

submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2008-1073; Airspace Docket No. 08-AEA-28." The postcard will be date stamped and returned to the commenter.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 revises Class E Airspace at Summerville, WV by modifying the Summerville Class E airspace to provide adequate Class E airspace for IFR operations at Summerville, WV. The Nicholas NDB has been decommissioned and in reviewing the legal description at Summerville Airport, the FAA determined that the Class E5 airspace should be redefined in order to provide adequate controlled airspace for aircraft executing Instrument Approach Procedures to Summerville Airport. Designations for Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in FAA Order 7400.9S, signed October 3, 2008 and effective October 31, 2008, which is incorporated by reference in 14 CFR part 71.1. The Class E designations listed in this document will be published subsequently in the Order.

Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among various levels of government. Therefore, it is determined that this Final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies controlled airspace at Summerville, WV.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9S, Airspace Designations and Reporting Points, signed October 3, 2008, effective October 31, 2008, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AEA WV E5 Summerville, WV [REVISED]

Summerville Airport, WV
(Lat. 38°13'54"N., long. 80°52'15" W.)

That airspace extending upward from 700 feet above the surface within a 6.3-mile radius of the Summerville Airport (SXL) and within 2 miles each side of the 037° bearing from the Summerville Airport extending from the 6.3-mile radius to 11.3 miles northeast of the airport and within 1.8 miles each side of the 217° bearing from the Summerville Airport extending from the 6.3 mile radius to 8.5 miles southwest of the Summerville Airport.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2008-1168; Airspace Docket No. 08-ASO-19]

Establishment of Class E Airspace; Clewiston, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action establishes Class E Airspace at Clewiston, FL. Airspace is needed to support new Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedures (SIAPs) that have been developed for Airglades Airport. As a result, controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain the SIAP and for Instrument Flight Rule (IFR) operations at the airport. The operating status of the airport will change from Visual Flight Rules (VFR) to include IFR operations concurrent with the publication of the SIAP. This action enhances the safety and airspace management of Airglades Airport, Clewiston, FL.

DATES: Effective 0901 UTC, March 12, 2009. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments. Comments for inclusion in the Rules Docket must be received on or before January 29, 2009.

ADDRESSES: Send comments on this rule to: U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001; *Telephone:* 1-800-647-5527; *Fax:* 202-493-2251. You must identify the Docket Number FAA-2008-1168; Airspace Docket No. 08-ASO-19, at the beginning of your comments. You may also submit and review received comments through the Internet at <http://www.regulations.gov>.

You may review the public docket containing the rule, any comments received, and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Eastern Service Center, Federal Aviation Administration, Room 210, 1701 Columbia Avenue, College Park, Georgia 30337.

Melinda Giddens, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5610.

SUPPLEMENTARY INFORMATION:

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comments, and, therefore, issues it as a direct final rule. The FAA has determined that this rule only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Unless a written adverse or negative comment or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the effective date. If the FAA receives, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a direct final rule, and was not preceded by a notice of proposed rulemaking, interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. An electronic copy of this document may be downloaded from and comments may be submitted and reviewed at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at http://www.faa.gov/airports_airtraffic/air_traffic/

publications/airspace amendments. Communications should identify both docket numbers and be submitted in triplicate to the address specified under the caption **ADDRESSES** above or through the Web site. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the rule that might suggest a need to modify the rule. Factual information that supports the commenter's idea and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. Those wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2008-1168; Airspace Docket No. 08-ASO-19." The postcard will be date stamped and returned to the commenter.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 establishes Class E airspace at Clewiston, FL, to provide controlled airspace required to support the Standard Instrument Approach Procedures (SIAPs) that have been developed for Airglades Airport. Designations for Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in FAA Order 7400.9S, signed October 3, 2008, and effective October 31, 2008, which is incorporated by reference in 14 CFR part 71.1. The Class E designations listed in this document will be published subsequently in the Order.

Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among various levels of government. Therefore, it is determined that this direct final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation only involves an established body of technical regulations for which

frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes Class E airspace at Clewiston, FL.

SUPPLEMENTARY INFORMATION:

The Direct Final Rule Procedure

The FAA anticipates that this
regulation will not result in adverse or
negative comments, and, therefore,
issues it as a direct final rule. The FAA
has determined that this rule only
involves an established body of
technical regulations for which frequent
and routine amendments are necessary
to keep them operationally current.
Unless a written adverse or negative
comment or a written notice of intent to
submit an adverse or negative comment
is received within the comment period,
the regulation will become effective on
the date specified above. After the close
of the comment period, the FAA will
publish a document in the **Federal
Register** indicating that no adverse or
negative comments were received and
confirming the effective date. If the FAA
receives, within the comment period, an
adverse or negative comment, or written
notice of intent to submit such a
comment, a document withdrawing the
direct final rule will be published in the
Federal Register, and a notice of
proposed rulemaking may be published
with a new comment period.

Comments Invited

Although this action is in the form of
a direct final rule, and was not preceded
by a notice of proposed rulemaking,
interested persons are invited to

comment on this rule by submitting
such written data, views, or arguments
as they may desire. An electronic copy
of this document may be downloaded
from and comments may be submitted
and reviewed at <http://www.regulations.gov>. Recently
published rulemaking documents can
also be accessed through the FAA's Web
page at http://www.faa.gov/airports/airtraffic/air_traffic/publications/airspace_amendments.
Communications should identify both
docket numbers and be submitted in
triplicate to the address specified under
the caption **ADDRESSES** above or through
the Web site. All communications
received on or before the closing date
for comments will be considered, and
this rule may be amended or withdrawn
in light of the comments received.

Comments are specifically invited on
the overall regulatory, economic,
environmental, and energy aspects of
the rule that might suggest a need to
modify the rule. Factual information
that supports the commenter's idea and
suggestions is extremely helpful in
evaluating the effectiveness of this
action and determining whether
additional rulemaking action would be
needed. All comments submitted will be
available, both before and after the
closing date for comments, in the Rules
Docket for examination by interested
persons. Those wishing the FAA to
acknowledge receipt of their comments
submitted in response to this rule must
submit a self-addressed, stamped
postcard on which the following
statement is made: "Comments to
Docket No. FAA-2008-1094; Airspace
Docket No. 08-ASO-18." The postcard
will be date stamped and returned to the
commenter.

The Rule

This amendment to Title 14, Code of
Federal Regulations (14 CFR) part 71
establishes Class E airspace at
Russellville, AL, to provide controlled
airspace required to support the
Approach Procedures (SIAPs) that have
been developed for Russellville
Municipal Airport. Designations for
Class E airspace areas extending upward
from 700 feet or more above the surface
of the earth are published in FAA Order
7400.9S, dated October 3, 2008, and
effective October 31, 2008, which is
incorporated by reference in 14 CFR
part 71.1. The Class E designations
listed in this document will be
published subsequently in the Order.

Agency Findings

The regulations adopted herein will
not have substantial direct effects on the
States, on the relationship between the
