Act, 16 U.S.C. 1456 (hereinafter,

Appeal).

#### SUPPLEMENTARY INFORMATION:

On June 6, 2008, Broadwater filed  
notice of an appeal with the Secretary  
of Commerce (Secretary) pursuant to  
Section 307 of the Coastal Zone  
Management Act of 1972 (CZMA), 16  
U.S.C. 1456, and NOAA's implementing  
regulations found at 15 CFR Part 930,  
Subpart H. Broadwater appealed an  
objection by the New York State  
Department of State (New York) to  
Broadwater's proposal to construct and  
operate a floating liquefied natural gas  
(LNG) terminal and associated pipeline,  
which would be located in the New  
York waters of Long Island Sound. The  
Secretary published a Notice of Appeal  
in the **Federal Register** on July 7, 2008.

Under the CZMA, the Secretary may  
override New York's objection on the  
grounds that the project is consistent  
with the objectives or purposes of the  
CZMA or otherwise necessary in the  
interest of national security. To make  
the determination that the proposed  
activity is "consistent with the  
objectives or purposes of the CZMA,"  
the Secretary must find that: (1) The  
proposed activity furthers the national  
interest as articulated in sections 302 or  
303 of the CZMA, in a significant or  
substantial manner; (2) the adverse  
effects of the proposed activity do not  
outweigh its contribution to the national  
interest, when those effects are  
considered separately or cumulatively;  
and (3) no reasonable alternative is  
available that would permit the activity  
to be conducted in a manner consistent  
with enforceable policies of the coastal  
management program. 15 CFR 930.121.

The Secretary must close the decision  
record in a federal consistency appeal  
160 days after the Notice of Appeal is  
published in the **Federal Register**. 15  
CFR 930.130(a)(1). However, the CZMA  
authorizes the Secretary to stay closing  
the decision record for up to 60 days  
when the Secretary determines it  
necessary to receive, on an expedited  
basis, any supplemental information  
specifically requested by the Secretary  
to complete a consistency review or any  
clarifying information submitted by a  
party to the proceeding related to  
information in the consolidated record  
compiled by the lead Federal permitting  
agency. 15 CFR 930.130(a)(2), (3).

After reviewing the Broadwater  
Federal Consistency Appeal decision  
record developed to date, the Secretary  
has decided to solicit supplemental and  
clarifying information. In order to allow  
receipt of this information, the Secretary  
hereby stays closure of the decision

record, currently scheduled to occur on December 15, 2008, until February 13, 2009.

Additional information about the Broadwater Federal Consistency Appeal and the CZMA appeal process is available on the Department of Commerce's CZMA Consistency Appeals Web site at <http://www.ogc.doc.gov/czma.htm>.

**ACTION:** Notice, Request for Comments

**SUMMARY:** This notice describes and seeks comment on the types and depth of testing that the National Telecommunications and Information Administration (NTIA) intends to conduct in Phase I of the Spectrum Sharing Innovation Test-Bed pilot program to assess whether devices employing Dynamic Spectrum Access techniques can share the frequency spectrum with land mobile radio systems.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

One of the recommendations in the Department of Commerce reports for the Presidential Spectrum Policy Initiative directed NTIA, in coordination with the Federal Communications Commission (FCC) and other Federal agencies, to establish a Spectrum Sharing Innovation Test-Bed (Test-Bed) pilot program to examine the feasibility of increased sharing between Federal and non-Federal users. This pilot program is one of the key elements of the President's 21st Century Spectrum Policy Initiative and is an opportunity for Federal agencies to work cooperatively with industry, researchers, and academia to objectively evaluate new technologies that can improve management of the nation's airwaves.

On February 5, 2008, NTIA published a Notice in the **Federal Register** describing the Test-Bed pilot program.<sup>1</sup> Concurrently, the FCC released a Public

<sup>1</sup> Spectrum Sharing Test-Bed, 73 Fed. Reg. 6,710 (NTIA February 5, 2008) (notice of solicitation of participation).
