
to keep them operationally current.
Unless a written adverse or negative
comment or a written notice of intent to
submit an adverse or negative comment
is received within the comment period,
the regulation will become effective on
the date specified above. After the close
of the comment period, the FAA will
publish a document in the **Federal
Register** indicating that no adverse or
negative comments were received and
confirming the effective date. If the FAA
receives, within the comment period, an
adverse or negative comment, or written
notice of intent to submit such a
comment, a document withdrawing the
direct final rule will be published in the
Federal Register, and a notice of
proposed rulemaking may be published
with a new comment period.

Comments Invited

Although this action is in the form of
a direct final rule, and was not preceded
by a notice of proposed rulemaking,
interested persons are invited to

comment on this rule by submitting
such written data, views, or arguments
as they may desire. An electronic copy
of this document may be downloaded
from and comments may be submitted
and reviewed at <http://www.regulations.gov>. Recently
published rulemaking documents can
also be accessed through the FAA's Web
page at http://www.faa.gov/airports/airtraffic/air_traffic/publications/airspace_amendments.
Communications should identify both
docket numbers and be submitted in
triplicate to the address specified under
the caption **ADDRESSES** above or through
the Web site. All communications
received on or before the closing date
for comments will be considered, and
this rule may be amended or withdrawn
in light of the comments received.

Comments are specifically invited on
the overall regulatory, economic,
environmental, and energy aspects of
the rule that might suggest a need to
modify the rule. Factual information
that supports the commenter's idea and
suggestions is extremely helpful in
evaluating the effectiveness of this
action and determining whether
additional rulemaking action would be
needed. All comments submitted will be
available, both before and after the
closing date for comments, in the Rules
Docket for examination by interested
persons. Those wishing the FAA to
acknowledge receipt of their comments
submitted in response to this rule must
submit a self-addressed, stamped
postcard on which the following
statement is made: "Comments to
Docket No. FAA-2008-1094; Airspace
Docket No. 08-ASO-18." The postcard
will be date stamped and returned to the
commenter.

The Rule

This amendment to Title 14, Code of
Federal Regulations (14 CFR) part 71
establishes Class E airspace at
Russellville, AL, to provide controlled
airspace required to support the
Approach Procedures (SIAPs) that have
been developed for Russellville
Municipal Airport. Designations for
Class E airspace areas extending upward
from 700 feet or more above the surface
of the earth are published in FAA Order
7400.9S, dated October 3, 2008, and
effective October 31, 2008, which is
incorporated by reference in 14 CFR
part 71.1. The Class E designations
listed in this document will be
published subsequently in the Order.

Agency Findings

The regulations adopted herein will
not have substantial direct effects on the
States, on the relationship between the

national government and the States, or on the distribution of power and responsibilities among various levels of government. Therefore, it is determined that this direct final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes Class E airspace at Russellville, AL.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9S, Airspace Designations and Reporting Points, signed October 3, 2008, effective October 31, 2008, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ASO AL E5 Russellville, AL [NEW]

Russellville Municipal Airport, AL
(Lat. 34°26'42" N., long. 87°42'42" W.)

That airspace extending upward from 700 feet above the surface of the Earth within a 6.5-mile radius of the Russellville Municipal Airport.

RIN 0694–AE49

Export Administration Regulations: Authority Citations Updates and Technical Corrections

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: This rule revises the authority citation paragraphs for 14 parts of the Export Administration Regulations to include citations to the most recent presidential notices that extend authority for those parts or to remove an outdated citation or both. This rule also updates addresses, telephone numbers, procedures and a definition, removes some potentially confusing language, makes a necessary conforming change to one Export Control Classification Number (ECCN) and restores some language that was dropped during a Code of Federal Regulations compilation. BIS is making these changes to clarify the regulations and to

provide accurate authority citations for the Code of Federal Regulations edition that is to be compiled as of January 1, 2009.

DATES: This rule is effective December 15, 2008.

FOR FURTHER INFORMATION CONTACT: William H. Arvin, Regulatory Policy Division, e-mail warvin@bis.doc.gov, telephone 202–482–2440.

SUPPLEMENTARY INFORMATION:

Background

This rule updates authority citation paragraphs and makes technical clarifications and revisions to the Export Administration Regulations as more fully described below.

Authority Citation Updates

Since 2001, the authority citations for all parts of the Export Administration Regulations except part 745 have changed annually as successive presidential notices have extended the emergency declared in Executive Order 13222 of August 17, 2001 (which continued the Export Administration Act (EAA) and the EAR in force upon expiration of the EAA). Most recently the notice of July 23, 2008 (73 FR 43603, July 25, 2008) extended this emergency until August 17, 2009. In addition, the authority citations for parts 730, 734, 736, 742, 744 and 745 of the EAR have changed annually as successive presidential notices have extended the emergency declared in Executive Order 12938—Proliferation of Weapons of Mass Destruction. Most recently the notice of November 10, 2008 (73 FR 67097, November 12, 2008) extended this emergency until November 14, 2009. This rule updates the authority citations paragraphs for parts 730, 734, 736, 742, 743, 745, 747, 754, 758, 764, 766, and 768 of the EAR to reflect the most recent applicable authority citations because authority citation paragraphs for those parts have not been updated by other EAR amendments. This rule also revises the authority citation paragraph for parts 740, 754 and 772 to remove one outdated citation. These revisions are needed so that the annual compilation of Title 15 of the Code of Federal Regulations as of January 1, 2009 will reflect current authority citations for all EAR parts.

Updated Address and Telephone Information

This rule updates the BIS office address and telephone number information in § 730.8(c).
